HOUSE SUSTAINS  
VETO OF BILLGovernor Refused to Sign  
Measure Providing Censor-  
ship of Moving PicturesWith His Veto the Governor  
Submitted Opinion of Atty.  
Gen. Allen

BOSTON, June 4.—Governor Coolidge today vetoed a bill providing for the censorship of motion pictures. With his veto he submitted an opinion by Attorney General Allen that section two, providing for the submission of films to a commissioner, was in conflict with federal authority regulating the interstate movement of films and that section four permitting an appeal was worded in such a way that the right of trial by jury, safeguarded by the constitution, might be taken away.

The house voted 202 to 14 to sustain the governor's veto.

The boxing bill is now before the governor. The legislature is expected to be prorogued tonight.

The boxing bill as finally passed, carries provisions to prevent contests on Sundays and to permit each city and town to decide whether boxing shall be held within its territory.

CONGRESS TO  
FINISH PROGRAMMany Important Measures  
Remain to be Disposed of  
in House and SenateSeveral Senators Question  
Advisability of Repealing  
War Time Laws

WASHINGTON, June 4.—Conference reports on several important measures and a mass of routine legislation remained to be disposed of when the senate and house after long night sessions, reassembled today to finish their program by Saturday when congress will adjourn. Bills passed tonight or tomorrow, leaders pointed out, could not become laws because of delays incident to enrollment and presentation to the president for signature before the adjournment hour.

In the senate which remained in session until after 2 o'clock this morning.

## DISORDERS IN HUNGARY

Public Excited Because of  
Imminent Signing of the  
Peace Treaty

BUDAPEST, June 3.—The public is much excited because of the imminent signing of the peace treaty and some disorders have occurred. There were a few attacks tonight on peaceful citizens by rowdies who cried: "Down with the Jews!" at points apparently selected because of the absence of troops or police. It is feared these attacks portend more serious disorders Friday.

It is rumored that former Premier Stephen Friedrich, who has violently opposed signature of the peace treaty by Hungary, has new plans under cover in connection with his opposition.

Count Albert Apponyi, former head of the Hungarian peace delegation, disavowed today the excited state of public opinion and the recent disorders took an optimistic view, however. He said:

"I am sure conditions will improve. All necessary precautions have been taken to prevent the hot heads from reviling and disavowing the signing of peace."

TO SETTLE WAGE  
CONTROVERSYPresident Names Commission  
to Act on Demands of Hard  
Coal MinersAward to Be Made Within  
60 Days—Will Be Retro-  
active to April 1

WASHINGTON, June 4.—Pres. Wilson today appointed a commission of three men to settle the wage controversy between the anthracite coal miners and operators.

The commission's award is to be made within 60 days if possible and its award as to wages will be retroactive to April 1, the date when the contracts between the miners and operators expired.

The members of the commission are William O. Thompson of Columbus, Ohio; Neal J. Perry of McAdoo, Pa., and William L. Connell of Scranton, Pa.

COAL DEALERS AND  
THE RAILROADS

With local dealers protesting that they are unable to purchase or receive sufficient coal to meet all demands and with no hope of creating a surplus above every day needs and with the railroad officials saying that cars now are being moved along free and easy normal lines, the Lowell coal situation about \$0.50—rather vague—with the consuming public traveling in the shadowland of wondering whether or not there will be coal enough at hand this summer to take care of next winter's supply. For the present, no industry is feeling the pangs of real want.

Just this minute and for the past few days, little or no coal, either hard or soft, has rolled into the city, but the B & M men say this is but a temporary lull, re-occurring at intervals for some time.

Everyone interested in the delivery and sale of coal feels that the situation will show signs of improvement before long. This, they attribute to the release of all Boston & Maine embargoes at the system's gateways on June 1. It was not believed that positive and immediate reaction would be apparent, and such has been the case, but with a few more days in which to allow the matter to adjust itself, it is felt that coal will come through faster and in larger quantities than at any time since last fall.

Up to within about 10 days ago the Lowell yards held a large number of empty coal cars, but all of these are now marked at the mines and the road officials do not anticipate any more hold-ups of this nature. The accumulation here was general throughout the system, due in a large measure to congestion on New York Central lines.

Police and Raiders Clash—  
Explosions Heard for Miles

CAPPAGHWHITE, Munster, Ireland, June 4.—A large number of men armed with bombs and rifles attacked the police barracks here this morning. The police garrison, consisting of two sergeants and eight constables, replied with similar weapons from the roof.

The court house adjoining was set on fire and a fierce battle ensued. The raiders finally withdrew. The bomb explosions were heard in Tipperary, seven miles south of here, from which place police were hurried. The reinforcements encountered some of the raiders on the way, and several were arrested. Sergeant Sullivan was slightly wounded.

## LOWELL'S PAGEANT

Only Fair Weather Needed  
To Insure Success

Only fair weather is needed to assure the unqualified success of the historical pageant to be presented tomorrow afternoon on the South common by a cast of approximately 1500 Lowell men, women and children.

In extent, costumes, the number participating and in general excellence the affair will outrank any similar effort ever made in the city and should be of inestimable interest to thousands of citizens. Practically every outstanding event in the unfolding of Lowell's history—also, with a glimpse of the city's prophetic future—will be portrayed in the pageant, dating as far back as 1620, with the coming of John Eliot to preach to the Indians.

It is hoped that a chorus of 300 or more voices will sing in the prologue, although only about half this number attended a rehearsal held last evening in Memorial hall under the direction of E. G. Hood of Nashua, who consented to lead this feature.

The sloping banks of the common will make an admirable vantage spot to view the pageant, which will take place on the level ground between South street and the pool. The prologue is scheduled to begin at promptly 3 o'clock.

There were 300 in the party and the day's program included a tour of inspection of the Bethlehem steel works at Quincy, the Fore River shipyards and other places of interest. Dinner was served at Paragon park and an excellent program of speechmaking and entertainment carried out. Mr. Murphy says that from practically every side came complaints on the part of street officials over their inability to get materials, but officers of the state department of public works assured the gathering that the freight embargo from which the country is now suffering is soon to be lifted and materials will once more flow in their former easy channels.

# MAINE OZONE GREAT STUFF, SAYS PERSHING

AUGUSTA, Me., June 4.—General Pershing finds touring Maine by automobile so as to visit a large part of it in three days is somewhat strenuous. He remarked, however, after passing his first night in the state as the first official guest in the new executive mansion, that he was feeling fine. "Your Maine ozone is great stuff," he remarked to Governor Milliken who is accompanying him with members of the executive council and his staff. Today's itinerary included visits to Framingham, Colby college at Waterville and Skowhegan, concluding with an address in Augusta city hall tonight. Plans for tomorrow have been

changed to enable the chief of the American Expeditionary Forces to reach New York on Sunday morning. Instead of swinging to Waldoboro and riding up the valley of the Penobscot river, the party will go direct to Bangor from here and down river to Rockland, thence along the coast to Portland, where it is due to arrive at 9.30 p. m. General Pershing planned to visit all of the four colleges, but this change caused the cancellation of his expected call at University of Maine tomorrow. Instead the students will see him at Bangor.

## AUCTION SALE AT THE HOOD FARM

At the auction sale of Jersey cattle on the Hood farm in Tewksbury yesterday Sophie's Ribena, a five year old cow, was sold for \$3500—the record

price for the present year. The purchaser was W. L. Glaffelter of Spring Grove, Pa. Other sales of the day at good prices were: Sophie's Florence, 4-year-old cow, \$3000, to Ed. C. Lasater, Fall River, Mass.; Sophie's Ribena, 5-year-old, to E. C. Lasater for \$2100, Bogal, 30th of Hood farm, year-old bull, to J. M. C. Carey, of Salem, O., for \$1500; Sophie's 15th Son 11th, year-old bull, to William H. Kenan of Lockport, N. Y., for \$1600, and Sophie's 15th Tormentor, year-and-half old bull, sold to A. E. Mooers, Houlton, Me., for \$1450. It all the 11 animals disposed of during the day brought \$53,603, an average of \$755 for each animal. This is slightly less than was realized at the Hood farm auction last year. There was a large attendance at the sale which was held in a ring under a tent beginning at 11 o'clock in the morning. The sale continued through

# OCCUPATION OF TEHERAN BY BOLSHEVSKI DENIED

LONDON, June 4.—Persian officials in London announced today that there was no truth in the reports that the Bolsheviks had occupied Teheran, the Persian capital. An official telegram, dated Thursday, was received today from Teheran and no mention was made in it of any Bolshevik operations from the Caspian sea coast. Prince Firouz Mirza, the Persian foreign minister, who is now in London, later offered further evidence that the reports were untrue by announcing that the shah of Persia had arrived in Teheran yesterday from his visit to Europe and had been welcomed by 200,000 people there.

## PLENTY OF SUGAR High Prices Bring Out Hoarded Supply

BOSTON, June 4.—The fact that there is sufficient sugar on the market to supply immediate needs was announced yesterday by both wholesale and retail dealers. One expert on foodstuffs declared that the present high prices have brought out vast quantities of sugar. This man said that instances of grocers, even in small suburban stores, trying to dispose of lots varying from 5 to 10 pounds were common, at prices ranging from 23 to 28 cents a pound. Housewives are becoming more careful in their buying and are waiting for lower prices, however, he said.

## MEAT PACKING House Delays Legislation Regulating Industry

WASHINGTON, June 4.—The house agriculture committee voted yesterday to postpone action on legislation regulating the meat packing industry until the next session of congress. Six committee members opposed the delay.

## SENATE PASSES POSTAL PAY BILL

WASHINGTON, June 4.—After less than an hour's consideration, the senate last night passed without a record vote the bill providing increased pay for postal employees. Similar action was taken by the house earlier in the day and the measure now goes to conference.

## SCHOOL STRUCK BY LIGHTNING

WOONSOCKET, R. I., June 4.—The tower on the Union Village school was struck by lightning during a storm yesterday, when 150 pupils were at recess in the basement of the building. A panic among them was prevented by the teachers, who marched the children into the school hall. Later, lightning struck a tree directly opposite the schoolhouse, but caused no damage.

## EDITORS' CONVENTION

BOSTON, June 4.—The program for the National Editorial association in annual convention here was divided today between business and pleasure. A business session occupied the delegates this morning, and a harbor excursion as guests of the city of Boston was scheduled for the afternoon. The business session program included as speakers James O'Shaughnessy, managing director of the American Association of Advertising Agencies; C. Price-Green, industrial commissioner, National Railways, Toronto, and Mrs. Edith C. Suscung of Greenville, Tenn.

## MATRIMONIAL

Mr. George W. Pohl and Miss Irene E. Killenby were married yesterday at the home of Mr. and Mrs. Walter Killenby, 11 Stromquist avenue, the officiating clergyman being Rev. N. W. Matthews, pastor of the Gorham Street P.M. church. The couple were attended by Mr. and Mrs. Frank Killenby. Following the ceremony a reception was held and later the couple left on a honeymoon trip to Florida.

## Zachariah-Gunther

Mr. Edward H. Zachariah of Lawrence and Miss Frances L. Gunther of Dracut were married Wednesday at the home of the bride's parents, Mr. and Mrs. Frank H. Gunther, Clyde avenue, Dracut, by Rev. James M. Craig, pastor of the Hillside Congregational church. The bride's maid was Miss Gertrude Zachariah, a sister of the groom, while the best man was Mr. Rodolph Gunther, a brother of the bride. After an extended wedding trip, the couple will make their home in Lawrence.

## McNiff-Smith

One of the prettiest of the early June weddings took place Wednesday evening at 5 o'clock at the immaculate Conception church when Miss Gertrude Bernadette Smith, daughter of Mrs. Margaret Smith of Calvin street, was united in marriage to Mr. William F. McNiff, a veteran of the world war. The double ring ceremony was performed by Rev. Owen P. McQuaid, O.M.I. The best man was Mr. John McNiff, a brother of the bridegroom, and the bridesmaid was Miss Mabel B. Smith, a sister of the bride. The bride was charmingly attired in white pussy willow satin with picture hat to match and carried white roses and lilies of the valley. The bridesmaid wore pink crepe-de-chine and picture hat to match and carried pink roses. Following the ceremony a reception was held at the home of the bride's mother where luncheon was served by Caterer Harvey. Orchestral music was furnished. The bride's gift

to the bridesmaid was a gold wrist band. Following the reception Mr. and Mrs. McNiff left for New York and the best man was a pair of gold cuff on their return will live in High street.

## AUTOMOBILE SHOW ON SOUTH COMMON

Lowell dealers in commercial automobiles participated in an outdoor show yesterday on the Thorndike street side of the South common, in a further effort to arouse interest in shipping by truck as demonstrated a short time ago by the Ship-by-Truck-Good-Roads movement, which brought upwards of 100 trucks to this city for an over-night stop.

Eight exhibitors had cars and accessories on display and from 10 a. m. until evening persons interested in mo-

tor transportation visited the cars and found local dealers well able to meet their every demand along commercial lines.

Mayor Perry D. Thompson visited the exhibit in the afternoon and spoke briefly to the men assembled on the possibilities of the truck for over-the-road hauls.

## WOULD RESULT IN WAR

### Compers Attacks Recommendations of Senate Committee on Mexican Situation

WASHINGTON, June 4.—Samuel Compers, president of the American Federation of Labor, declared in a formal statement last night that war between the United States and Mexico would result from the carrying out of the recommendations of the senate committee which investigated Mexican affairs.

"The report of the senate sub-committee investigating conditions in Mexico under the chairmanship of Senator Albert B. Fall," Mr. Compers said, "amounts to a declaration that unless the government of Mexico re-writes its constitution in accord with the ideas of the American oil and mining interests, the government of the United States will intervene in Mexico."

"The report of Senator Fall's committee demands a number of specified

changes in the Mexican constitution. These changes would be the consummation of what has been long the hopes of the great oil and mining interests, as well as the land and timber interests, which have fomented the bitterness between the people of the United States and of Mexico.

"In some minor particulars, recommendations made by Senator Fall's committee may be acceptable, but the heart of the report can only be described as vicious. The report demands that the Mexican constitution be altered as recommended, the government of the United States send a police force, consisting of the naval and military forces of our government into the republic of Mexico to open and maintain open every line of communication between the city of Mexico and every seaport and border point into Mexico.

"Of course this amounts to policing practically the whole of the country. Those who know Mexico and the Mexican people understand fully that such action would mean war between the two countries.

"The report of Senator Fall's committee, therefore, is a report which recommends a course leading direct to war with Mexico. This has long

been desired by American interests engaged in the exploitation of the natural wealth of Mexico.

"Adoption by the senate of this report, would constitute the adoption of a foreign policy completely at variance with one of the established policies and traditions of our republic. Such a course as is recommended by the report of Senator Fall's committee must be opposed by every justice and freedom loving American and will, beyond question, be unreservedly condemned by the working people of our country and the great masses of our people generally.

"It is difficult to believe that the senate will give serious consideration to a report so out of harmony with the best thought of our time, and so full of the possibilities of dire consequence to our people and our nation as well as to a neighbor republic with which we are at peace.

"The report calls for American aid to Mexico providing Mexico agrees to the terms of the report. This is not an American proposition. It is a Prussian proposition. It must be set aside by the popular opinion and fair judgment of our people."

### VOCATIONAL SCHOOL ANNUAL OUTING

Tools and books at the Lowell Vocational school were laid aside today, the pupils doffed their overalls and the members of the faculty joined with them in their annual outing to the Genoa club in Tyngsboro. The start was made at 8:30 in the morning in autos from the school in Broadway and, trailing over the boulevard, the party reached the grounds about 9 o'clock. The enjoyment for the day included track events and a baseball game. The teachers of the school took an active part in nearly all the sports. During the early part of the afternoon the boys pulled out their lunch boxes and satisfied their hunger and thirst and then, as evening approached, the automobiles were driven Lowellward after an outing which elapsed, perhaps, any of those in the past.

### BATTERY B OFFICERS

A meeting of the officers of the newly organized Battery B, 102nd Field Artillery, was held last night at the state armory. The business included the discussion of plans for the organization of the battery in the future and the obtaining of equipment. Capt. MacFarlane again expressed his opinion that Lowell would be the first city to have a fully equipped battery in this state.

### FESTIVAL OF DANCING AT ASSOCIATE HALL

The first annual kermis, or festival of dancing, by the pupils of Miss L. B. Perrin was held last evening in Associate hall before a large audience of relatives and friends of the talented

young dancers. The program was lengthy and thoroughly enjoyable.

Perhaps the most spectacular feature was the Roman flower dance, in which Miss Madeline Driscoll sustained the solo and Miss Lillian Finnegan and Miss Margaret Ryan assisted. The young women wore Grecian costumes and presented a striking appearance as they tossed rose petals about the stage. In detail the program was as follows:

Collective Bargaining Solves  
Clothing Industry Problem  
in Rochester

ROCHESTER, N. Y., June 4.—Collective bargaining is the method adopted by the clothing industry in Rochester to solve its labor problems. Manufacturers declare that it has been so successful here that the National Industrial Federation of Clothing Manufacturers has been formed to deal with a national organization of the workers. In a time when strikes have been frequent in other industries there has been peace in this industry here, except in one plant which is not a party to the agreement between the employers and workers.

Shoe manufacturers of Rochester have adopted the plan and ended a strike by an agreement similar to that in the clothing trade.

Under these agreements, the strike and lockout are believed to have been eliminated and the open shop prevails. The union relinquished its claim for a closed shop. One of the labor managers, representing the employers, says that the union suffered no loss by doing so but that on the contrary, the number of clothing workers organized has increased from 50 per cent. of the total employed to 90 or 95 per cent.

As the collective bargaining plan operates here, the more general agree-

ments between the workers and employers are made by a local joint board composed of representatives of the clothing manufacturers and the workers. Working conditions are formulated by a labor adjustment board composed of representatives of both sides. Its decisions become the laws of the industry. Appeals can be taken to a court presided over by an impartial judge whose decisions are accepted by both sides as final.

In the shops labor managers represent the employer and chairman the unions. The manufacturers have their price commodities and time study men and the unions retain their local business agents.

The plan had its conception as the result of a threat of the workers to go on strike. In its adoption the manufacturers obtained the advice of Dr. Meyer Jacobstein, of the University of Rochester, who has been teaching methods of service management.

CUT THE COST OF  
FEEDING FAMILY

AUSTIN, Tex., June 4.—Young women students in the home economics department at the University of Texas are learning how to cut the cost of feeding a family. At the beginning the prime thing is to get a meal, but toward the finish of the course the young woman has also to turn out the finished product cheap.

The university expects its young experts to cut about half off the cost of a lunch by switching desserts and leaving off biscuits. Here is a sample

## SPECIAL BLUE SERGE SALE

ARLINGTON MILL SERGE with absolute knowledge of the quality of this blue serge, knowing what I paid for it, knowing what I sold it to you for a year ago, two years ago, yes, and four years hence, I would know I must have pleased you, even if constant demand and duplicate orders didn't prove it to my entire satisfaction. I want you to pass the word around among your friends, tell them exactly what you paid, tell them how the suit wore, tell them exactly how I pleased you.

MY OBJECT is to interest them in this special offer just now for \$27.50. Owing to a temporary lull among the wholesale woolen jobbers the past few weeks, I bought 18 pieces for this store, 20 per cent. less than I paid for it four weeks ago—it is even a better blue and heavier in weight. I don't hesitate to say that not a man in Lowell who has done any shopping this season, even looking in windows, will guess the price under forty after he sees it made and on your back. I don't mind telling you that this serge was never intended for low priced suitings, and it is no secret that there is no concern in Lowell or New England which can sell it anywhere near my price.

I GUARANTEE to put every cent where it counts most—into the clothing itself, no costly plate glass or swell mahogany fixtures, no Oriental rugs, no oil paintings, and no haughty floor-walkers. I carry no charge accounts and don't have to make up any credit losses. I've cut out expense to the bone—and save you \$10 to \$15.

All garments sell under this express stipulation—that the customer be satisfied or no sale. GUARANTEED BLUE SERGE, 11½ oz. in weight, absolutely all wool and fast color. If it fades I'll make you a new suit and you can keep the old one .....

FANCY WOOL CASSIMERES, PLAIN AND NOVELTY COLORS, \$35 VALUES. FORTY GOOD STYLES TO SELECT FROM, MADE TO YOUR ORDER, ANY STYLE, FOR \$25.00.

For 21 cents a plate for four persons (toward the end of the course): Creamed tuna fish on toast, French fried potatoes, apple and celery salad, hot tea, lemon pie.

### EMBATTLED FARMERS FORM FIRST UNION

BY MAX STERN,  
N.E.A. Staff Correspondent  
STOCKTON, Cal., June 4.—Industrial unity has spread to the farmers.

The first real "Farmers' union" to be organized in America is well under way in California, and after less than a year, between 6000 and 7000 actual tillers of the soil have "joined up."

The biggest county unit of the California Farm Owners' and Operators' association, as it is called, has headquarters in this thriving city, the center of possibly the greatest producing area in the world, and from here the movement is spreading out like ripples in a pond. Five other counties

have offices and six more are organizing.

Here are the essential features of the new movement:

A member must be an American citizen or a declarant.

He must be a farmer and get at least 60 per cent. of his income from a farm.

No officer can be an applicant for a political position.

It is self sustaining and self governing.

It is organized on the basis of county units with two directors from every supervisory district and five at large with a central state board of directors composed of the chairman of the county units.

"The farmer never had a chance," said H. S. Richardson, assistant secretary of the San Joaquin county unit.

"The 2500 farmers who belong to our unit have come together out of common need for collective expression.

Not to Be Political

"Labor is organized, finance is organized, and the mercantile industry is organized. The farmers for years have been ground between these great groups. Ours is a movement of defense, not defiance. We just have to be able to meet these groups in a collective way, instead of as individuals."

Among the problems which the new

California union will tackle at once will be, better roads, the protecting of the marketing associations, legislation to prevent these marketing associations from prosecution under the anti-trust laws, opposition to the No-

lan land tax bill, support of the Kenyon bill which protects and encourages co-operative ventures and prevents exploitation of the farmers by the packers, and other general issues as they arise.

The new movement is unique. It is not political like the Non-Partisan league. It is not secret or fraternal like the grange, which takes in anyone whether farmer or not, and also unlike the Farmers' union, as it is confined exclusively to actual producers.

### FRECKLE-FACE

Sun and Wind Bring Out Freckle Spots. How to Remove Easily

Here's a chance, Miss Freckle-Face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Ochine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Ochine as this strength is sold under guarantee of money back if it fails to remove freckles.—Adv.

# ELECTIONS IN IRELAND MAY HAVE A WOMAN

**Sinn Fein-Nationalist Alliance**  
Win in Counties Included  
in Ulster Area

BELFAST, Ireland, June 4.—As a result of county and district council elections, the Sinn Fein-Nationalist alliance has won control in County Tyrone for the first time. In addition it has maintained its hold on County Fermanagh by a majority of 553.

Keenest interest was taken in these elections because both counties are included within the Ulster area outlined in the Irish bill now before the British parliament. Various election tricks were revived, one woman disguising herself and voting as her own mother. Another woman is said to have voted seven times. The feature of the elections generally in northern Ireland was the ascendancy gained by the Sinn Feiners over the followers of Redmond.

## ANNUAL FIELD DAY WAS BIG SUCCESS

The annual field day of the Lowell Commercial college held in conjunction with the business schools of Lawrence and Haverhill was a great success at Canobie Lake park yesterday. In the sports prizes were awarded to the winners. The standing broad jump was won by Mr. Robarge of Lowell; the relay race by Lowell; the uneda contest by Mr. Robarge of Lowell; 50 yard dash by Miss Wood of Lowell; candle race by Miss Russell of Lowell and Miss Sullivan of Lawrence; potato race by Miss Curran of Lowell. After lunch a baseball game was played, Lowell winning the game. A group picture of the three schools was taken. The afternoon was spent in boating, dancing and swimming.

## "JAZZ" STIMULATES QUICKER WORK

BATH, Eng., June 4.—To stimulate quicker work in a laundry here, the proprietor has installed a phonograph which grinds out popular songs and dances while the girls scrub and iron. A marked difference in the amount of work done is said to be noticeable.

# PRESIDENT IN 1944

NEW YORK, June 4.—The millions of American women who expect their political status to be changed by federal amendment to citizenship next November are going to become a power for good in the nation, according to Mrs. John Sherwin Crosby, a delegate to the democratic national convention in San Francisco next June. A woman president of the United States, she says, is "remote but not impossible, say, in 1944."

"The only two things worth while at present," said Mrs. Crosby, "are politics and religion. We all should study both; how to improve our government and make better men and women. When I don't mean any particular creed but the religion of the Gospels, the Ten Commandments and the Sermon on the Mount. The world is money-mad. Religion alone will free it from its selfishness and unrest."

Mrs. Crosby, who has been called "the mother of New York women democrats," a white-haired, dignified matron of more than three score years—she is the widow of a judge—declared the 300 or more women delegates would go to the convention with the determination to nominate a strong man and put through a "constructive program."

"It will be the greatest convention ever held," she said, "because women for the first time will have a voice in it. I expect to see a bitter fight, particularly over the question of majority or unit rule. I can, of course, only speak for myself and what the women may do when they enter the convention will depend largely upon the action they take in the preliminary caucuses." I believe an effort will be made to put a plank in the platform calling for a modification of the Volstead enforcement act and permitting the manufacture and sale of light wines and beer. I believe, however, that everyone should be obedient to law. I oppose anarchy and socialism.

"All American women," she continued, "are sufferers from the prophets. We must fight them and I am sure we have ingenuity enough to devise a way to defeat them and, in other ways, to bring down the cost of living. Inequitable taxation undoubtedly will come in for its share of attention at the San Francisco caucuses."

and the idea of Henry George of stopping speculation in land and relieving both workers and industry from some of their burdens undoubtedly will be advocated by women. The worst profiteer of all is the profiteer in houses and land. The "unearned increment" of land, the rental value, must be taken for public revenue or the people will stagger under their taxes till they drop."

"The woman leader declared that 'with the change in the political status of women next fall' there would come, however, no violent change in governmental affairs. It would take women a long time to become practical politicians, she said, but they would become such eventually. She said the time would come when women would fill the most important offices within the gift of the people, even to a woman president of the United States, supreme court justices and members of congress."

## FOUR NEW CASES OF BUBONIC PLAGUE

VERA CRUZ, June 4.—Four new cases of bubonic plague were discovered here today. Three of the victims were soldiers and the fourth was an aged laundress.

One of the plague patients who was taken to the hospital a few days ago, died today. Two others are reported to be recovering.

Buildings on the municipal dock and several structures nearby were burned today by the authorities in an effort to eliminate possible centers of infection there.

Officials express the hope that supplies to facilitate the fight against the plague which were offered by the United States government early this week will arrive soon from New Orleans.

## TREES TO BE MADE TO GROW SQUARE

CAMBRIDGE, Eng., June 4.—The Cambridgeshire Forestry Association School of Forestry believes that "there is no reason why trees cannot be made to grow square and produce wood of better quality and in greater quantity" if the excessive wood production in certain trees can be controlled. The association believes that this can be done and if so "there will be no more slabs, nor wavy planks."

## AMUSEMENT NOTES

By Theatres' Own Press Agents  
**MERRIMACK SQUARE THEATRE**  
Do you like adventure stories? Remember the thrills you got when you first read "Treasure Island"? How you couldn't put the book down, but feverishly turned page after page, following the climax upon climax, breathlessly until you had finished, and then wished for more? Well, you get the same thrill—or perhaps even more of them—from Maurice Tourneur's production of "Treasure Island," being shown at the Merrimack Square theatre today and tomorrow. A wonderful cast, including Shirley Mason, Charles O'Neil and others, interprets the various roles. The other feature for the week-end at this theatre is "The Tridder," a story of society life, featuring Edith Roberts. The International News, a comedy, a Burton Holmes Travel picture round out the bill.

**THE OWL THEATRE**  
If you miss "Back to God's Country," the James Oliver Curwood First National attraction now playing at the Owl theatre, you're missing something good. Nothing like it has been seen here. The vicious pursuit of the girl, Dolores, by a human jackal, Rydal, and a henchman, over the trackless snow wastes north of '54, and the way Wapi the killer comes through are outstanding features. The animals, the bear cub, the big bear, the porcupine, all moral coddling up to his mistress as she lies in bed reading, the wild cats, seem actually endowed with brains. The way Wapi tears into the enemy dog team on his dash across the barren wastes, and emerges with a shot in his leg and feared from battle is something to take the breath away with its intensity. And the final plunge of the beastly Rydal through the ice of an Arctic lake will make you feel like putting on furs.

The remainder of the bill is in keeping with this big film, and is a show that should not be missed. The Owl theatre is as cool as any place in the city.

**R. P. KEITH'S THEATRE**  
A summary sort of a show is on review at the R. P. Keith theatre, this week, with Eight Yassar Girls in front place. This organization is one of the best known of musical ones appearing in public, and the octet may always be relied upon to give a charming mélange of vocal and instrumental numbers. Harriet Moran, of this city, and Hank Brown, have a good comedy and musical offering. Miss Moran's singing being specially well liked. "Bringing Home the Bacon" is the name of a likable comedy played by Leigh DeLacy & Co., and Dotson is a very fast sleeper, who enriches his work with comedy. Other acts are: Billy, phenomenal juggler; Art Sisters, dancers, and Fraser & Hume, comedians.

**THE STRAND**  
Tom Mix was never seen to better advantage as the "daredevil," of the screen, than in "The Cyclone," which is being shown the latter part of the week at The Strand. If you want to see "real reel stunts," then don't miss this feature. Then there is Mary MacLaren in "The Road to Divorce," as well as a good comedy and interesting Weekly. And don't forget that the system of keeping this theatre cool makes it possible to always have the temperature comfortable.

**LETTER CARRIERS' NIGHT**  
The musical revue and concert to be given at The Strand on Monday night

In aid of the Letter Carriers' Night, the off fund should attract a large audience. Besides being for a most worthy cause, the program will be one of genuine merit and fully deserving of a capacious audience. The bill includes numbers by several of the old timers who still retain the ability that made them big favorites in their day. John F. Roane, Jr., Fred Campbell, David Dwyer, David P. Martin and others will be heard, and there will also be several of the present-day favorites. Tickets are now selling for the affair and if you want to know more about it just ask your postman. He knows.

**LAKEVIEW PARK**  
Tonight is favor night at Lakeview park, and, as in the past, the favors will be something entirely novel and suitable. The crowds have never been bigger than this year—the reason—the best of dance music, and good singing by Barney Moran and Billy Moran.

Some merchants keep their thumbs on the scales, and the weight of the transgressor is hard on the pay envelope.

## ARMISTICE CONVENTION

Chief of Turkish National Forces and French Officer Sign Agreement

PARIS, June 4.—An armistice convention with Mustapha Kemal Pasha, chief of the Turkish nationalist forces in Asia Minor, has been signed by Baron Robert de Caix, secretary-general of the French high commission, says Pertinax, political editor of the Echo de Paris. This step, which was taken five days ago, is said to have been necessary because the French are compelled to regroup too widely scattered forces in Syria.

## FINED \$18,000

Credit Firm Found Guilty of Profiteering

ROCHESTER, N. Y., June 4.—The Antwerp Diamond Co., which operates three credit jewelry and clothing stores, was found guilty in the district court here yesterday of a violation of the Lever act by charging unjust and unreasonable prices for clothing and was fined \$18,000.

In the indictment the company is charged with having sold items costing \$21 for \$65; those costing \$25.50 for \$72.50; those costing \$2.50 for \$10, and those at \$30 for \$75. The government's attorneys brought out the fact that the company marked up its merchandise at a profit averaging 150 per cent.

## AUSTRALIAN BISHOP FOR IRISH FREEDOM

ENNISCORRY, Westford, Ireland, June 4.—Archbishop Kelly of Sydney, N. S. W., at a public welcome given in his honor yesterday advocated self-determination for the people of Ireland. The archbishop said that so long as the people in Ireland were united on a practical policy, Australia would be at their back.

## BANK PRESIDENT DEAD

DAMARISCOTTA, Me., June 4.—Joel P. Huston, president of the First National bank and member of the Lincoln county bar, died last night. He was born here 62 years ago, and had been connected with the bank about 55 years.

## THOUSANDS OF BOGUS WHISKEY PERMITS

PITTSBURGH, June 4.—More than 500,000 gallons of whiskey have been withdrawn from bonded warehouses in the Pittsburgh district since Jan. 16 last, with bogus and forged permits, according to an announcement made here today by W. H. Hindman, federal prohibition agent for Pennsylvania. Mr. Hindman stated that cases under suspicion ran into the thousands, and that he was conducting a thorough investigation. Many of the forged permits were

printed outside the government offices, while others were signed in blank and sent out numbered, he said.

## ACTOR FELL TO HIS DEATH

LONDON, June 4.—Clifton Crawford, the actor who was found dead beneath the window of his hotel here yesterday, was killed accidentally by falling from the window while suffering from insomnia, according to the verdict returned today by the coroner's jury.

## FIRST FRIDAY OBSERVANCE

Today was the first Friday of the month and the usual services were held in all the local Catholic churches. Many received communion this morning and the customary holy hour devotions will be carried out this evening.

## TO LIMIT COPIES OF THE CONGRESSIONAL RECORD

WASHINGTON, June 4.—Senator Smoot, chairman of the joint commission on printing, announced in the senate today that because of the shortage of print paper, the circulation of the Congressional Record for the present would be limited and that only enough copies would be printed to supply members of the senate and house. None will be sent to subscribers outside of congress. For the same reason, it had been decided to limit the number of copies of speeches that might be printed for any one senator.

## STEEL FOR THE NEW AUDITORIUM

Steel for the new memorial auditorium in East Merrimack street is beginning to arrive on the site to be held in readiness for future use. Contractor Drapau has practically finished the foundation of Trophy hall, the first of the group of halls which will comprise the auditorium, and today his men were working on the foundations of other sections of the structure.

Elizabeth, the little daughter of H. S. Webb of Belfast, Me., who jumped from the second story of her home without injury, explained that she was sitting with her feet out of the window and when she found she could not get them in, she went out with them.

CHARLEVOIX, Mich., June 4.—Allie Moore is a notable of the lakes. He owns a little three-masted schooner in which, accompanied by his partner and his dog, he combs the beaches of the many small uninhabited islands of northern Lake Michigan for such treasures as wrecks and cargo losses may cast up.

Last fall Allie found a large barrel, full to the brim and marked "Old Crow." He buried it on the beach of Fisherman's Island and spent the winter in dreams of wealth, estimating the value of the barrel at \$5000.

Five times during the terrible winter he harnessed his dog team and, after

an all-day drive, shifted the barrel to a new hiding place.

He brought the barrel into Charlevoix as the ice went out. Then he found a purchaser. They tapped it!

It was filled with delicious dill pickles.

Allie sold barrel and pickles for \$12.50, and had to roll it from the dock to the grocery store for that price.

### PLUNDER GRAVES AND ROB CHURCHES

VIENNA, June 4.—Vandals and robbers have turned from plundering graveyards to robbing churches. Several famous Vienna edifices have been entered recently, among them the historic Mariabild and Rochus churches, and robes and altar vessels of great value have been stolen. The police say there are about 40,000 persons in Vienna who may be classed as criminals.

They report 1405 burglaries in the city in the last 90 days with 965 arrests and the recovery of loot to the value of 69,000,000 crowns.

## AUSTRALIANS PROTEST

Renewal of Anglo-Japanese Alliance Sharply Criticized

by Press

LONDON, June 4.—Renewal of the Anglo-Japanese alliance is being sharply criticized by the Australian press, says a Melbourne despatch to the Exchange Telegraph company. It is suggested that the terms of the alliance should include a proviso which would prevent Great Britain from being dragged into a possible war between China and Japan and newspapers there are insisting upon the right of Australians to control domestic legislation.

## MANY HISTORIC TREES IN THE BAY STATE

BOSTON, June 4.—The part that trees play in the history of a state is shown by an index table of historic trees now standing in Massachusetts. The table, which was prepared for the New England Historic Genealogical society, shows the association of trees with historic events extending through important periods since the days of the Pilgrim fathers.

The most famous is the Washington elm in Cambridge, under which Gen. Washington took command of the little force of patriots that was called the American army. It has been said that the troops could almost be sheltered under the elm's 55-foot spread of branches.

Other trees mark revolutionary incidents and events, with local, state or national significance, as the place where Washington rested, or made an address, or watered his horses; where

## These four Ladies have regained their health and strength by taking RED PILLS for Pale and Weak Women

### Saying a good word for RED PILLS

It is now six years since I took RED PILLS for Pale and Weak Women, and I consider it my duty to praise them highly, for they have helped me so much that I am now strong and well. I eat well, sleep well and in fact cannot complain of anything. Two boxes of RED PILLS relieved me, and fifteen boxes put me in fine health. I now take pleasure in recommending RED PILLS for Pale and Weak Women to my numerous friends.—Mrs. PHILIAS GAMACHE,

2 Coolidge, Lowell, Mass.

### Benefited fifteen years ago; still well

Fifteen years ago I took RED PILLS for Pale and Weak Women. I was so worn-out through overwork that I was completely exhausted and unable to do anything right. Some of my lady-friends who came to see me, were always speaking of RED PILLS and I grew to believe in them so much that I tried them. Only six boxes were necessary to help me, and I will take them again whenever I feel that I need a good tonic to build up my strength.—Mrs. O. FORGET,

138 Aiken Street, Lowell, Mass.

### Left suffering by "La Grippe"

After recovering from a severe attack of "grippe" last fall, my constitution was run-down and in a weakened condition. I was constantly troubled with headaches, backaches, poor digestion, and was getting so weak that I had lost all interest in life. I started to take RED PILLS for Pale and Weak Women, and it was not long before I started to feel stronger and better in many ways. In about four or five months my health was completely changed and I was feeling fine.—Mrs. MARY DALY,

363 Pond Street, Woonsocket, R.I.

### Good for the nerves

RED PILLS for Pale and Weak Women have strengthened me, they have calmed my nerves and helped my stomach. I took twenty-four boxes and was made well. I am now able to digest my food easily, I am strong and courageous and life seems brighter to me than ever before. I therefore do not hesitate one minute in recommending RED PILLS for Pale and Weak Women, so that others may have a chance of being benefited by their use, just as I have been.—

Mrs. PIERRE CARDIN,

145 Buttle Street, Woonsocket, R.I.

### RED PILLS are for Women only

They are always sold in boxes of fifty pills, 50 cents box, 6 boxes for \$2.50. See that the name of the "FRANCO-AMERICAN CHEMICAL COMPANY LIMITED" is on every box.

Lafayette stopped during his campaign in the patriot cause; where revolutionists had their rendezvous; where the minute men trained or took stand in actions against the British.

The Boxford elm, a revolutionary meeting place, was the scene also of the signing of an important treaty in the days of the Indian wars, and under the Elliot oak at South Natick, John Elliot spread his gospel to the Indians. Famous speeches on abolition by the orators of the time were made among the trees at Island Grove in North Abington from 1846 through the Civil war.

A buttonwood tree at Charlemon, with a spread of 55 feet, is preserved as place where the first settlers found the place where the first settlers found field elm was the camping place of the founder of that town, and the scene of the town meetings, long afterwards. The Paxton elm marks the centre of the state.

The Oakham oak gave that town its name and was a model for its town seal, and the Avery oak at Dedham, also the model for the town seal, served as the site of the town's first religious meeting.

The oldest tree in the index is the Endicott pear tree at Danversport, planted by John Endicott in 1630. The greatest is the Ruggs elm at Framingham, with a spread of 145 feet. The famous "Great Elm" of Boston's earliest days is no more, but an offshoot is recognized as Old Elm's descendant. The ancient oaks, made famous in Longfellow's "Tale of a Wayside Inn," Hawthorne's grove at Concord, favor-

its walk of the author, Louisa May Alcott's elms, also at Concord, and Oliver Wendell Holmes' pine at Pittsfield, all are treasured for the associations with those who named them.

### POSTAL EMPLOYEES ARE NOT SATISFIED

Though acceptance of the wage increases recommended by the postal wage commission was voted, strong protest, indignation and disappointment were expressed at a meeting of the local postoffice clerks and carriers held yesterday afternoon. The two organizations of employees have agreed that the final recommendation of the wage commission is in opposition to

its original purpose and claim that it designates a very noticeable change of attitude. From the beginning of the agitation for increases for postal workers, members of the government and the wage commission promised substantial advances in pay, but, as the employees say, that idea has been abandoned.

At a meeting yesterday the following analysis of the commission's report was offered: At the present time the maximum salary of clerks and carriers is \$1650 per year, and under the new plan it will become \$1800 per year, thus showing an increase of \$150. From this total, however, there is to be deducted an annual assessment of \$45 for the contributory retirement

fund, leaving an increase of \$105 per year.

In corroboration of their claims the men have stated that government statisticians have proven that \$2105 per year is the minimum wage upon which a man, wife and two children can live with American standards.

In view of this proof the employees ask, how they can live on pay which includes an increase of only 23 cents a day and support their families and send their children to school as befits American citizens.

By a vote of the men, telegrams of protest are to be sent to Senators Lodge and Walsh and Congressman Rogers, asking them to urge, at least, a temporary bonus. To the press and the public for support of their claims, the men voted thanks.

## TO QUERY CANDIDATES

Chairman of Prohibition  
Committee to Ask Republi-  
cans Views on Amendment

CHICAGO, June 4.—Virgil G. Hinshaw, chairman of the prohibition national committee, yesterday drew up two questions for presentation to the republican presidential candidates and said he was going to their headquarters to ask an answer in person of each candidate or his representative. The questions were: "Do you believe in the 18th amendment as interpreted by the Volstead act, which act as you understand interprets intoxicating liquors to be anything containing more than one-half of one per cent. of alcohol?"

"Do you favor your party adopting a plank in its national platform endorsing the 18th amendment and its enforcement as interpreted by the Volstead act or some measure equally effective?"

**RECORD APPLE CROP**  
WINCHESTER, Va., June 3.—A record apple crop is indicated in the Shenandoah-Cumberland district, extending 215 miles from Staunton, Va., to Harrisburg, Pa., which has approximately 3,000,000 bearing trees. Weather conditions during the winter and spring were more favorable than in several years say expert growers. No damage from frost has been reported and the blooms have set well. The district, according to federal horticulturists, is one of the most important apple producing sections of the country.

**BRAZIL TO FOLLOW THE UNITED STATES IN ASSISTING GERMAN AND AUSTRIAN PEOPLE**

RIO DE JANEIRO, June 1.—The minister of agriculture has sent to the governors of the various states a circular letter requesting that they re-

spond to the appeal of the people of the former central powers to the Brazilian people for food supplies. A commission for the relief of Germany and Austria has been organized in this city with representatives in all the states of Brazil.

The Correlato da Manha calls attention to what it terms the humanitarian attitude of the United States in assisting the German and Austrian people without thought of race or politics, and adds:

"The philanthropic spirit of the North Americans has opened the way for the rest of free and generous America, and Brazil will take a leading part in this humanitarian work."

**M.T. PLACES TAX ON SCHOLASTIC FAILURES—RULE AROUSES PROTEST**

BOSTON, June 4.—Massachusetts In-

stitute of Technology has placed a tax on scholastic failures. Hereafter students who fail or show a deficiency in a study must pay \$5 for each shortcoming. The rule has aroused protest from the undergraduates, who are supported by some members of the faculty.

Leonard M. Passano, professor of mathematics, taking the side of the students, wrote a formal communication to the executive committee in which he argued that professor and student are jointly involved in such failures. He suggested that instructors be fined with students for each failure in their classes. If this rule is to hold.

## BORELLA'S CLOWN BAND LAUGH CREATOR

Art. Borella's clown band is one of the many mirth-evoking features of the Sells-Floto circus. Every one of the score or more merry drolls in the band is a capable musician, and for

this reason they are able to maintain a certain recognizable melody while simultaneously playing the most ear-torturing discords. The clown band is always a big laugh.

The Sells-Floto circus, it is announced, makes a special feature of its clowns this season. There are about 50 clowns in the joyously irresponsible company of laugh-provokers, and they are led by a triumvirate of Grimaldis, who have achieved distinction in this characteristic kind of

comedy. Marcelina, who became famous as the highest priced clown in the world at the New York Hippodrome, introduces his peculiar kind of funmaking at frequent intervals and Art. Borella, in addition to his clown band, offers several exceptionally clever clown stunts. The third of the trio, who is known as Loretta, the "Krazy Klown Kop," scarcely leaves the arena during the entire performance. There is hardly an act of importance that escapes his clever burlesque, and he is credited with being responsible for some of the biggest laughs in the show.

A new and pretty spectacular entree, three herds of elephants, trained and presented by three pretty girls; an aerial butterfly ballet, in which a dozen pretty and shapely girls perform surprising mid-air feats while suspended by their teeth; the Codons and Nelson troupes of diving folks; the French LeGros, astonishing acrobatic contortionists; the Rooneys, Hobsons, Hordis and Mrs. Cottrell-Powell, riders of rare cleverness, and many other features are promised for the big show, including the famous Riding Hanebords. The date in Lowell is next Thursday, June 10. There will be a parade at 10.30.

### HEAD OF WOMEN VOTERS LEAGUE

WASHINGTON, June 4.—Mrs. Maud Wood Park of Boston, chairman of the National League of Women Voters, will arrive in Chicago, June 5, with the various directors of the league, to request a hearing from the republicans at the national convention on June 5. Headquarters will be established at the congress hotel.

Mrs. Park and the directors will go from Chicago to San Francisco to the democratic convention, which opens June 23. They will arrive June 26, with headquarters at the auditorium. En route from Chicago they will hold meetings in every western state, including stops at Omaha, Denver, Cheyenne, Billings, Great Falls, Spokane and Seattle.

### PORTABLE SCHOOLS

SAVANNAH, Ga., June 4.—The board of education of Chatham county, of which Savannah is the county seat, expects to buy a number of portable school houses to meet the congested condition of the public schools. Each will accommodate about 50 pupils and cost about \$1000.

A woman who charged in court that her husband is the meanest man in England said that during the sugar shortage he has kept his personal supply of sugar in a separate bowl, which he has left every morning with a fly in it and with the cover on. If the fly was not there when he came home at night he assumed that somebody had been meddling with his sugar and made an awful fuss.

### Says Every Railroad Man Should Read This

Peterson's Ointment Co., Inc., Buffalo, N. Y. Dear Sir: I was afflicted with what the doctors said were Varicose Ulcers, and up until about five weeks ago I have been treating them for about a year and five months.

With all the treatments that were prescribed to me by several doctors I received little benefit, and they kept spreading and gave me much distress and caused me to quit my work.

I was induced by a brother brakeman to try Peterson's Ointment, and after I had used two boxes I saw wonderful results. You can tell suffering ones troubled with ugly, painful and horrid ulcers that your Ointment is a cure for them when everything else fails, as I have tried about everything. Thanking you many times over I am, your happy friend, Chas. J. Hoyer, Battle Creek, Mich., 42 Glenwood Ave., January 12, 1916.

"I know and dozens of people write me," says Peterson of Buffalo, "that Peterson's Ointment also cures eczema, old sores, salt rheum, piles and all skin diseases, and all druggists sell a big box for 35 cents." Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.—Adv.

# PALMER ATTACKS JUDGE ANDERSON

**Declares Charges Against Department of Justice Agents Are Untrue**

**Denies "Red" Prisoners Subjected to Ill Treatment—Replies in Detail**

BOSTON, June 4.—In a statement issued last night through the Boston office of the department of justice, Attorney Gen. A. Mitchell Palmer charges Judge George W. Anderson of the United States district court with having made untrue and prejudicial statements during the recent communist trials.

Mr. Palmer issued his statement in reply to a publication of the National Popular Government League, which printed charges of a serious nature against the department of justice. The article was signed by Roscoe Pound, dean of the Harvard Law School, and 11 of his colleagues, including Prof. Frankfurter and Charles, who defended some of the communists; Tyrrell Williams, St. Louis, dean of the law school of Washington University; Frank P. Walsh, New York; David Walterstein, Philadelphia; Jackson H. Johnston, Washington; former Judge Alfred Sales, Baltimore; Francis Fisher Kane, Philadelphia; Swinburn Hale, New York; Ernest Freund, Chicago, and H. G. Brown, Memphis, Tenn.

## Denial by Palmer

"It is unfortunate," Mr. Palmer says in his reply, "that I am compelled to criticize the statements or action of a justice on the bench, but when such statements as these are made in the spirit which is too evident from their wording and in addition are not true, I insist the truth be stated."

The comment made by Judge Anderson from the bench during the recent Red trials that the government owned and operated at least a part of the communist party, is answered by Mr. Palmer, who says: "His statements to the effect that the government owns and operates some part of the communist party are without foundation in any manner, shape or form, so far as they may refer to the department of justice."

The attorney general's reply is made to statements in the National Popular Government League's attack on the methods of the department of justice, in which they demanded answers to several charges.

## Serious Charges Made

These charges included: Lawlessness, cruelty and persecution on the part of officials of the department of justice.

Wholesale arrest and imprisonment of men and women without warrants, and illegal searches and seizures, in violation of the constitution.

Forgery by agents of the department to make cases against innocent persons caught in illegal raids.

Criminal theft of money, watches, jewelry and other personal property from victims of raids by agents of the department.

Cruel and unusual punishment visited upon prisoners taken into custody with and without warrants, in violation of the constitution.

Use of government funds in violation of the law to spread newspaper propaganda favorable to a campaign of repression and to buy "bolter plates" distributed free to country newspapers to create popular opinion favorable to acts of the department.

Compulsion of witnesses to testify against themselves in violation of the constitution.

Filthy conditions of confinement, and refusal to let prisoners communicate with friends or lawyers.

Mr. Palmer's statement will be incorporated into a report on the Post charges now being considered by the senate committee on rules.

## Comments on Colyer Case

In reference to the Colyer case, the attorney general says:

"This portion of the publication is grossly unfair and the facts are distorted. Not only are the methods of the department attacked, but also the type of men in the service and their Americanism. Here I might add that the Boston division of the department is under the supervision of university-trained men—attorneys; and the men in the smaller cities in the division, not only in charge of the office, but members of the staff, are university graduates and some of them attorneys of long standing. The criticisms of Judge Anderson as published on page 45 are not interesting because at the time they were not material to the case and certainly cannot be established in fact.

"Concerning the suffering of the families, the Boston office immediately instituted an investigation into the financial condition of the families and advised the proper charitable authorities. In numerous cases the aliens, after being released, stated they had been fairly treated and that the agents of the department of justice had given them every possible consideration.

"On page 45, reference is made to the testimony of one Ivan T. Hrynychuk, which incidentally is not a typical case at all. As soon as a complete list of names of persons who were not identified with the warrants was made up, telegraphic request was made by the Boston office to the department at Washington for the issuance of the warrants by telegraph and at the same time a similar list and similar request was made on the immigration authorities at Boston, to permit them to take up the matter with their own department direct.

## Warrants "Where Practicable"

"Regarding searches and seizures, in every instance where practicable, search warrants were procured from either city authorities or the United States commissioner. In no instance can it be shown that any person or place was searched over the objection of the individual. Mr. and Mrs. Colyer

admitted at the hearing that they had permitted the search.

"As to handcuffing—this was done only where the guard was insufficient. The instruments used were those at present being used throughout the country and the 'chains' were nothing more than the usual light chain which police run through the cuffs where they have a large number of men to handle.

"I remind you that nowhere in the entire Boston Division is there a single charge of brutality or abuse.

"So far as the criticism of the judges on the use of under-cover agents or informants, I have covered that matter generally in another portion of my reply. His statements to the effect that the government owns and operates some part of the communist party are without foundation in any manner.

shape or form, so far as they may refer to the department of justice.

"His statement on Americanism was addressed directly at a man who is a war veteran, a man who wore the uniform—the badge of honorable distinction, and went away and offered his very life—to prove his Americanism.

"It is unfortunate that I am compelled to criticize the statements or action of a justice on the bench, but when such statements as these are made in the spirit which is too evident from their wording, and in addition are not true, I insist the truth be stated.

## Details Not "Worth While"

"I invite you to read the record in the Colyer case and to consider the many unusual and striking features of the entire affair. How certain of these same 12 prominent attorneys became

identified with the case; such tactics as the opening coaching of a witness on the stand by a person not a witness or party but merely 'interested'; the reasons for the many immaterial, unwarranted and untrue statements—all these I think would be of interest if known.

"I really do not believe it is worth the time to go into detail about the Colyer case as it involves generally those matters which I have covered previously. If you are interested in this particular case I will be glad to have a thorough, complete and carefully true statement of the entire matter prepared for you."

Mr. Palmer then gives a brief resume of seven individual cases in the Boston territory of which he says he has had investigations made, and he states that he will show there has been an unwarranted misconstruction of the real facts in the cases.

The cases referred to are those of Mrs. Stanislaus Vasilweska, secretary of the Chelsea branch of the Communist party; Charles Michaelson; Minnie Federman, a prominent member of the I.W.O., who was taken into custody on a United States immigration warrant; Annie Vailnakan, an active member of the Lithuanian branch of the Communist party; Frank Mack, Ernest Liberman and Oluf L. Root.

city, as well as mayors of other cities of the Bay State system of the Eastern Massachusetts Street Railway company has been forwarded the following letter relative to the coal shortage which the road now faces:

Dear Sir: On account of the extreme gravity of the situation, I take this means of calling your immediate attention to the fact that the public trustees of the Eastern Massachusetts Street Railway company are confronted by a coal crisis, the continuance of which will add more than \$1,000,000 per annum to the cost of operating the Bay State system.

As thousands of people in your community are vitally affected, and will inevitably have heavier burdens to bear as a result of this new and entirely unexpected development, we earnestly urge that you join with us in a vigorous protest to Senators Lodge and Walsh against the exportation of coal from this country.

Handy bidding among foreign bidders now in the coal region has produced an abnormal condition of the fuel profiteering which has resulted in this publicly operated road being obliged to pay \$12.25 per ton for the pre-war price of which was \$4 per ton delivered, and the price only a few weeks ago less than \$4 per ton.

Furthermore, we have been informed that this unprecedented price of \$12.25 per ton will be further increased within a week, when we will be compelled to buy coal at a price which will add more than \$1,000,000 per annum to the cost of operating the Bay State system.

## One Company of National Guardsmen Withdrawn Today—Three Still on Duty

BRISTOL, R. I., June 4.—Industrial conditions having quieted here, one of the four companies of national guardsmen who have been on duty at the plant of the National India Rubber Co. for a week, was withdrawn today. The town is still technically in a state of insurrection, as proclaimed by Governor Beekman after riots last Friday in connection with the strike at the rubber company's plant, but further disturbances in the military forces will be made from day to day, unless violence occurs again, it was announced.

The factories of the company, reopened yesterday after a month's shut down, were opened again today, to a body of workers estimated at about half the normal strength. It was impossible to operate several departments, but the workers who reported were kept at the plant, officials said, in the belief that there would be additions.

The factory management holds the opinion that many persons are remaining away from work through fear of violence, while the strikers hold not only that their ranks are unbroken, but that they have gained strength.

# Congress to Finish Program

WASHINGTON, June 4.—Several members of the senate judiciary committee are said to be inclined to question the advisability of repealing all war time laws, except the Lever food control and the trading with the enemy acts, leaving the fate of the house resolution uncertain. Leaders believed, however, that it could be passed before adjournment Saturday.

The house adopted the repealing resolution almost unanimously yesterday, only three democrats dissenting. House democrats predicted that President Wilson would approve the measure.

Retention of the Lever act was declared necessary to give the government an effective law to curb profiteering in necessities, including food and fuel, while continuation of the trading-with-the-enemy measure, it was said, was necessary to continue regulation of trade with Germany.

# Adjournment Protested

CHICAGO, June 4.—Leaders of 17 unions of railroad employees with a membership of 2,000,000 men last night sent telegrams to President Wilson, Speaker Gillett of the house of representatives and Senator Lodge protesting against the proposed adjournment of congress and urging that it remain in session until some definite action to curb profiteering and reduce the cost of living has been taken.

The telegrams declare that not a single remedial measure touching on these subjects has been passed by congress.

"We call attention to the fact," read the telegrams, "that despite the revelations as to the profiteering scandal, congress has done nothing to check the evil or to punish the evildoers; that the cost of living continues to advance without a single remedial measure having been passed and that there has not been even serious consideration of constructive legislation dealing with the serious problem of industrial unrest."

Adjournment of congress at this time "invites political chaos and business disaster," the telegram says in closing.

The telegrams were signed by the heads of 17 railroad employees' organizations.

At the same time, B. F. Jewell, acting president of the railway shopmen's department, declared that unless the railway labor board promptly grants an increase in wages to the employees

# Church Services at Lakeview

On Sunday next the first services for the summer season will be held in the Catholic chapel at Lakeview with masses at 8.30 and 10 o'clock. The regular choir will be assisted by Mrs. Catherine Sharkey-Garriety and Mr. Thomas Collins, and the organist will be Miss Leona Spellman. Rev. Michael Gilbride, pastor of St. Mary's church in Collinsville, will celebrate the masses.

Rev. Fr. Gilbride is the one who originated the idea of the Lakeview chapel and it has been through his efforts that persons living near the lake during the summer time have had the opportunity of attending mass throughout the season. It is expected that a large number of the campers and many of the visitors will attend the services on Sunday. For those desiring to receive communion, confessions will be heard before each mass at the chapel.

# Would Cut President's Salary

WASHINGTON, June 4.—A bill providing for reduction of the salary of the president of the United States from \$75,000 to \$50,000 a year was introduced yesterday by Senator Smith, democrat, Georgia. Senator Smith also introduced a resolution proposing an amendment to the constitution which would limit the president to one term of six years.

# Matrimonial

Mr. Thomas J. Cummings of this city and Miss Bessie Haslam of West Peterboro, N. H., were married May 31 at All Saints' church by the pastor, Rev. Mr. Clark. The bride who was given away by her father, was attired in dark blue charmuse with blue picture hat and carried a shower bouquet of bridal roses and sweet peas. She was attended by her sister, Mrs. Jeffrey, who wore a brown silver-tone suit and carried pink sweet peas. The best man was Mr. Ben Spafford of Maine. At the close of the ceremony a reception was held at the home of the bride, present at the festivities being guests from Boston, Lowell, Haverhill and Maine. An extended honeymoon trip to the all movement while silk socks cover a happy couple who were the recipients of numerous wedding gifts will make their home at 247 Third street.

# Sullivan-Plynn

Mr. Michael F. Sullivan and Miss Anna M. Flynn were married yesterday afternoon at 5.15 o'clock, the ceremony being performed at St. Peter's rectory by Rev. D. J. Heffernan. The bride was attended by her sister, Miss Mae P. Flynn, while the best man was Mr. Daniel Sullivan of Claremont, N. H. At the close of the ceremony the bridal party repaired to the home of the bride's parents, 35 Abbott street, where a wedding supper was served, followed by a brief reception. The couple left later in the evening on a honeymoon trip to Boston, Atlantic City and Washington and upon their return they will make their home in this city.

Don't expect too much from the over-the-all movement while silk socks cover a multitude of skins.

## IRISH RESOLUTION

WASHINGTON, June 4.—Irish supporters in the house were confronted yesterday with a refusal by Speaker Gillett to grant the floor to any member for the purpose of calling up the resolution expressing sympathy for Ireland because of lack of time.

The resolution had been favorably reported by the foreign affairs committee and had been turned over to Representative Mason, republican, Illinois, who was to handle it on the floor.

Mr. Mason, in a letter to Chairman Porter of the foreign affairs committee, returning the resolution, said the

speaker had informed him that he "nobody else would be recognized" to bring up the resolution.

One of the reasons assigned by the speaker for his action, Mr. Mason said, was that he already had agreed to grant the floor for more business than could be transacted in the few remaining hours of the session.

The house is speeding up business under suspension of the rules and, as a result, the speaker is in absolute control of the situation.

**Appeal to Both Parties**

BOSTON, June 4.—All delegates to the republican and democratic national conventions have been asked to see that the party declarations of principles contain a clause recognizing the right of the people of Ireland to establish a free and independent nation, in conformity with the principles of the Declaration of Independence and

the announcement of President Wilson on entering the world war, that the conflict was to settle once and for all the right of peoples to determine their own form of government.

The request is made in a letter sent to each delegate by the Massachusetts Irish bond drive committee.

**Would Drop Irish Question**

BOSTON, June 4.—A meeting of members of the faculty and students of Harvard university and their friends was held last night in Brattle Hall, Cambridge, under the auspices of the Loyal Coalition for the purpose of preserving the friendly relations of the English-speaking nations, Dr. Charles W. Eliot, and officers of the Loyal Coalition spoke.

A resolution was passed recommending "that members of the house of representatives confine their attention to American problems, and particularly that they avoid by official or unofficial act any interference in the so-called Irish question which is not the proper concern of any department of the government of the United States and least of all that of the house of representatives of the United States."

The resolution was sent to all Massachusetts congressmen and to officers of the government.

## UNITE HUNDREDS OF ARMENIAN FAMILIES

CONSTANTINOPLE, June 4.—Hundreds of Armenian families are being reunited monthly through the efforts of the members of the American committee for relief in the near east, who are scattered throughout the leading cities of Asia Minor with headquarters in this city. In the deportations of the last four years Armenians have been shuttled about before various military movements with the result that nearly every family is searching for news of missing members.

Levon Shamlian, a young Armenian who is now a successful merchant at Halkeshir, recently located his mother and young sister, through an advertisement printed in a local paper by Miss Charles E. Mills of Princeton, N. J., who is directing the American movement to unite Armenian families. Shamlian is preparing a home for them in Halkeshir.

The history of the Shamlian family is typical of the experiences Armenians suffered at the hands of the Turks. They lived in Bitlis, in the far eastern part of Asia Minor. Levon Shamlian and his father were separated from the rest of the family by the Turks, and Levon was forced to go into the Turkish army and has never heard from his father. His grandmother and grandfather were killed. His mother was taken as a servant by Turks. Seranoush was taken as a maid servant by Kurds. The mother and daughter came upon each other unexpectedly in the American refuge at Aintab, both having walked hundreds of miles and suffered hunger and hardship in their search for relatives and safety.

Lists of orphans will also be printed in Armenian papers in America in the hope of finding homes for thousands of homeless children who may have friends of relatives in America. The American committee had nearly 30,000 orphans in the Constantinople district alone, and nearly twice that number in the Beirut area.

Both cable and telegraphic communications ceased about 9 p. m. on May 6. Until May 15 the cable lines were useless. An unreliable line was set up by the government to the American border in the afternoon of May 8, but it was devoted exclusively to military and outgoing business. Nothing was received from the outside world until the cable lines were restored.

Because of numerous relays and other wire troubles, those sending messages from the capital could not learn if their messages reached their destination. The same conditions obtained more or less throughout those parts of the republic distant from the border and the coasts.

Foreign press correspondents filed stories on the national lines, trusting to luck that part of them might see print. As safeguards they left summaries with the military authorities for possible transmission by government wiretaps, filed other summaries with the cable company and still others with travelers leaving in attempts to reach the border.

While no disorders occurred in the capital during the evacuation by the Carranza government and the occupation by the liberal revolutionary forces, nor did public services cease functioning for an instant, the inhabitants of the capital were victims both of inconveniences and profiteers. Food prices increased and change, which has been the bane of everybody since silver began its sensational rise months ago, sold at a 15 per cent. premium.

The Indians who sell produce in the markets demanded metal currency and got it. Many foreigners, fearing a protracted struggle and a food shortage, laid in ample supplies. One American housewife bought 30 chickens which she put to roost in the bathroom of her apartment. She was too excited to heed the advice of the Indian woman who sold the fowl that she should buy ducks.

The spectacle of a city of 1,000,000 inhabitants absolutely cut off from communication with the world for almost nine days was not the least interesting phase of the evacuation by Carranza.

## THE SEAL OF APPROVAL PLACED ON THIS MEDICINE BY TWO GENERATIONS

Merit decides the popularity of a remedy the same as for any other piece of goods. For nearly fifty years Pe-ru-na has held the confidence of the American family. The real goodness of the medicine, its success in the treatment of catarrh and catarrhal conditions has made this possible—nothing else.

## PE-RU-NA FOR EVERYDAY ILLS

Whether the catarrhal inflammation takes the form of a cough and cold or a derangement of the stomach and bowels Pe-ru-na has proved equally good. It regulates the functions of digestion, enriches the blood, aids elimination, tones up the nervous system and thus carries its soothing, healthful influence to the mucous membranes, which line all parts of the body.

Pe-ru-na is a tonic laxative with great power in overcoming catarrhal conditions. Very effective as a body builder after a protracted sickness, an attack of the grip or Spanish influenza.

## EXCITING EPISODES IN MEXICAN REVOLUTION

MEXICO CITY, June 4.—The revolution which overthrew President Carranza and culminated in his death was attended by many interesting or exciting episodes which could not be reported to the outside while the coup was in progress. Some of the discoveries which have followed the installation of new authority in the capital city, too, have been entertaining.

Notable was that revealed by an interim officials of the treasury department who announced they had found evidence of a fraud which had netted somebody an amount estimated at about 1,000,000 pesos. The papers here say that, when the infelicitous (paper money with which the country was flooded during the last previous revolution) were burned, about one-quarter of the amount officially reported to have been destroyed had been previously extracted and sold at the current rate of 10 centavos on the peso. The Carranza government had been taking the old paper money in as a sort of surtax on import duties and other taxes. Later it was supposed to be burned.

While no disorders occurred in the capital during the evacuation by the Carranza government and the occupation by the liberal revolutionary forces, nor did public services cease functioning for an instant, the inhabitants of the capital were victims both of inconveniences and profiteers. Food prices increased and change, which has been the bane of everybody since silver began its sensational rise months ago, sold at a 15 per cent. premium.

## To Make Your Hair Look Naturally Curly

Just apply a little liquid silmerine with a clean tooth brush before doing up the hair and you will have as beautiful curls and waves as you could wish for. They will be perfectly natural in appearance and will last a long time, even in damp or windy weather. The full effect is secured within three hours usually.

A few ounces of liquid silmerine—drug store—will last for weeks, so it is quite economical to use. It also serves as an excellent dressing, giving the hair a delightful gloss. When the hair is combed out it will be as fluffy as though it had just been shampooed.

# Ruth and Eleanor Say You Can Make Swimming a Real Classic Instead of Just a Big Splash

ELEANOR STARTS BREAST STROKE

FINISH OF BREAST STROKE GLIDE

RUTH DOING BACK STROKE

BY JAMES HENLE,  
N.E.A. Staff Special

NEW YORK, June 4.—Concentration is the secret of success in swimming, just as in other endeavors, according to the Misses Eleanor and Ruth Smith, twin 16-year-old swimming marvels.

Just two girls, who prior to 1918 had never done any speed swimming at all—merely "paddled around in the water," as they put it—have shown their heels to most of the women swimmers in the country, defeating with ease persons much older and stronger than they.

If a team of women swimmers is selected for the Olympic games, the Smith twins are almost certain to be members of it.

"Swimming, if one is to be successful, demands the same attention that anything else does," Ruth Smith said to me while her sister nodded assent.

Study Your Strokes

"Your strokes must be studied and

your training must be regular, consistent. In diving you have to figure ahead what you are to do each instant; each moment of the dive must be plotted in advance."

The twins have followed their own program with success. In addition to minor titles, Ruth is the junior national champion in the 100-yard free style and the senior champion in the 150-yard back stroke. Eleanor is the senior champion in the 200-yard breast stroke and 100-yard breast stroke and is the 100-yard metropolitan free-style champion.

## Race Each Other

Both girls are improving constantly. They seldom enter a race in which they do not better their own time for the distance. The first event in which they entered was a handicap affair in Pittsburgh. The twins finished one-two and were sitting on the edge of the pool as their competitors swam in.

They insist they do not know which is speedier. In free-style races one is likely to win one day and the other the next. Ruth, however, has specialized in the back stroke and Eleanor in the breast stroke.

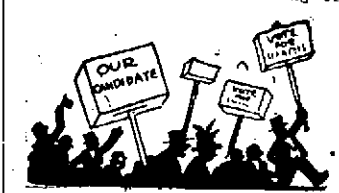

"The best stroke to learn," says Ruth, and Eleanor agrees with her, "is the six-beat trudgeon, which is a variation of the crawl. I believe that in this stroke your body offers less resistance to the water than in any other."

## GEN. APATHY'S HAT IS IN THE RING

BY O. B. JOYFUL

A new candidate is in the field! The New Third Party, being the 15th third party formed this year, is elected.

This means excitement, a wild scramble for office, more coaxing of

delegates, and more treats of ice cream sodas, pop, and ginger ale.

General Apathy has been brought out by his friends. General Apathy is the war candidate. The New Third Party felt the need of a military candidate. Hence General Apathy. General Apathy is not a favorite son. He's a national figure.

Already one delegate from Springfieldville has been instructed for General Apathy, and it is predicted that the delegates-at-large from the state of Somnolence will vote for him.

General Apathy's campaign manager today.—Adv.

made a winning move when he had the general come out flat-footed for the abolishment of alarm clocks. This will garner a large crop of votes from late sleepers.

(Editor's Note: We regret not being able to secure a picture of the general, but you can get a fair-sized idea of him by watching a little boy mowing a lawn on a hot day.)

Hon. Everett True is still the leading candidate, although he isn't still. And the mud-slinging report that he has a still isn't true, either, Mr. True said.

In a statement issued day before yesterday.

By slipping something over on the other candidates by gaining the undivided support of the Amalgamated Dramatic Critics, the Anvil Swingers' Union, and the Hammer Makers' Association.

Mrs. Tom Duff announces that she will oppose the horse-conjured plan of running Hon. Tom Duff for the vice-presidency. Mrs. Duff says she will go after the suffrage void to put Tom across and the whole family into the

## The Family Who Begged—for Dessert

"I'd just like to make some ice cream for dinner tonight," said Mrs. Graham as she and Mrs. Norton sat sewing on the porch one afternoon. "But my ice cream always turns out thin and watery."

"Did you ever try making ice cream with Pudding?" asked Mrs. Norton.

"I think I have tried making it with everything under the sun!" exclaimed Mrs. Graham.

"Pudding makes ice cream smooth and velvety," said Mrs. Norton. "You'll be delighted with it."

"What is it?" said her friend.

"It's a prepared dessert," she answered, "and more. You see, I never had much success with making cornstarch pudding, and one day somebody told me about Pudding. Now we almost live on it."

"Is it hard to make?" inquired Mrs. Graham.

"Oh, no; all you do is to add sugar and milk, either fresh or condensed, and boil three minutes. It always turns out right. I pour mine into a mold, and then when it cools, have a firm, smooth dessert, rich and creamy. And it's so pure and wholesome, I let the children have as much of it as they want."

"What flavor is it?" said her friend.

"Oh, you can get any flavor you like—your favorite—chocolate, vanilla, orange or lemon—and it's so economical. Why, one 15c package will serve 15 people, or you can buy the 10c size."

"But you said something about making ice cream with it," said Mrs. Graham.

"Yes, indeed," answered Mrs. Norton emphatically. "There is the simplest and finest recipe in the Pudding package. And as for pie and cake fillings—well, you'll be delighted with their richness and creaminess."

A few days later the friends met. "My dear," exclaimed Mrs. Graham, "I bought some Pudding and made the most delicious ice cream you ever tasted, and now my family fairly begs for a Pudding dessert for every meal."

White House. Mr. Duff could make no comment, Mrs. Duff being present and in a talking frame of mind.

This injects the question: Will the Duffs lead a bolt from the convention if Tom isn't named?

## BIG SONG FESTIVAL AT OPERA HOUSE

Plans are rapidly nearing completion for the big song festival to be staged next Sunday afternoon and evening at the Opera House by the Crescent Hill association for the benefit of the organization's new clubhouse fund. The soloists will include Miss Emily Gaudette, Miss Beata Gendreau, Mrs. Tobin, Miss Alice Dion, Miss Frances O'Donnell, Francis A. Connor, Edward Donahue, James Manning, John Bagley and Omar Desautel.

A first run photoplay and selections by a nine-piece orchestra under the direction of Leo Betencourt will be other features of the entertainment. Tickets are on sale at various stores throughout the city and may be exchanged now at the box office of the Opera House for reserved seats.

**CONCERT AND DANCE**  
Members of the 101st Ladies' Glee Club will stage a concert and dance in the Talbot memorial hall, 101st Street, this evening. Those who followed the excellent work done by this organization as a connecting link between the Lowell boys of the 101st Regiment and the people who remain at home will undoubtedly attend the evening's affair in large numbers. An excellent program of music, a cool and car service between Billerica and Lowell before and after the dance will be features of the evening's arrangements.

## U. S. TO EQUIP MERCHANT SHIP WITH "EARS"

NEW YORK, June 4.—In olden times when Chinese ship-builders designed and constructed their latest "clawed" craft for war or commercial purposes, prominent and oftentimes ferocious "eyes" were located on either side of the bow.

Today, modern America, now the leading nation in ship construction, is proposing to equip her merchant vessels with "ears," the location of which like the eyes on the Chinese junk are on the ship's bows, but under instead of over the water. While superstition induced the Chinaman to equip his ship so it could "see" its enemies and work its way into a safe port through shoal water, hidden rocks and through crowded waterways, science has designed the "ears" for the same purpose.

With the "destroyer Breckinridge" equipped as a demonstrating ship, 40 or more representatives of leading steamship lines have just had an opportunity to see and test the efficacy of the listening device. It is now a government controlled invention used on fighting ships during the war as a protection against submarines and officially designated by the navy as "The A.V. type Hydrophone." Its object is to disclose in surrounding waters the presence of other craft, to forestall the approach to shoal waters, and apprise the navigator of the vicinity of lightships equipped with submarine bell signaling devices. It is expected also to disclose with remarkable degree of accuracy, the depth of water wherein the ship so equipped is floating.

The apparatus includes 18 hydrophone receivers located in a bank of water in the bow of the vessel so that an equal number is on either side. In the test the sound of the propellers of a steamer five miles distant was heard. The depth of water is ascertained by listening to the noise made by the propellers of the vessel carrying the hydrophone as it is coaxed back from the bottom of the sea. In depth beyond 100 fathoms, however, the hydrophone refuses to record it was explained, but as a majority of collisions occur "near a coast" line and at congested harbor entrances, the inventors and officers of the navy predict that its adoption will remove many of the hazards of navigation now induced by fog.

Dr. H. C. Hayes, formerly of Swarthmore college, said the device had been installed on the transport Von Steuben and on one occasion probably saved the ship from running aground on the Long Island shore during a heavy fog. Dr. Hayes also claims that the invention will enable a mariner to locate icebergs, through the reflecting back to the operator from the submerged portion of a dangerous berg the sound of the operating ships' own propellers.

## TREATMENT OF WOMEN THE DARKEST PHASE OF EGYPTIAN LIFE

LONDON, June 4.—The treatment of women in Egypt is the darkest phase of Egyptian life, says G. N. Barnes, member of parliament, who has recently returned from a tour of that country.

The men in Egypt, said Mr. Barnes, so far as sex relations were concerned, thought themselves the lords of creation. They could divorce their wives at will without whim or reason, and it was not uncommon for a man to have three wives.

"In many houses," continued Mr. Barnes, "I never saw a woman and

you can take it from me that the position of the women in Egypt is absolutely one of servitude and dependence. They spend their lives in miserable hovels, in working in the adjoining fields, or in getting water.

"They are the serfs of the men and as much beasts of burden as the key and the camel. A people which uses women folk in that way are destined to be a subject race and do not deserve to govern."

**MOVIES IN GERMAN CHURCH**  
BERLIN, June 4.—The first divine service with moving pictures in a German church has just taken place at the Zwilling church here. Pictures of the Passion were thrown on the screen, and music by Bach was rendered by the church choir.

## TIMES HAVE CHANGED

Woman at Convention in '80 With Chaperone Goes This Year as One of 'Boys'

NEW YORK, June 4.—Forty years ago Miss Helen Varick Boswell, lawyer and one of the pioneer women republicans of the country, attended the republican national convention with a chaperone. On June 8, Miss Boswell, who is vice chairman of the New York county republican organization and well known as a humorous speaker, Mrs. Florence E. S. Knapp of Syracuse, N. Y., and 20 alternates, none of whom will have chaperones, will attend the republican national gathering in Chicago as the representatives of the women republicans of New York state. They will go, they say, to participate in the proceedings "in the independent spirit which should characterize every voter."

"This is the 16th national republican convention I have attended," declared Miss Boswell, "but it will be the first time I have ever occupied a place among the 'boys' on the convention floor. Women from all over the United States this time are going to be 'in' and not merely 'at' the convention. More than 25 of us are delegates and fully 75 are alternates."

Among the more prominent women delegates from other parts of the country will be Dr. Helen S. Peabody of Sioux Falls, S. D., a delegate-at-large, well known as an educator and lawyer. Another delegate is Mrs. Katherine P. Edison of Los Angeles, who was instrumental in having passed the California welfare laws protecting women and children. She has been a member of the state industrial commission of California and was the first chairman of the republican women's state committee in California after women were enfranchised.

Mrs. John Glover South, delegate-at-large from Kentucky, is chairman of the woman's division of the republican national committee. She is a cousin of Gov. Morrow of Kentucky and a daughter of the late Frank O. Bradley, the first republican governor Kentucky ever had. Kentucky in selecting Mrs. South as a delegate to the convention set the pace for other southern states to follow. Tennessee immediately elected a delegate-at-large and two women as alternates-at-large.

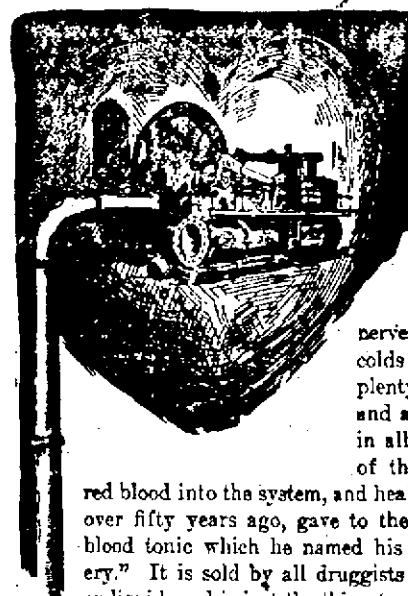

Mrs. Mauley Foxseen of Minneapolis has the honor of having been unanimously elected delegate-at-large from Minnesota by the republicans of that state. She is head of the women's republican organization of Minnesota and has been actively engaged in combating the Non-Partisan league.

## BRAZIL MAKING EXTENSIVE PLANS TO ENTERTAIN THE KING.

**OF THE BELGIANS**  
RIO DE JANEIRO, June 4.—Brazil already is making plans to entertain the king of the Belgians when he takes his projected visit to this country later in the year. The steamer Therapia, one of Brazil's best merchant vessels, will be sent to Antwerp to bring him to Rio. Guaratuba palace, where the royal guests will be housed during their stay here, has been extensively re-committed for a quarter of a century, degraded and re-furnished.

## Your Hard Working Heart

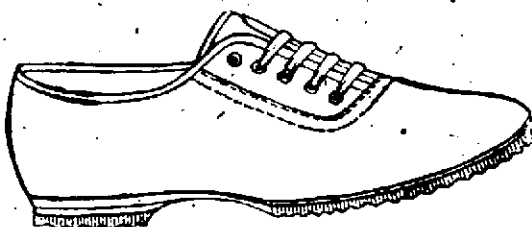

By Lee H. Smith, M. D.

The heart is a wonderful double pump, through the action of which the blood stream is kept sweeping round and round through the body, at the rate of seven miles an hour.

A healthy stomach turns the food we eat into nourishment for the blood stream and the nerves. No one suffers from colds or catarrh who has plenty of red blood corpuscles and a good digestion. Catarrh in all its forms is a stagnation of the blood. Introduce pure red blood into the system, and health is assured. Dr. Pierce, over fifty years ago, gave to the public an alternative and blood tonic which he named his "Golden Medical Discovery." It is sold by all druggists the world over in tablets or liquid, and is just the thing to put the body in the best of condition. It is a tonic, alternative and nerve, which contains no alcohol, and has the ingredients printed on the label. "Golden Medical Discovery" assists the digestive functions, assimilating the food and taking from it what is necessary for feeding the blood. Thus the blood takes on a new vigor and vitality. This corrective remedy nature put in the forest for keeping us healthy. One feels strong, vigorous and full of "pep," instead of weak, nervous and "played out." Send 10c for trial pkg. of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or, send for a free medical booklet on any disease or free medical advice.

PAINTINGS DEPICT LIFE IN SWEDEN

An excellent exhibition of paintings in water color by Swedish artists, depicting home life in Sweden, is now being shown in the main reading room at the city library and well worth the study of those interested in that country or in painting merely for its own sake.  
There are 50 individual paintings in the group, representing the efforts of a score or more artists. Prominent among them are Bruno Liljefors' "The Fox Hunter," "The Eagle and Hare," and "A Black Cock and Hen," all of them notable examples of this artist's ability to portray realistically animal and bird life. Carl Larsson is represented by "The Big Sister" and "The Bride," each admirable studies in feature expression, and Albert Edelfelt in "Mary Magdalene" and "On the Sea" shows great versatility. Other paintings depict various phases of Swedish home life, customs and scenery and are well worth viewing.

# "Redcoat" Brings In Eskimo Killer From the Cold and Barren North

OUANGWAK, THE ESKIMO, AND CAPT. LEIT, FOR WHOM HE HAD KILLED TWO MEN. INSET, SERGT. W. O. DOUGLAS

(N.E.A. Staff Special)  
WINNIPEG, June 4.—The Royal Northwest Mounted Police proudly boast that there is no place in the Canadian northwest, no matter how remote it be from civilization, where law may be violated with impunity.

And today—as backing for that claim—an Eskimo, who killed two of his fellow tribesmen, and an Indian, who murdered his cousin in the barren lands of the north, sit in cells at Dauphin, Manitoba, awaiting trial.

Sergt. W. O. Douglas of the famous scarlet-coated force, who walked and ran with a dog team more than 2000 miles to arrest the Eskimo and take him to the nearest court, and Sergt. E. H. L. Thompson, who traveled 500 miles in the same manner to get the

Indian, have just arrived in Winnipeg.

In Dauphin court-house, where Ouangwak, the Eskimo, and James Wastascot, the Indian, were bound over for trial, the stories of the murders and the long chases came out.

The Eskimo shot his two victims, because he wanted the wife of one of the men. Under the Eskimo code of morals, he could not have her so long as the husband was living.

His second victim was slain as a measure of precaution; he was the husband's brother and, Ouangwak, surmised he would try to avenge the murder.

Ouangwak freely confesses that he shot Angalookquak through the head while he slept and that he killed the brother, Alcumick, by shooting him

through the breast. He is particularly proud of the way in which he cowed the entire tribe.

After the murders, he took Angalookquak's wife to his own igloo and, with rifle in hand, challenged any or all members of the tribe who desired to dispute his possession of the woman or the manner in which he had won her, to step forward and be shot. It made him the hero of the tribe.

The killing occurred last August at Lake Yathkyed, known to the natives as Shokolookquak, about 900 miles straight north of Winnipeg. Sergeant Douglas, who is officer in charge of the mounted police at Fullerton, the farthest north police post on Hudson Bay, received the news in December. Travelers had brought back news of the "Terrible Lover's" killings.

Douglas set out for Lake Yathkyed on Dec. 19, arriving there and making the arrest Feb. 9.

Ouangwak offered no resistance. With his prisoner and the woman, Douglas started for Hudson bay coast. The officer and Ouangwak walked and ran all the way, but Cunett, the heroine of the tragic romance, who weighed 200 pounds, had to be hauled on the dog sled.

"I had to take her to relatives at Churchill," Douglas explained. "She would have died at the camp. It is the Eskimo custom to allow widows and others, who have no one to look after them, to starve."

Douglas and the Eskimo then went down the coast of the bay in 25 days, facing a blizzard most of the way and frequently freezing their faces, feet

and hands. It was often 50 degrees below zero.

At Port Nelson, while resting before starting on the last lap of their long journey, they were joined by Sergt. Thompson and the Indian Wastascot, whom he had chased for four days.

According to other Indians, Wastascot had killed his cousin by shooting him in the back, after a quarrel over traps.

Thompson heard the news within two days. The Indian, a lad of 17, had fled into the brush, but his trail through the snow was easy to follow and, like the Eskimo, he made no attempt to resist when the "mountie" walked into camp.

With their prisoners and several Indian witnesses to the Wastascot murder, Douglas and Thompson traveled 500 miles by dog-sled through a raging storm, with the temperature never higher than 40 below zero, to Kettle river, the end of the steel on the Hudson Bay railway.

There they left their dogs and sleds and boarded hand-cars. They finally got a train, the "Muskeg Special" which makes the trip from The Pas to Mile 214 once a week, weather permitting.

When taken to Dauphin the Eskimo June 14,

was overwhelmed by white men's houses, autos and such. He told his captor that he never wanted to return to the barren lands.

Asked whether he would not miss the woman, for whose love he had killed two men, he indicated that he liked the "sklany" white women better; he had never before seen a woman who weighed less than 115 pounds. Both the Eskimo and the Indian will be tried for murder next autumn.

## CHELMSFORD BOY SCOUTS

A largely attended meeting of boy residents of Chelmsford Centre was held last evening in the town hall for the purpose of forming a troop of Boy Scouts. The meeting was addressed by R. I. Ripley, scout executive for Lowell and surrounding towns, who briefly explained all the benefits to be derived from the Boy Scout organization. A great number of the boys present signified their intention of joining the troop and they were supplied with blanks to be signed by their parents. The Chelmsford troop will be in charge of Scout Master Lester F. Alden, who will have as assistants, Paul Swanson and Charles Ellis. The next meeting will be held Monday evening.

## BLAME TINKHAM FOR HIGH PRICE OF SUGAR

WASHINGTON, June 4.—Action of Atty. Gen. Palmer in sanctioning a "fair" price for Louisiana sugar was defended yesterday in a report of minority members of the house sugar investigating committee.

Representatives Whaley, South Carolina, and Summers, Texas, who signed the report, declared Mr. Palmer's action was in line with his duty and criticized Representative Tinkham of Massachusetts, who, they said, "by repeated statements called the attention of house members and the public in general to the scarcity of sugar."

"Ever since that time there has been a continuous rise in the price of sugar," the report reads. "and it is believed that the acts of Mr. Tinkham and the publicity given the sugar situation by him, have had a great effect on the desire of the consuming public to obtain an ample supply of sugar and to protect themselves against the shortage and have been a very potent factor in the rise in the prices of sugar."

## LOUISIANA DELEGATION TO CRATIC CONVENTION WILL BE INSTRUCTED

BATON ROUGE, La., June 4.—Louisiana delegation to the democratic national convention will be instructed as to modification of the Veto act to permit the sale of light and beer and on woman suffrage will vote as the members desire. The presidential nominee, it was said yesterday at a caucus held preliminary to the opening of the state convention.

## COLLAR WORK BY KING WILL KILLED IN BATTLE PRESENTED TO SWEDEN

VIENNA, June 4.—The general's collar worn by Gustavus Adolphus, King of Sweden, when he was killed at the battle of Lutzen in 1632 has been presented to the Scandinavian government by the state in recognition of his services to Austria. The insignia, was taken from his body by soldiers of the Austrian Guard and has been in the Military Museum here.

PAULA MAYER

**THIS CHAMBERMAID  
LIKES HER WORK**

Attention, you girls who are stenographers, bookkeepers, and clerks! Do you think you're any more fortunate than a service girl in a large hotel; that you are, drawing more money; that you are more independent; that you have more opportunity to meet congenial friends?

Well, if you do, you are mistaken; at least in the opinion of Paula Mayer, a little Swiss girl who came to this country three years ago.

Paula is employed on the top floor of a leading hotel in San Francisco and doesn't trade places with 99 out of 100 American girls now working in offices. "They think they're too good to be service girls," said Paula in her perfect English which she learned at night school.

"But, if they only knew what it really is they'd think different. I like my work; it is easy, genteel and interesting. I receive \$15 a month, a fine room in the hotel, all my meals and laundry. In fact, I live as well as the hosts of the hotel."

"Often my tips average \$100 a month, so that at the end of the month I have more than \$125 saved. Are there any office girls who can do that well? I think not."

"Independence! I have as much as anybody. I have my eight hours work to do and when it is finished I am free for the day. I am through work at four in the afternoon and never have to stay over and do extra work as your office girls do. My evenings I have for myself to meet friends, or go to a show."

"The American girls seem to think it is beneath them to do the work I am doing. Why? I am happier than they. I make much, much more money. I don't work any harder. I really can't understand it. Some of these girls trying to live on \$50 a month should try it once. They wouldn't go back to their stuffy offices again."

**Tint Away Gray  
or Faded Hair**

The Safe, Harmless Method by Which Thousands of Women Keep Looking Young

**TRIAL PACKAGE SENT FREE**

There are many hair "dyes" and so-called "restorers," but there is only one "Brownatone" Hair Tint—safe, harmless, instant in results, easy to apply and preferred by every woman who has tried it.

**"Brownatone is My Best Friend."**

This wonderful preparation does not rub or wash off. If you want a delightful surprise, just brush or comb a little "Brownatone" through your gray, streaked, or bleached hair and see it change like magic to golden, soft or deep rich brown, or black—any shade desired—the exact color to set off your complexion.

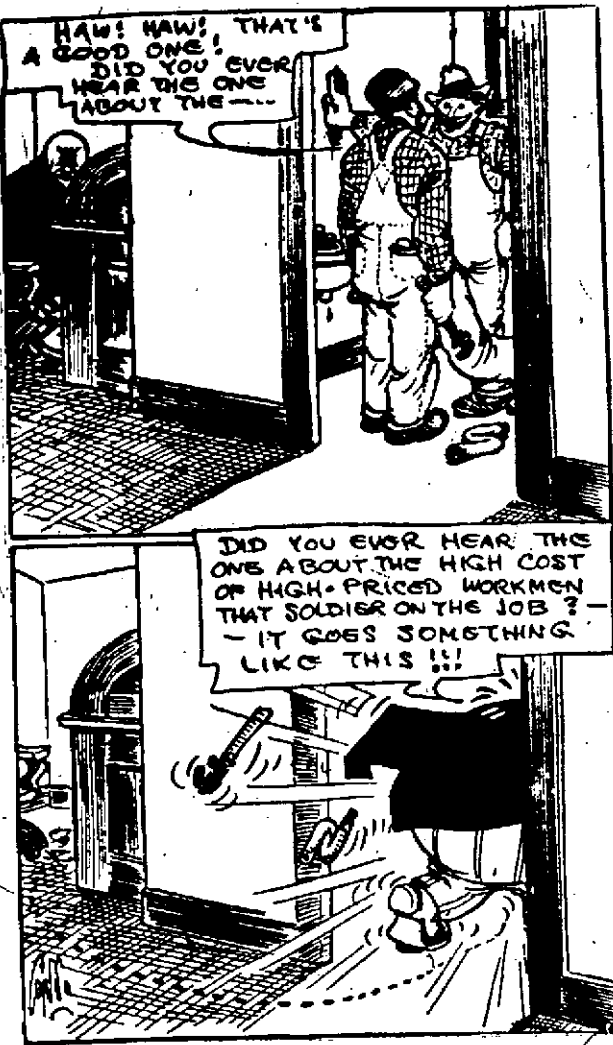

**Absolutely Harmless**

"Brownatone" is not only odorless and greaseless, but is positively non-injurious. We absolutely guarantee it to contain no lead, sulphur, silver, mercury, zinc, aniline, or coal tar products. Used for switches as well as growing hair. Sold by all leading druggists. Two sizes, 50c and \$1.15.

Mrs. Afta A. McKinley

**WOMAN BOOSTER**

**Mrs. McKinley Represents  
Presidential Candidate**

SAN FRANCISCO, June 4.—U.S. Senator Robert L. Owen, "Oklahoma's First Citizen," and descendant of the great Cherokee chieftains, is the first candidate for president to start his boom in San Francisco.

With the arrival of Mrs. Afta A. McKinley, the only woman to act as a representative of a presidential candidate, Owen's boom began last week. Mrs. McKinley boasts of descent from the famous Shoshone tribe. Her first name, Afta, means "Strongheart," and the vivacious little woman organizer certainly lives up to her name. She was born in the Shoshone reservation near Des Moines and her great-grandfather, a noble warrior, was the first "squaw man" of his tribe. Mrs. McKinley was educated abroad, is a talented pianist and an expert motorist, having motored through the southwest alone.

As secretary of the League of the Southwest she led the fight to open eight southwestern states to irrigation from the Colorado river and reclaim 25,000,000 acres of land. Senator Owen and William Jennings Bryan are also leaders in this movement.

In San Francisco Mrs. McKinley is as busy as a bee arranging conferences and seeing democratic leaders concerning Owen's candidacy.

William R. Fox of Philadelphia, standing before the mirror shaving, could see in the glass his touring car at the rear of the house, and had just finished lathering when he saw a man getting into the car. With his face still foamy, Mr. Fox jumped out as the chief was driving the car away, leaped into a small roadster which was standing by, and gave chase, overtook the chap who was running away with his touring car, and then turned him over to a policeman. Then he went home, applied a new supply of lather, and placidly continued his shave.

**Take Aspirin  
With Water**

If your Aspirin tablets have the name "Bayer" stamped on them, they are genuine "Bayer Tablets of Aspirin," proved safe by millions of people. The name "Bayer" identifies the true world-famous Aspirin prescribed by physicians for over eighteen years.

Always drink one or two glasses of water after taking the tablets. Each unbroken "Bayer package" contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, and for Pain.

Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger packages.

Aspirin is trade mark of Bayer Manufacture Monacensiscenter of Salicylicacid

#### LAWRENCE MFG. CO. HAS LEAGUE UNDER WAY

The Lawrence Mfg. Co. baseball league has opened its second season with four teams in the fight for honors. All games will be played on the company's field at Alton street, and a double bill is on the card for tomorrow. The league officers this year are: President, Victor Sherrburn; vice president, Thomas Sanning; secretary, Lisle Bawell; treasurer, Frank Green. A board of directors including Guy L. Hunt, Herbert Bell and Fred Swindell. Probably no textile or manufacturing plant in the city devotes so much attention to the athletic opportunities of its employees as the Lawrence Mfg. Co. Wholly through the company's energy and appreciation of recreation, a splendid athletic field has been laid out in Alton street, with a fine baseball diamond and adequate grandstands. It will be remembered that the corporation recently closed a successful bowling season and now all hands have pitched in to make the baseball league collision last year's successes.

TODAY'S YACHT RACE OFF

NEWPORT, R. I., June 4.—Owing to the inability of Recluse to effect complete repairs at her anchorage in this port, the race with Vanitie today was called off and the former was towed to the Herreshoff yard at Bristol. Conditions today for a triangular contest were unusually favorable, and there was considerable regret when the race was finally postponed.

The yachts will sail the triangular course tomorrow as the repairs to Recluse were expected to be completed during the day.

James Anastas of Lowell, a member of the freshman class of Harvard university, was awarded his numerals by the student council and the athletic committee, along with 15 other members of the freshman baseball team. The yearling season came to a triumphant close when Yale was defeated by a score of 10 to 3 for the afternoon round.

James Anastas of Lowell, a member of the freshman class of Harvard university, was awarded his numerals by the student council and the athletic committee, along with 15 other members of the freshman baseball team. The yearling season came to a triumphant close when Yale was defeated by a score of 10 to 3 for the afternoon round.

### WRESTLING BOUTS HERE TONIGHT

The Masked Marvel and Eugene Trembley, champion lightweight wrestler, will meet on the mat at the Crescent rink tonight. If Trembley wins, and he is confident of victory, he will demand that the masked one remove his "black hat" and reveal his identity. He is the unknown man's proposition and Trembley will insist that he carry it out.

In the semi-final, William American will oppose John Jones who has been shooting challenges at each other the past few months, with at last settle the question of superiority. They will have their roots and in the process of winning or losing, some good sport should develop.

Tom Hector of Somerville will meet Jim Pappas of Lowell in the other event. They are a likely pair.

### 316 TRACK MEET AT ANN ARBOR

ANN ARBOR, Mich., June 4.—Track and field athletes, representing 41 universities and colleges, are in Ann Arbor to contest for the western conference Intercollegiate championship today and Saturday. Preliminaries in the field events and in the quarter and half mile runs, are to be held this afternoon, beginning at 2 o'clock in the University of Michigan's stadium on Ferry field. In all events, will be on Saturday.

Entries in the meet, which is the 20th annual western conference championship contest, total more than 400.

### GOING TO THE OLYMPIC GAMES

Word was received at the local navy recruiting station this morning that the U.S.S. Frederick will sail from Newport, R. I., about July 25, 1920, for Antwerp, to be present at the Olympic games. The crew of this vessel will be composed largely of naval reservists. The officers and men from the first naval district will be aboard the U.S.S. Frederick at Newport on July 21 and the cruise will be completed upon the return of the Frederick to the United States about Sept. 25, 1920, at which time all naval reservists will be released from active duty and given passage to their homes. The cruise will count as sea duty for those seeking confirmation and for those confirmed officers and men who are maintaining efficiency. Those who wish to participate in this cruise must send a written request to the commandant of the first naval district. The following is the quota, not to be exceeded, which is allowed to the first naval district:

One lieutenant commander, 1 lieutenant (LDO); 1 lieutenant (EEO); 2 lieutenants (IG) (LDO); 2 ensigns; 12 boatswains' mates or coxswains; 5 gunner's mates (G); 3 gunner's mates (T); 1 turret captain; 3 quartermasters; 10 seamen; 4 electricians; 1 electrician (R); 1 carpenter's mate or shipwright; 1 shipster; 1 storekeeper; 1 painter; 2 chief machinists' mates; 5 machinists' mates; 5 engine men; 5 water tenders; 1 blacksmith; 1 cooper; 10 firemen; 4 yeomen; 1 pharmacist's mate. No chief petty officers are to be accepted for this cruise except as noted above.

Paul Gillespie of 417 Essex street, Lawrence, was enlisted through the local office this morning as an apprentice seaman for a musician.

### MEMBERSHIP MEETING AND DINNER PLANNED

Plans are being formulated for a membership meeting and dinner to be held by the chamber of commerce on the evening of June 22, in Memorial hall for the purpose of bringing the entire membership together at one time and informally present reports of what has been accomplished through various committees; what is in process and whatever may be contemplated for the immediate future.

Dinner probably will be served at 6:30 o'clock, but the time will be definitely announced a little later in a personal letter to each member. Arrangements for a speaker on that evening point toward the securing of a man who has spoken in this city on another occasion and who was heard with a great deal of interest, but as his final acceptance has not yet been received, absolute announcement will be withheld for a day or two.

### ARE YOU GOING DEAF?

Do You Gasp for Breath?

If you suffer with elongated nostrils, discharging nostrils, are going deaf, or have a head noise, or discharging ears, or have a bad throat or bad stomach, or gasp for breath and suffer from these other distressing symptoms of asthma, I will be pleased to have you call at my office. It will cost you nothing for an examination and if you begin treatment this month you will receive eight office treatments for \$5. This includes all diseases of a catarrhal nature, whether the disease be in the eyes, ears, nose, throat, bronchial tubes or sinuses.

IF YOU SUFFER FROM Rheumatism, Skin, Nervous or other so-called incurable diseases, you will have the benefit of my twenty-eight years of experience in the successful treatment of chronic diseases.

# STREET FIGHTING UNAVOIDABLE

Overgrowing  
Excitement  
Marks Election Campaign  
in Germany

The Independent Socialists  
Threaten to Seize Power  
by Violent Means.

LONDON, June 4.—Ever-growing excitement marks the election campaign in Germany which ends June 6. Independent socialists report that at a meeting in Mecklenburg, the conservatives when they could no longer sustain the debate, threatened their opponents with revolvers, and that the independent socialists and their supporters escaped being killed only by the intervention of the majority socialists, according to a Berlin despatch to the Exchange Telegraph company.

Complaint is made to the German ministry of home affairs, the despatch states by the German National Land Union of Hesse that its meetings are systematically broken up, its candidates maltreated and its followers assaulted. Independent socialists are reported to make no secret of the fact that should the election result fail to reach their expectations, they will not submit to the new parliament. Koelliker, the independent socialist leader, declared recently at a meeting in Berlin that in case the new parliament does not show a majority for the radical left, the independent socialists will seize power by violent means. Dammig, another leader of the party, has declared that every member of the organization must understand that street fighting is unavoidable.

"If the elections" he added, "do not give us our right, we will seize it by our might."

## DEATHS

**CUNNINGHAM**—John Cunningham died last night at his home, 21 Fay street, aged 79 years. He was a resident of Lowell for 60 years. He leaves four sons, John R., Samuel S., Fred W., and Walter E. **VENDETTE**—The funeral of Mrs. Andre J. Vendette took place this morning from her home, 501 Lakeview avenue. Solemn high mass of requiem was celebrated at St. Louis' church at 8:30 o'clock by Rev. E. J. Vincent, assisted by Rev. E. J. Vincent and Rev. F. X. Gauthier as deacon and sub-deacon. The choir, under the direction

of Oller J. David, rendered the Gregorian chant. At the offertory "Domine Jesu Christe" was rendered by the choir, while after the elevation of the Host, the choir sang "O Meritum Piuslonis." At the close of the mass Mrs. O. J. David sang Schubert's "Ewigweil." and as the body was being borne from the church the choir sang the "De Profundis." Miss Ida Mongrain presided at the organ. The International Brotherhood of Blacksmiths and helpers of which the husband of deceased is a member, was represented by Gus Greaham, Emilie Normandin, Jules Morizette and Alfred Cote. Burial was in St. Joseph's cemetery, under the direction of Undertakers Amedee Archambault & Sons.

**GAGNON**—The funeral of Joseph Gagnon took place this morning from

the home of his son, Oscar, 25 Ellis court. High mass of requiem was celebrated at St. Joseph's church at 8 o'clock by Rev. Fr. Tuocotte, O.M.I. The choir, under the direction of Tel. appore, also rendered the Gregorian chant. Miss Lena B. Camire presiding at the organ. The bearers were Nelson and Dominique Gagnon of Salem, Joseph Gagnon of Boston and Oscar Gagnon of this city. Burial was in St. Charles cemetery, Salem, under the direction of Undertakers Amedee Archambault & Sons.

**KOWALSKA**—The funeral of Mrs. Teofila Kowalska took place this morning from her home, 45 Front st., and was largely attended by relatives and friends, also a delegation from St. Michael's society. High mass of requiem was celebrated at Holy

Trinity, High street, church at 8 o'clock by Rev. A. Ogonski. There was a profusion of beautiful floral tributes. The bearers were: Peter Kostrowski, Hippolyte, Joseph Lasowski, John Kowalski, Frank Wlodarski, and Andrew Nowa. The burial was in St. Patrick's cemetery, in charge of Undertaker Joseph Gubanski.

**DEANE**—The funeral of William J. Deane took place this morning at 8:30 o'clock from the home of his sister, Mrs. Deane, 1000, 51 Butterfield street, and was largely attended, friends and relatives being in attendance from Springfield and Holyoke, Mass. The cortege proceeded to St. Peter's church, where at 9 o'clock a high mass of requiem was celebrated by Rev. Peter T. Linehan. The choir directed by Mr. James B. Donnelly sang the Gregorian mass, the solos being sustained by Mr. Donnelly and Miss Rynn. Miss Gertrude Quigley presided at the organ. The bearers were Messrs. Daniel Dillon, John Bogan, Joseph Gallagher, James St. Peter, James J. Gallagher and Frank Collins. Interment was in the family lot in St. Patrick's cemetery, where Rev. Fr. Linehan conducted the committal prayers at the grave. Funeral Director James W. McKenna in charge.

**CARR**—The funeral of Charles H. Carr took place this morning at 9:30 o'clock from his home, 89 Quebec street, and was largely attended by his relatives and friends. The cortege proceeded to the Sacred Heart church, where at 10 a solemn high funeral mass was sung by Rev. John P. Wood, O.M.I., as deacon and Rev. John P. Flynn, O.M.I., as sub-deacon. The choir, under the direction of Mr. John Kelly, rendered the Gregorian mass, the solos being sustained by Rev. William Mahan, O.M.I., Mr. Kelly presiding at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. The bearers were brother comrades from Camp Adelbert Ames, Spanish War veterans. At the grave Rev. Fr. Doherty, O.M.I., read the committal prayers at the conclusion of which the ritual of Adelbert Ames camp was performed by Commander Richard Gibbons, assisted by Chaplain Victor Turnquist, Junior Vice Commander James Crowley and Officer of the Day Davis J. Donohoe. The burial squad, under command of Aubrey T. Kittredge, fired the last volley, and taps were rendered by Bugler Frank Rice. The burial was in St. Charles cemetery in charge of Undertakers James F. O'Donnell & Sons.

This talk about the dignity of labor is all very well, but it is hard to be dignified while hoofbeats to keep up with a c. l.

# MOVIE CENSORSHIP BILL VETOED

## HOUSE SUSTAINS VETO OF BILL

### Governor Refused to Sign Measure Providing Censor- ship of Moving Pictures

BOSTON, June 4.—Governor Coolidge today vetoed a bill providing for the censorship of motion pictures. With his veto he submitted an opinion by Attorney General Allen that section two, providing for the submission of films to a commissioner, was in conflict with federal authority regulating the interstate movement of films and that section four permitting an appeal was worded in such a way that the right of trial by jury, safeguarded by the constitution might be taken away.

The house voted 202 to 14 to sustain the governor's veto.

The boxing bill is now before the governor. The legislature is expected to be prorogued tonight.

The boxing bill as finally passed, carries provisions to prevent contests on Sundays and to permit each city and town to decide whether boxing shall be held within its territory.

## DIVORCE CASES IN THE SUPERIOR COURT

An unusually large number of persons were present at the opening of the divorce session of the superior court, presided over by Judge Flynn this morning. Nearly all of the seats reserved for witnesses and the public were occupied. Within the bar enclosure were many lawyers. A considerable portion of the spectators were women.

John W. S. Kendall, a Lexington farmer, was a petitioner for divorce from his wife, Grace M. Kendall. While on the stand as a witness the libellant broke down and burst into tears and with difficulty restrained his sobbing. He said that he was 71 years old and that his wife was 19 years old. His wife, he said, was 19 when he married her.

The libellant testified that last year an itinerant painter, named Turner, who was working in the neighborhood, came to his house to board. Last October, the witness said, he was obliged to go to a hospital for an operation. From what he learned regarding alleged relations of his wife and Turner during his absence the witness said on his return from the hospital he told Turner he didn't want him in the house and that he must leave.

"If he comes I shall go too," the witness claimed his wife said, and three days later she left.

A niece of the libellant living in the

# Dorchester Woman and Her Three Children Found Dead in Bed

BOSTON, June 4.—Mrs. Mollie Binder and her three small children, Harry, Abraham and Geraldine, died from gas asphyxiation at their home on Lucerne street, Dorchester district, today, under circumstances indicating, in the opinion of the police, that the deaths were deliberately planned. All the bodies were found lying on the bed.

Mrs. Binder had been under treatment for nervous disability. The police theory is that after her husband, Morris Binder, left the house for his business today she put the children in bed, turned on a wall gas jet and lay down with them. A neighbor who smelled the gas and entered the apartment by the bedroom window to investigate, notified the police.

## TO SETTLE WAGE CONTROVERSY

### President Names Commission to Act on Demands of Hard Coal Miners

WASHINGTON, June 4.—Pres. Wilson today appointed a commission of three men to settle the wage controversy between the anthracite coal miners and operators.

The commission's award is to be made within 60 days if possible and its award as to wages will be retroactive to April 1, the date when the contracts between the miners and operators expired.

The members of the commission are William O. Thompson of Columbus, Ohio; Neal J. Ferry of Meadville, Pa., and William L. Connell of Scranton, Pa.

Mr. Thompson, who will represent the public, is president of the Ohio State university. Mr. Ferry, who will represent the miners, is a member of the executive committee of the United Mine Workers of America, and Mr. O'Connell, the operators' representative, is an independent operator.

Under the agreement by which the president appointed the committee, the miners are to remain at work until the award is made. Both sides are expected to abide by the commission's award, which will be made the basis for a new wage agreement between the miners and operators in such manner as the commission may determine.

This procedure in settling the controversy in the anthracite fields is similar to that followed in adjusting the differences between the bituminous miners and operators early this year after the strike in the soft coal fields last November.

## MARS HAS FIRST SNOW OF SEASON

CAMBRIDGE, June 4.—It is now autumn on Mars, and the first snow fall of the season on that planet was announced in a cablegram received today at Harvard college observatory from Prof. William M. Pickering, who is stationed at Mandeville, Jamaica.

The telegram said the snowfall occurred at Isidis, which is in the neighborhood of the part of the planet known to observers as Syrtis Major.

## DOUBLE TRAGEDY

### Argument Over Bill for Medical Services the Cause

BOND, Miss. June 4.—A disagreement over a bill for medical services, was the cause of the death yesterday of Dr. D. S. Hood and Mrs. H. E. Spring, according to Mrs. Hood, widow of the physician. Mrs. Spring offered to transfer some property to Dr. Hood in payment of the debt. Mrs. Hood said, and he called at the Spring home to discuss the matter.

Neighbors found the physician dead with a bullet through his heart and Mrs. Spring lying nearby, fatally wounded. She died before making any statement. A coroner's jury found that the two came to their deaths "at the hands of unknown parties."

CHICAGO, June 4.—In the contents coming before the republican national committee today from the eight districts of Mississippi, a sub-committee reported the proceedings of the Mulvihill faction to be regular and that delegation was seated. It is understood, but is counted among the lowdown forces.

## FIERCE BATTLE IN IRELAND

### Men Armed With Bombs and Rifles Attack Police Bar- racks at Cappaghwhite

CAPPAGHWHITE, Munster, Ireland, June 4.—A large number of men armed with bombs and rifles attacked the police barracks here this morning. The police garrison, consisting of two sergeants and eight constables, replied with similar weapons from the roof.

The court house adjoining was set on fire and a fierce battle ensued. The raiders finally withdrew. The bomb explosions were heard in Tipperary, seven miles south of here, from which place police were hurried. The reinforcements encountered some of the raiders on the way, and several were arrested. Sergeant Sullivan was slightly wounded.

## SEND FLOUR TO N. E. BY WATER

BOSTON, June 4.—Water shipments from Buffalo to Boston as a means of overcoming the embargo due to railroad congestion, were begun today with the arrival here of the new shipping board steamer Lake Elva. The steamer brought a cargo of 23,000 sacks of flour, intended for distribution in New England, over the lines of the New York Central railroad, which were so clogged by freight that it was decided to send the flour by water.

## CITY CLERKS' SALARIES

### Majority of Municipal Council Members Favor the Sliding Scale Plan

Mayor Perry D. Thompson and at least three other members of the municipal council are in favor of the adoption of an ordinance whereby the salaries of clerks employed by the city will be regulated on a sliding scale.

Mayor Thompson said today that he thought the idea an excellent one and that he was wholly in favor of it. "I believe something should be done to put clerks' salaries on a more equitable basis than is the case at present," said His Honor. "However, I do believe that if a sliding scale were adopted the work of the various clerks should be classified and remuneration fixed accordingly. There are some clerks in city hall who are really experts in their line of work while in others clerks are hired merely as copyists. I don't be-

## LOWELL'S PAGEANT

### Only Fair Weather Needed To Insure Success

Only fair weather is needed to assure the unqualified success of the historical pageant to be presented tomorrow afternoon on the South common by a cast of approximately 1500 Lowell men, women and children.

In extent, costumes, the number participating and in general excellence the affair will outrank any similar effort ever made in the city and should be of incalculable interest to thousands of citizens. Practically every outstanding event in the unfolding of Lowell's history—also, with a glimpse of the city's prophetic future—will be portrayed in the pageant, dating as far back as 1620, with the coming of John Eliot to preach to the Indians.

It is hoped that a chorus of 300 or more voices will sing in the prologue, although only about half this number attended a rehearsal held last evening in Memorial hall under the direction of E. G. Hood of Nashua, who consented to lead this feature.

The sloping banks of the common will make an admirable vantage spot to view the pageant, which will take place on the level ground between South street and the pool. The prologue is scheduled to begin at promptly 3 o'clock.

Lines of Action Begin to  
Come Out of Atmosphere  
and Move to Definite Form

## Vice Pres. Marshall to Give Contests "Once Over"

Conference on Platform

CHICAGO, June 4.—Lines of action among the republican candidates beginning for the first time to emerge out of the nebulous atmosphere of the preliminary period and to move toward definite form.

The arrival of Senator Johnson of California to take personal charge of his candidacy and the agreement among Wood leaders to have Frank J. Hitchcock act as their field marshal are the two outstanding developments which indicate that within the next 48 hours the situation will move into the stage where the leaders will begin to do business.

The first cheers and the first sound of the boosters are beginning to be heard in the hotel lobbies and on the streets. Publicity plans have had impetus, too, and today Wood, Johnson and Hitchcock began giving two day interviews to newspapermen.

Senator Poindexter of Washington arrives today and on Saturday his special trains of boosters and delegates are due from the west.

There are many little booms not well defined or being suppressed, but such enthusiasm as the principal candidates are candidates for president and

## DISORDERS IN HUNGARY

### Public Excited Because of Imminent Signing of the Peace Treaty

BUDAPEST, June 3.—The public is much excited, because of the imminent signing of the peace treaty and some disorders have occurred. There were a few attacks tonight on peaceful citizens by rowdies who cried: "Down with the Jews!" at points apparently selected because of the absence of troops and police. It is feared these attacks portend more serious disorders. Friedrich is rumored that former Premier Stephen Friedrich, who has violently opposed signature of the peace treaty by Hungary, has new plans under cover in connection with his opposition.

Count Albert Apponyi, former head of the Hungarian peace delegation, discussing today the excited state of public opinion and the recent disorders took an optimistic view, however. He said: "I am sure conditions will improve. All necessary precautions have been taken to prevent the hot heads from revolting and disavowing the signing of peace."

## For Repeal of War Legislation

WASHINGTON, June 4.—Without amendment the senate judiciary committee today reported out the house joint resolution providing for the repeal of all war legislation except the Lever food control and the trading with the enemy act.

## Peace Treaty With Hungary Signed

VERSAILLES, June 4.—(By Associated Press)—The treaty of peace with Hungary was signed in the Grand Trianon palace here at 4.25 o'clock this afternoon.

# ONE OZONE GREAT STUFF, SAYS PERSHING

AUGUSTA, Me., June 4.—General Pershing made touring Maine by automobile as to visit a large part of it three days is somewhat strenuous, remarked, however, after passing the first night in the state as the first guest in the new executive mansion, that he was feeling fine.

"Your Maine ozone is great stuff," remarked to Governor Milliken who accompanied him with members of the executive council and his staff.

Today's itinerary included visits to Farmington, Colby college at Waterville and Skowhegan, concluding with an address in Augusta city hall tonight.

Plans for tomorrow have been

changed to enable the chief of the American Expeditionary Forces to reach New York on Sunday morning. Instead of swinging to Waldoboro and riding up the valley of the Penobscot river, the party will go direct to Bangor from here and down river to Portland, thence along the coast to Portland, where it is due to arrive at 9.30 p. m.

General Pershing planned to visit all of the four colleges, but this change caused the cancellation of his expected call at University of Maine tomorrow. Instead the students will see him at Bangor.

## AUCTION SALE AT THE HOOD FARM

At the auction sale of Jersey cattle on the Hood farm in Tewksbury yesterday Sophie's Elberta, a five year old cow, was sold for \$6300—the record

price for the present year. The purchaser was W. L. Glatfelter of Spring Grove, Pa.

Other sales of the day at good prices were: Sophie's Florence, 4-year-old cow, \$2000, to Ed. C. Lasater, Fall River, Mass.; Sophie's Elberta, 3-year-old, to E. C. Lasater for \$2100, to Ed. C. Lasater, Fall River, Mass.; Sophie's Elberta, 3-year-old, to E. C. Lasater, Fall River, Mass.; Sophie's Elberta, 3-year-old, to E. C. Lasater, Fall River, Mass.

## OCCUPATION OF TEHRAN BY BOLSHEVIKI DENIED

LONDON, June 4.—Persian officials in London announced today that there was no truth in the reports that the Bolsheviks had occupied Tehran, the Persian capital. An official telegram, dated Thursday, was received today from Tehran and no mention was made in it of any Bolshevik operations from the Caspian sea coast.

Prince Pirouz Mirza, the Persian foreign minister, who is now in London, later offered further evidence that the reports were untrue by announcing that the Shah of Persia had arrived in Europe and had been welcomed by 200,000 people there.

## SCHOOL STRUCK BY LIGHTNING

WOONSOCKET, R. I., June 4.—The tower on the Union Village school was struck by lightning during a storm yesterday, when 150 pupils were at recess in the basement of the building. A panic among them was prevented by the teachers, who marched the children into the school hall. Later, lightning struck a tree directly opposite the schoolhouse, but caused no damage.

## EDITORS' CONVENTION

BOSTON, June 4.—The program for the National Editorial association in annual convention here was divided today between business and pleasure. A business session occupied the delegates this morning, and a harbor excursion as guests of the city of Boston was scheduled for the afternoon.

The business session program included as speakers James O'Shaughnessy, managing director of the American Association of Advertising Agencies; C. Price-Grange, industrial commissioner, National Railways, Toronto, and Mrs. Edith C. Susong of Greenville, Tenn.

## MINISTRY OF LABOR AND PUBLIC WELFARE PRINTED IN ITALY BY KING

ROME, June 3.—King Victor Emmanuel today signed a decree creating a ministry of labor and public welfare. Signor Adolphi, minister of labor, will take charge of the new department.

## MATRIMONIAL

Mr. George W. Pihl and Miss Irene E. Killenby were married yesterday at the home of Mr. and Mrs. Walter Killenby, 11 Stromquist avenue, the officiating clergyman being Rev. N. W. Matthews, pastor of the Gorham Street P.M. church. The couple were attended by Mr. and Mrs. Frank Killenby. Following the ceremony a reception was held and later the couple left on a honeymoon trip to Florida.

## MORRISON-MACFADYEN

The marriage of Mr. Edgar Morrison and Miss Ruth MacFadyen took place Wednesday evening at the parsonage of the Chelmsford Street Baptist church, the ceremony being performed by Rev. Elmer E. West. The bride-maid was Miss Luella Morrison, while the best man was Mr. Percy A. Beardsley.

## ZACHARIAF-GUNTHER

Mr. Edward H. Zachariaf of Lawrence and Miss Frances L. Gunther of Dracut were married Wednesday at the home of the bride's parents, Mr. and Mrs. Frank H. Gunther, Clyde avenue, Dracut, by Rev. James M. Craig, pastor of the Hillside Congregational church. The bride-maid was Miss Gertrude Zachariaf, a sister of the groom, while the best man was Mr. Rodolph Gunther, a brother of the bride. After an extended wedding trip, the couple will make their home in Lawrence.

## McNIF-SMITH

One of the prettiest of the early June weddings took place Wednesday evening at 5 o'clock at the Immaculate Conception church when Miss Gertrude Bernadette Smith, daughter of Mrs. Margaret Smith of Calvin street, was united in marriage to Mr. William F. McNif, a veteran of the world war. The double ring ceremony was performed by Rev. Owen P. McQuaid, O.M.E. The best man was Mr. John McNif, a brother of the bridegroom, and the bride-maid was Miss Mabel E. Smith, a sister of the bride. The bride was charmingly attired in white pussy willow satin with picture hat to match and carried white roses and lilies of the valley. The bride-maid wore pink crepe-de-chine and picture hat to match and carried pink roses. Following the ceremony a reception was held at the home of the bride's mother where luncheon was served by Caterer Harvey. Orchestral music was furnished. The bride's gift

to the bride-maid was a gold wrist watch while that of the bridegroom to the best man was a pair of gold cuff links. Following the reception Mr. and Mrs. McNif left for New York and on their return will live in High street.

## WOULD RESULT IN WAR

## Gompers Attacks Recommendations of Senate Committee on Mexican Situation

WASHINGTON, June 4.—Samuel Gompers, president of the American Federation of Labor, declared in a formal statement last night that war between the United States and Mexico would result from the carrying out of the recommendations of the senate committee which investigated Mexican affairs.

"The report of the senate sub-committee investigating conditions in Mexico under the chairmanship of Senator Albert B. Fall," Mr. Gompers said, "amounts to a declaration that unless the government of Mexico re-writes its constitution in accord with the ideas of the American oil and mining interests, the government of the United States will intervene in Mexico."

"The report of Senator Fall's committee demands a number of specified

changes in the Mexican constitution. These changes would be the consummation of what has been long the hopes of the great oil and mining interests, as well as the land and timber interests, which have fomented the bitterness between the people of the United States and of Mexico.

"In some minor particulars, recommendations made by Senator Fall's committee may be acceptable, but the heart of the report can only be described as vicious. The report demands that unless the Mexican constitution is altered as recommended, the government of the United States send a police force, consisting of the naval and military forces of our government, into the republic of Mexico to open and maintain open every line of communication between the city of Mexico and every seaport and border point into Mexico.

"Of course this amounts to policing practically the whole of the country. Those who know Mexico and the Mexican people understand fully that such action would mean war between the two countries.

"The report of Senator Fall's committee, therefore, is a report which recommends a course leading direct to war with Mexico. This has long

been desired by American interests engaged in the exploitation of the natural wealth of Mexico.

"Adoption by the senate of this report, would constitute the adoption of a foreign policy completely at variance with one of the established policies and traditions of our republic. Such a course as is recommended by the report of Senator Fall's committee must be opposed by every justice and freedom loving American and will, be described as vicious. The report demands that unless the Mexican constitution is altered as recommended, the government of the United States send a police force, consisting of the naval and military forces of our government, into the republic of Mexico to open and maintain open every line of communication between the city of Mexico and every seaport and border point into Mexico.

"It is difficult to believe that the senate will give serious consideration to a report so out of harmony with the best thought of our time, and so full of the possibilities of dire consequence to our people and our nation as well as to a neighbor republic with which we are at peace.

"The report calls for American aid to Mexico providing Mexico agrees to the terms of the report. This is not an American proposition. It is a Prussian proposition. It must be set aside by the popular opinion and fair judgment of our people."

## VOCATIONAL SCHOOL ANNUAL OUTING

Tools and books at the Lowell Vocational school were laid aside today, the pupils donned their overalls and the members of the faculty joined with them in their annual outing to the Genoa club in Tyngsboro. The start was made at 8.30 in the morning in autos from the school in Broadway and, trailing over the boulevard, the party reached the grounds about 9 o'clock. The enjoyment for the day included track events and a baseball game. The teachers of the school took an active part in nearly all the sports. During the early part of the afternoon the boys pulled out their lunch boxes and satisfied their hunger and thirst and then, as evening approached, the automobiles were driven Lowellward after an outing which eclipsed, perhaps, any of those in the past.

## BATTERY B OFFICERS

A meeting of the officers of the newly organized Battery B, 102nd Field Artillery, was held last night at the state armory. The business included the discussion of plans for the organization of the battery in the future and the obtaining of equipment. Capt. MacBryne again expressed his opinion that Lowell would be the first city to have a fully equipped battery in this state.

## FESTIVAL OF DANCING AT ASSOCIATE HALL

The first annual kermis, or festival of dancing, by the pupils of Miss L. B. Perrin was held last evening in Associate hall before a large audience of relatives and friends of the talented

young dancers. The program was lengthy and thoroughly enjoyable.

Perhaps the most spectacular feature was the Roman sewer dance, in which Miss Madeline Driscoll sustained the solo and Miss Lillian Flanagan and Miss Margaret Ryan assisted. The young women wore Grecian costumes and presented a striking appearance as they tossed rose petals about the stage. In detail the program was as follows:

# CARUSO'S OWN LIFE STORY

TOLD BY HIMSELF  
FOR THE FIRST TIME

Reminiscences of the great tenor that are full of tragedy and yet are related with bright flashes of humor.

Illustrated by special cartoons drawn by Caruso himself and by rare photographs.

A wonderfully human tale of poverty, hunger, discouragement and appalling obstacles overcome by youth and hard work.

In 1893 Caruso found himself in Rome with only two cents in his pocket---and practically starving.

This year he receives \$12,000 a performance for twelve nights of opera.

Caruso made this sketch of himself in "La Bohème" in Boston.

## Collective Bargaining Solves Clothing Industry Problem in Rochester

ROCHESTER, N. Y., June 4.—Collective bargaining is the method adopted by the clothing industry in Rochester to solve its labor problems. Manufacturers declare that it has been so successful here that the National Industrial Federation of Clothing Manufacturers has been formed to deal with a national organization of the workers. In a time when strikes have been frequent in other industries there has been peace in this industry here, except in one plant which is not a party to the agreement between the employers and workers.

Shoe manufacturers of Rochester have adopted the plan and ended a strike by an agreement similar to that in the clothing trade.

Under these agreements, the strike and lockout are believed to have been eliminated and the open shop prevails. The union relinquished its claim for a closed shop. One of the labor managers, representing the employers, says that the union suffered no loss by doing so but that on the contrary the number of clothing workers organized has increased from 50 per cent. of the total employed to 90 or 95 per cent.

As the collective bargaining plan operates here, the more general agree-

ments between the workers and employers are made by a local joint board composed of representatives of the clothing manufacturers and the workers. Working conditions are formulated by a labor adjustment board composed of representatives of both sides. Its decisions become the laws of the industry. Appeals can be taken to a court presided over by an impartial judge whose decisions are accepted by both sides as final.

In the shops labor managers represent the employer and chairman the unions. The manufacturers have their price commodities and time-study men and the unions retain their local business agents.

The plan had its conception as the result of a threat of the workers to go on strike. In its adoption the manufacturers obtained the advice of Dr. Meyer Jacobstein, of the University of Rochester, who has been teaching methods of service management.

## CUT THE COST OF FEEDING FAMILY

AUSTIN, Tex., June 4.—Young women students in the home economics department at the University of Texas are learning how to cut the cost of feeding a family. At the beginning the prime thing is to get a meal, but toward the finish of the course the young woman has also to turn out the finished product cheap.

The university expects its young experts to cut about half the cost of a lunch by switching desserts and leaving off biscuits. Here is a sample

## SPECIAL BLUE SERGE SALE

ARLINGTON MILL SERGE with absolute knowledge of the quality of this blue serge, knowing what I paid for it, knowing what I sold it to you for a year ago, two years ago, yes, and four years hence, I would know I must have pleased you, even if constant demand and duplicate orders didn't prove it to my entire satisfaction. I want you to pass the word around among your friends, tell them exactly what you paid, tell them how the suit wore, tell them exactly how I pleased you.

MY OBJECT is to interest them in this special offer just now for \$27.50. Owing to a temporary lull among the wholesale woolen jobbers the past few weeks, I bought 18 pieces for this store, 20 per cent. less than I paid for it four weeks ago—it is even a better blue and heavier in weight. I don't hesitate to say that not a man in Lowell who has done any shopping this season, even looking in windows, will guess the price under forty after he sees it made and on your back. I don't mind telling you that this serge was never intended for low priced suitings, and it is no secret that there is no concern in Lowell or New England which can sell it anywhere near my price.

I GUARANTEE to put every cent where it counts most—into the clothing itself, no costly plate glass or swell mahogany fixtures, no Oriental rugs, no oil paintings, and no haughty floor-walkers. I carry no charge accounts and don't have to make up any credit losses. I've cut out expense to the bone—and save you \$10 to \$15.

## EMBATTLED FARMERS FORM FIRST UNION

BY MAX STERN, N.E.A. Staff Correspondent

STOCKTON, Cal., June 4.—Industrial unity has spread to the farmers. The first real "Farmers' union" to be organized in America is well under way in California, and after less than a year, between 800 and 7000 actual tillers of the soil have "joined up."

The biggest county unit of the California Farm Owners' and Operators' association, as it is called, has headquarters in this thriving city, the center of possibly the greatest producing area in the world, and from here the movement is spreading out like ripples in a pond. Five other counties have officers and six more are organizing.

## FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily

Here's a chance, Miss Freckle-Face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any drugist and a few applications should show you how easy it is to rid yourself of the horrid freckles and get a beautiful complexion. Barely is more than one ounce needed for the worst case.

Be sure to ask the drugist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Adv.

California union will tackle at once will be, better roads, the protecting of the marketing associations, legislation to prevent these marketing associations from prosecution under the anti-trust laws, opposition to the No-

lan land tax bill, support of the Kenyon bill which protects and encourages co-operative ventures and prevents exploitation of the farmers by the packers, and other general issues as they arise.

The new movement is unique. It is not political like the Non-Partisan league. It is not secret or fraternal like the grange, which takes in anyone whether farmer or not, and also unlike the Farmers' union, as it is confined exclusively to actual producers.

## ELECTIONS IN IRELAND MAY HAVE A WOMAN

**Sinn Fein-Nationalist Alliance**  
Win in Counties Included  
in Ulster Area

BELFAST, Ireland, June 4.—As a result of county and district council elections, the Sinn Fein-Nationalist Alliance has won control in County Tyrone for the first time. In addition it has maintained its hold on County Fermanagh by a majority of 559.

Keenest interest was taken in these elections because both counties are included within the Ulster area outlined in the Irish bill now before the British parliament. Various election tricks were revolved, one woman disguising herself and voting as her own mother. Another woman is said to have voted seven times. The feature of the elections generally in northern Ireland was the ascendancy gained by the Sinn Feiners over the followers of Redmond.

### ANNUAL FIELD DAY WAS BIG SUCCESS

The annual field day of the Lowell Commercial college held in conjunction with the business schools of Lawrence and Haverhill was a great success at Canobie Lake park yesterday. In the sports prizes were awarded to the winners. The standing broad jump was won by Mr. Robarge of Lowell; the relay race by Lowell; the unseated contest by Mr. Robarge of Lowell; 50 yard dash by Miss Wood of Lowell; candle race by Miss Russell of Lowell and Miss Sullivan of Lawrence; potato race by Miss Curtin of Lowell. After lunch a baseball game was played, Lowell winning the game. A group picture of the three schools was taken. The afternoon was spent in boating, dancing and swimming.

### "JAZZ" STIMULATES QUICKER WORK

### AMUSEMENT NOTES

By Theatres' Own Press Agents

#### MERRIMACK SQUARE THEATRE

Do you like adventure stories? Remember the thrills you got when you first read "Treasure Island"? Now you couldn't put the book down, but feverishly turned page after page, following Jim Hawkins upon his mad, breathless quest for the treasure. Well, you get the same thrills—or perhaps even more of them—from Maurice Tourneur's production of "Treasure Island," being shown at the Merrimack Square theatre today and tomorrow. A wonderful cast, including Shirley Mason, Charles Ogle and others, interprets the various roles. The other feature for the week-end at this theatre is "The Triflers," a story of society life, featuring Edith Roberts. The International News, a comedy, a Burton Holmes Travel picture round out the bill.

#### THE OWL THEATRE

If you miss "Back to God's Country," the James Oliver Curwood First National attraction now playing at the Owl theatre, you're missing something

good. Nothing like it has been seen here. The vicious pursuit of the girl, Dolores, by a human jackal, Rydal, and a henchman, over the trackless wastes north of 50, and the way Wapiti the Killer comes through are outstanding features. The animals, the bear cub, the big bear, the porcupine, all most cuddling up to his mistress as she lies in bed reading, the wild cats, seem actually endowed with brains. The way Wapiti tears into the enemy dog team on his dash across the barren wastes, and emerges with a shot in his leg and scarred from battle is something to take the breath away with its intensity. And the final plunge of the bestial Rydal through the ice of an Arctic lake will make you feel like putting on furs.

#### B. F. KEITH'S THEATRE

A summary sort of a show is on review at the B. F. Keith theatre, this week, with Eight Vassar Girls in front place. This organization is one of the best known of musical ones appearing in public, and the act may always

be relied upon to give a charming mélange of vocal and instrumental numbers. Harriet Moran, of this city, and Hank Brown, have a good comedy, and musical offering. Miss Moran's singing being especially well liked. "Bringing Home the Bacon" is the name of a likable comedy played by Leigh DeLacy & Co., and Johnson is a very fast sleeper, who enriches his work with comedy. Other acts are: Billy, phenomenal juggler; Ara Sisters, dancers, and Fraser & Bunce, comedians.

#### THE STRAND

Tom Mix was never seen to better advantage as the "daredevil" of the screen, than in "The Cyclone," which is being shown the latter part of the week at The Strand. If you want to see "real real stunts" then don't miss this feature. Then there is Mary MacLaren in "The Road to Divorce," as well as a good comedy, and interesting variety. And don't forget that the system of keeping this theatre cool makes it possible to always have the temperature comfortable.

#### LETTER CARRIERS' NIGHT

The musical revue and concert to be given at The Strand on Monday night

in aid of the Letter Carriers' Club. Besides being for a most worthy cause, the program will be one of genuine merit and fully deserving of a capacity audience. The bill includes numbers by several of the old timers who still retain the ability that made them big favorites in their day. John F. Roane, Sr., Fred Campbell, David Dwyer, David P. Martin and others will be heard, and there will also be several of the present-day favorites. Tickets are now selling for the affair and if you want to know more about it just ask your postman. He knows.

#### LAKEVIEW PARK

Tonight is favor night at Lakeview park, and, as in the past, the favors will be something entirely novel and suitable. The crowds have never been bigger than this year—the reason—the best of dance music, and good stunts by Barney Horan and Billy Moran.

Some merchants keep their thumbs on the scales, and the weight of the transgressor is hard on the pay envelope.

**Credit Firm Found Guilty of Profiteering**

ROCHESTER, N. Y., June 4.—The Antwerp Diamond Co., which operates three credit jewelry and clothing stores, was found guilty in the district court here yesterday of a violation of the Lever act by charging unjust and unreasonable prices for clothing and was fined \$18,000.

In the indictment the company is charged with having sold items costing \$22 for \$65; those costing \$25.50 for \$72.50; those costing \$2.50 for \$8.80; those costing \$2.50 for \$8.80; and those at \$50 for \$115.

The government's attorneys brought out the fact that the company marked up its merchandise at a profit averaging 150 per cent.

**AUSTRALIAN BISHOP FOR IRISH FREEDOM**

ENNISCORRY, Wexford, Ireland, June 4.—Archbishop Kelly of Sydney, N. S. W., at a public welcome given in his honor yesterday advocated self-determination for the people of Ireland. The archbishop said that so long as the people in Ireland were united on a practical policy, Australia would be at their back.

**BANK PRESIDENT DEAD**

DAMARISCOTTA, Me., June 4.—Joel P. Huston, president of the First National bank and member of the Lincoln county bar, died last night. He was born here 62 years ago, and had been connected with the bank about 30 years.

**THOUSANDS OF BOGUS WHISKEY PERMITS**

PITTSBURGH, June 4.—More than 500,000 gallons of whiskey have been withdrawn from bonded warehouses in the Pittsburgh district since Jan. 16 last, with bogus and forged permits, according to an announcement made here today by W. H. Hindman, federal prohibition agent for Pennsylvania. Mr. Hindman stated that cases under suspicion ran into the thousands, and that he was conducting a thorough investigation.

Many of the forged permits were

printed outside the government offices, while others were signed in blank and sent out numbered, he said.

**ACTOR FELL TO HIS DEATH**

**TO LIMIT COPIES OF THE CONGRESSIONAL RECORD**

WASHINGTON, June 4.—Senator Smoot, chairman of the joint commission on printing, announced in the senate today that because of the shortage of print paper, the circulation of the Congressional Record for the present would be limited and that only enough copies would be printed to supply members of the senate and house. None will be sent to subscribers outside of congress. For the same reason, it had been decided to limit the number of copies of speeches that might be printed for any one senator.

**STEEL FOR THE NEW AUDITORIUM**

Steel for the new memorial auditorium in East Merrimack street is beginning to arrive on the site to be held in readiness for future use. Contractor Dirapeau has practically finished the foundation of trophy hall, the first of the group of halls which will comprise the auditorium, and today his men were working on the foundations of other sections of the structure.

Elizabeth, the little daughter of E. S. Webb of Belfast, Me., who jumped from the second story of her home without injury, explained that she was sitting with her feet out of the window and when she found she could not get them in, she went out with them.

## Sea Rover Nurses Wonderful Dream of Riches! And Then—

ALLIE MOORE WITH HIS DOG ON HIS SCHOONER.

BY LEE J. SMITS,  
N.E.A. Staff Correspondent  
CHARLEVOIX, Mich., June 4.—Allie Moore is a notable of the lakes. He owns a little three-masted schooner in which, accompanied by his partner and his dog, he combs the beaches of the many small uninhabited islands of Northern Lake Michigan for such treasures as wrecks and cargo losses may cast up.

Last fall Allie found a large barrel, full to the brim and marked "Old Crow." He buried it on the beach of Fisherman's Island and spent the winter in dreams of wealth, estimating the value of the barrel at \$3000.

Five times during the terrific winter he harnessed his dog team and, after

an all-day drive, shifted the barrel to a new hiding place. He brought the barrel into Charlevoix as the ice went out. Then he found a purchaser. They tapped it! It was filled with delicious, dill pickles.

Allie sold barrel and pickles for \$13.50, and had to roll it from the dock to the grocery store for that price.

**PLUNDER GRAVES AND ROB CHURCHES**  
VIENNA, June 4.—Vandals and robbers have turned from plundering graveyards to robbing churches. Several famous Vienna edifices have been entered recently, among them the historic Mariahilf and Rochus churches, and robes and altar vessels of great value have been stolen. The police say there are about 40,000 persons in Vienna who may be classed as criminals. They report 1405 burglaries in the city in the last 90 days with 365 arrests and the recovery of loot to the value of 50,000,000 crowns.

## AUSTRALIANS PROTEST

Renewal of Anglo-Japanese Alliance Sharply Criticized by Press

LONDON, June 4.—Renewal of the Anglo-Japanese alliance is being sharply criticized by the Australian press, says a Melbourne despatch to the Exchange Telegraph company. It is suggested that the terms of the alliance should include a proviso which would prevent Great Britain from being dragged into a possible war between China and Japan and newspapers there are insisting upon the right of Australians to control domestic legislation.

## MANY HISTORIC TREES IN THE BAY STATE

BOSTON, June 4.—The part that trees play in the history of a state is shown by an index table of historic trees now standing in Massachusetts. The table, which was prepared for the New England Historic Genealogical society, shows the association of trees with historic events extending through important periods since the days of the Pilgrim fathers.

The most famous is the Washington elm in Cambridge, under which Gen. Washington took command of the little force of patriots that was called the American army. It has been said that the troops could almost be sheltered under the elm's 35-foot spread of branches.

Other trees mark revolutionary incidents and events, with local, state or national significance, as the places where Washington rested, or made an address, or watered his horses; where

## These four Ladies have regained their health and strength by taking RED PILLS for Pale and Weak Women

### Saying a good word for RED PILLS

It is now six years since I took RED PILLS for Pale and Weak Women, and I consider it my duty to praise them highly, for they have helped me so much that I am now strong and well. I eat well, sleep well and in fact cannot complain of anything. Two boxes of RED PILLS relieved me, and fifteen boxes put me in fine health. I now take pleasure in recommending RED PILLS for Pale and Weak Women to my numerous friends.—Mrs. PHILIAS GAMACHE, 2 Coolidge, Lowell, Mass.

### Left suffering by "La Grippe"

After recovering from a severe attack of "grippe" last fall, my constitution was run-down and in a weakened condition. I was constantly troubled with headaches, backaches, poor digestion, and was getting so weak that I had lost all interest in life. I started to take RED PILLS for Pale and Weak Women, and it was not long before I started to feel stronger and better in many ways. In about four or five months my health was completely changed and I was feeling fine.—Mrs. MARY DALY, 363 Pond Street, Woonsocket, R.I.

### Good for the nerves

RED PILLS for Pale and Weak Women have strengthened me, they have calmed my nerves and helped my stomach. I took twenty-four boxes and was made well. I am now able to digest my food easily, I am strong and courageous and life seems brighter to me than ever before. I therefore do not hesitate one minute in recommending RED PILLS for Pale and Weak Women, so that others may have a chance of being benefited by their use, just as I have been.—

Mrs. PIERRE CARDIN, 145 Battle Street, Woonsocket, R.I.

### Benefited fifteen years ago; still well

Fifteen years ago I took RED PILLS for Pale and Weak Women. I was so worn-out through overwork, that I was completely exhausted and unable to do anything right. Some of my lady-friends who came to see me, were always speaking of RED PILLS and I grew to believe in them so much that I tried them. Only six boxes were necessary to help me, and I will take them again whenever I feel that I need a good tonic to build up my strength.—Mrs. O. FORGET, 138 Aiken Street, Lowell, Mass.

### RED PILLS are for Women only

They are always sold in boxes of fifty pills, 50 cents box, 6 boxes for \$2.50. See that the name of the "FRANCO-AMERICAN CHEMICAL COMPANY LIMITED" is on every box.

Lafayette stopped during his campaign in the patriot cause; where revolutionaries had their rendezvous; where the minute men trained or took stand in actions against the British.

The Boxford elm, a revolutionary meeting place, was the scene also of the signing of an important treaty in the days of the Indian wars, and under the Elliot oak at South Natick, John Elliot spread his gospel to the Indians. Famous speeches on abolition by the orators of the time were made among the trees at Island Grove in North Abington from 1846 through the Civil war.

A buttonwood tree at Charlemon, with a spread of 55 feet, is preserved as place where the first settlers found the place where the first settlers found field elm was the camping place of the founder of that town, and the scene of the town meetings, long afterwards. The Paxton elm marks the centre of the state.

The Oakham oak gave that town its name and was a model for its town seal, and the Avery oak at Dedham, also the model for the town seal, served as the site of the town's first religious meeting.

The oldest tree in the index is the Endicott pear tree at Danversport, planted by John Endicott in 1630. The greatest is the Rugg elm at Framingham, with a spread of 145 feet. The famous "Great Elm" of Boston's earliest days is no more, but an offshoot is recognized as Old Elm's descendant. The ancient oaks, made famous in Longfellow's "Tales of a Wayside Inn," Hawthorne's grove at Concord, favor-

its original purpose and claim that it designates a very noticeable change of attitude. From the beginning of the agitation for increases for postal workers, members of the government and the wage commission promised substantial advances in pay, but, as the employees say, that idea has been abandoned.

### POSTAL EMPLOYEES ARE NOT SATISFIED

Though acceptance of the wage increases recommended by the postal wage commission was voted, strong protest, indignation and disappointment were expressed at a meeting of the local postoffice clerks and carriers held yesterday afternoon. The two organizations of employees have agreed that the final recommendation of the wage commission is in opposition to \$15 for the contributory retirement

fund, leaving an increase of \$108 per year. In corroboration of their claims the men have stated that government statisticians have proven that \$2105 per year is the minimum wage upon which a man, wife and two children can live with American standards.

In view of this proof the employees ask, how they can live on pay which includes an increase of only 23 cents a day and support their families and send their children to school as better American citizens.

By a vote of the men, telegrams of protest are to be sent to Senators Lodge and Walsh and Congressman Rogers, asking them to urge, at least, a temporary bonus. To the press and the public for support of their claims, the men voted thanks.

## TO QUERY CANDIDATES

Chairman of Prohibition

Committee to Ask Republican Views on Amendment

CHICAGO, June 4.—Virgil G. Hinshaw, chairman of the prohibition national committee, yesterday drew up two questions for presentation to the republican presidential candidates and said he was going to their headquarters to ask an answer in person of each candidate or his representative. The questions were: "Do you believe in the 18th amendment as interpreted by the Volstead act, which act as you understand interprets intoxicating liquors to be anything containing more than one-half of one per cent of alcohol?"

"Do you favor your party adopting a plank in its national platform endorsing the 18th amendment and its enforcement as interpreted by the Volstead act or some measure equally effective?"

RECORD APPLE CROP  
WINCHESTER, Va., June 25.—A record apple crop is indicated in the Shenandoah-Cumberland district, extending 215 miles from Staunton, Va., to Harrisburg, Pa., which has approximately 1,000,000 bearing trees. Weather conditions during the winter and spring were more favorable than in several years say expert growers. No damage from frost has been reported and the blooms have set well. The district, according to federal horticulturists, is one of the most important apple producing sections of the country.

BRAZIL TO FOLLOW THE UNITED STATES IN ASSISTING GERMAN AND AUSTRIAN PEOPLE

RIO DE JANEIRO, June 2.—The minister of agriculture has sent to the governors of the various states a circular letter requesting that they re-

spond to the appeal of the people of the former central powers to the Brazilian people for food supplies. A commission for the relief of Germany and Austria has been organized in this city with representatives in all the states of Brazil.

The Correio da Manhã calls attention to what it terms the humanitarian attitude of the United States in assisting the German and Austrian people without thought of race or politics, and adds:

"The philanthropic spirit of the North Americans has opened the way for the real of free and generous America, and Brazil will take a leading part in this humanitarian work."

M.T. PLACES TAX ON SCHOLASTIC FAILURE—RULE ADOPTED  
PROTEST

BOSTON, June 4.—Massachusetts In-

stitute of Technology has placed a tax on scholastic failures. Hereafter students who fail or show a deficiency in a study must pay 15 for each shortcoming. The rule has aroused protest from the undergraduates, who are supported by some members of the faculty.

Leonard M. Passano, professor of mathematics, taking the side of the students, wrote a formal communication to the executive committee in which he argued that professor and student are jointly involved in such failures. He suggested that instructors be fined with students for each failure in their classes, if this rule is to hold.

## IT'S MORE HAPPINESS FOR YOU

After your teeth are restored as nature intended them to be. Unclean teeth are the cause of an almost endless number of evils to the system.

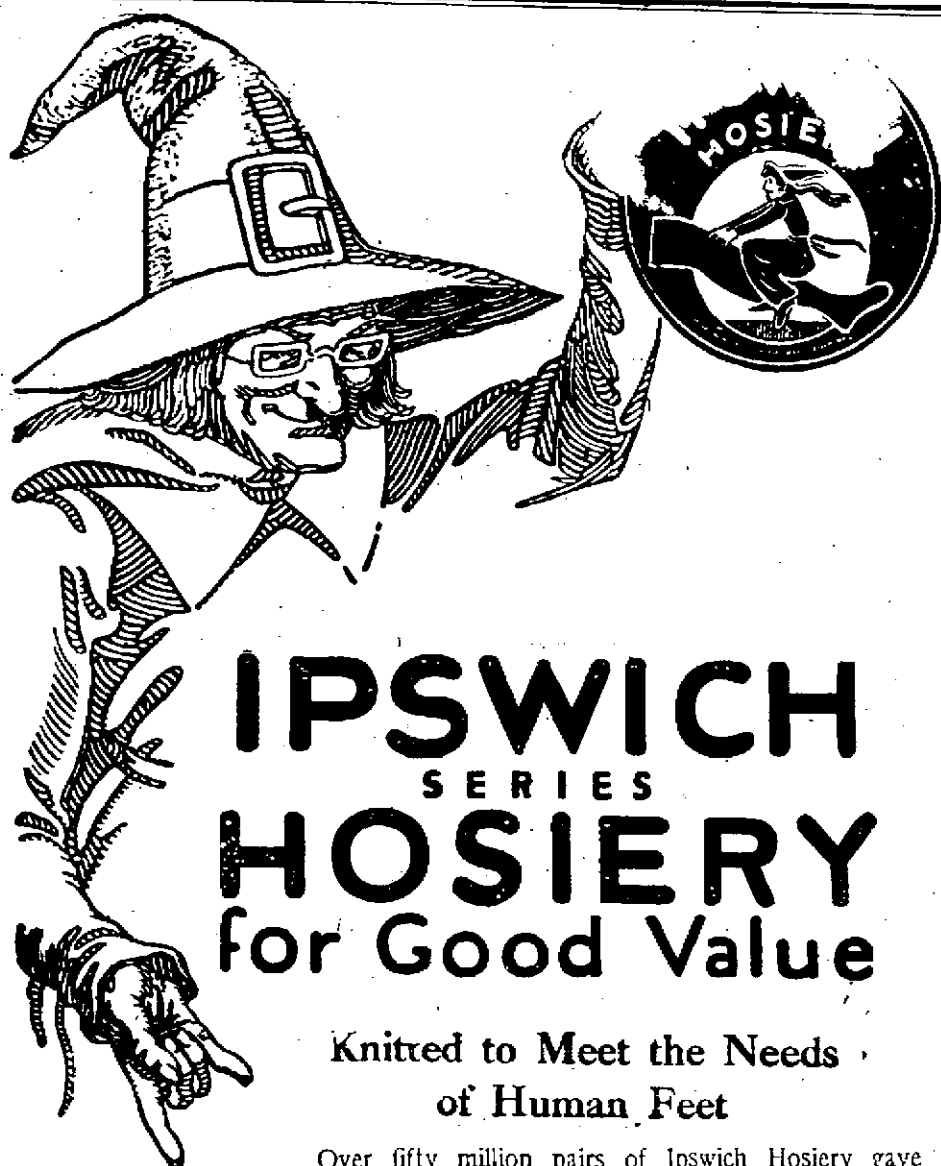

These hinder vitality—your progress and the bigger success that should be coming your way.

The MOST successful men of today have a surplus energy to carry them through the hard places of life. Good teeth is one road to surplus energy.

Your teeth will get a delightful interest after they have had my attention, because my best patients enjoy the comfort and economy I give them.

## BORELLA'S CLOWN BAND LAUGH CREATOR

Art Borella's clown band is one of the many mirth-evoking features of the Sells-Floto circus. Every one of the score or more merry drolls in the band is a capable musician, and for

this reason they are able to maintain a certain recognizable melody while simultaneously playing the most cart-torturing discords. The clown band is always a big laugh.

The Sells-Floto circus, it is announced, makes a special feature of its clowns this season. There are about 50 clowns in the joyously irresponsible company of laugh-provokers, and they are led by a triumvirate of Grimaldis, who have achieved distinction in this characteristic kind of

comedy. Marceline, who became famous as the highest paid clown in the world at the New York Hippodrome, introduces his peculiar kind of funmaking at frequent intervals and Art Borella, in addition to his clown band, offers several exceptionally clever clown stunts. The third of the trio, who is known as Loratie, the "Krazy Clown Kop," scarcely leaves the arena during the entire performance. There is hardly an act of importance that escapes his clever burlesque, and he is credited with being responsible for some of the biggest laughs in the show.

A new and pretty spectacular entrance, three herds of elephants, trained and presented by three pretty girls; an aerial butterfly ballet, in which a dozen pretty and shapely girls perform surprising mid-air feats while suspended by their teeth; the Codons and Nelson troupes of flying folks; the French LeGros, astonishing acrobatic contortionists; the Rooneys, Hobsons, Hodgins and Mme. Cottrell-Powell, riders of rare cleverness, and many other features are promised for the big show, including the famous Riding Haneferds. The date in Lowell is next Thursday, June 10. There will be a parade at 10:30.

### HEAD OF WOMEN

#### VOTERS LEAGUE

WASHINGTON, June 4.—Mrs. Maud Wood Park of Boston, chairman of the National League of Women Voters, will arrive in Chicago, June 5, with the various directors of the league, to request a hearing from the republicans at the national convention on June 8. Headquarters will be established at the congress hotel.

Mrs. Park and the directors will go from Chicago to San Francisco to the democratic convention, which opens June 25. They will arrive June 26, with headquarters at the auditorium. En route from Chicago they will hold meetings in every western state, including steps at Omaha, Denver, Cheyenne, Billings, Great Falls, Spokane and Seattle.

### PORTABLE SCHOOLS

SAVANNAH, Ga., June 4.—The board of education of Chatham county, of which Savannah is the county seat, expects to buy a number of portable school houses to meet the congested condition of the public schools. Each will accommodate about 50 pupils and cost about \$1000.

A woman who charged in court that her husband is the meanest man in England said that during the sugar shortage he has kept his personal supply of sugar in a separate bowl, which he has left every morning with a fly in it and with the cover on. If the fly was not there when he came home at night he assumed that somebody had been meddling with his sugar and made an awful fuss.

### Says Every Railroad Man Should Read This

Peterson's Ointment Co., Inc., Buffalo, N. Y. Dear Sirs: I was afflicted with what the doctors said were Varicose Ulcers, and up until about five weeks ago I have been treating them for about a year and five months.

With all the treatment that were prescribed to me by several doctors I received little benefit, and they kept spreading and gave me much distress and caused me to quit my work. I was induced by a brother brakeman to try Peterson's Ointment, and after I had used two boxes I saw wonderful results. You can tell suffering ones troubled with ugly, painful and horrid ulcers that your Ointment is a cure for them when everything else fails, as I have tried about everything. Thanking you many times over I am, your happy friend, Chas. J. Heyser, Battle Creek, Mich., 45 Glenwood Ave., January 12, 1916.

"I know and dozens of people write me," says Peterson of Buffalo, "that Peterson's Ointment also cures eczema, old sores, salt rheum, piles and all skin diseases, and all druggists sell a big box for 35 cents." Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.—Adv.

# PALMER ATTACKS JUDGE ANDERSON

**Declares Charges Against Department of Justice Agents Are Untrue**

**Denies "Red" Prisoners Subjected to Ill Treatment—Replies in Detail**

BOSTON, June 4.—In a statement issued last night through the Boston office of the department of justice, Attorney Gen. A. Mitchell Palmer charges Judge George W. Anderson of the United States district court with having made untrue and prejudiced statements during the recent communist trials.

Mr. Palmer issued his statement in reply to a publication of the National Popular Government league, which printed charges of a serious nature against the department of justice. The article was signed by Roscoe Pound, dean of the Harvard Law school, and 11 of his colleagues, including Prof. Frankfurter and Charles, who defended some of the communistists; Tyrrell Williams, St. Louis, dean of the law school of Washington university; Frank P. Walsh, New York; David Wallerstein, Philadelphia; Jackson H. Ralston, Washington; former Judge Alfred Miles, Baltimore; Francis Fisher Kane, Philadelphia; Swinburn Hale, New York; Ernest Freund, Chicago, and R. G. Brown, Memphis, Tenn.

## Dental by Palmer

"It is unfortunate," Mr. Palmer says in his reply, "that I am compelled to criticize the statements or action of a justice on the bench, but when such statements as these are made in the spirit which is too evident from their wording and in addition are not true, I insist the truth be stated."

The comment made by Judge Anderson from the bench during the recent Red trials that the government owned and operated at least a part of the communist party, is answered by Mr. Palmer, who says: "His statements to the effect that the government owns and operates some part of the communist party are without foundation in any manner, shape or form, so far as they may refer to the department of justice."

The attorney general's reply is made to statements in the National Popular Government league's attack on the methods of the department of justice, in which they demanded answers to several charges.

## Serious Charges Made

These charges included: Lawlessness, cruelty and persecution on the part of officials of the department of justice.

Wholesale arrest and imprisonment of men and women without warrants, and illegal searches and seizures, in violation of the constitution.

Forgery by agents of the department to make cases against innocent persons caught in illegal raids.

Criminal theft of money, watches, jewelry and other personal property from victims of raids by agents of the department.

Cruel and unusual punishment visited upon prisoners taken into custody with and without warrants, in violation of the constitution.

Use of government funds in violation of the law to spread newspaper propaganda favorable to campaign of repression and to buy "boiler plate" distributed free to country newspapers to create popular opinion favorable to acts of the department.

Compulsion of witnesses to testify against themselves in violation of the constitution.

Filthy conditions of confinement, and refusal to let prisoners communicate with friends or lawyers.

Mr. Palmer's statement will be incorporated into a report on the Post charges now being considered by the senate committee on rules.

## Comments on Colyer Case

In reference to the Colyer case, the attorney general says:

"This portion of the publication is grossly unfair and the facts are distorted. Not only are the methods of the department attacked, but also the type of men in the service and their Americanism. Here I might add that the Boston division of the department is under the supervision of university-trained men—attorneys; and the men in the smaller cities in the division, not only in charge of the office, but members of the staff, are university graduates and some of them attorneys of long standing. The criticisms of Judge Anderson as published on page 45 are not interesting because at the time they were not material to the case and certainly cannot be established in fact.

"Concerning the suffering of the families, the Boston office immediately instituted an investigation into the financial condition of the families and advised the proper charitable authorities. In numerous cases the aliens, after being released, stated they had been fairly treated and that the agents of the department of justice had given them every possible consideration.

"On page 15, reference is made to the testimony of one Ivan T. Hrynychuk, which incidentally is not a typical case at all. As soon as a complete list of names of persons who were not identified with the warrants was made up, telegraphic request was made by the Boston office to the department at Washington for the issuance of the warrants by telegraph and at the same time a similar list and similar request was made on the immigration authorities at Boston, to permit them to take up the matter with their own department direct.

## Warrants "Where Practicable"

"Regarding searches and seizures, in every instance where practicable, search warrants were procured from either city authorities or the United States commissioner. In no instance can it be shown that any person or place was searched over the objection of the individual. Mr. and Mrs. Colyer

admitted at the hearing that they had permitted the search.

"As to handcuffing—this was done only where the guard was insufficient. The instruments used were those at present being used throughout the country and the 'chains' were nothing more than the usual light chain which police run through the cuffs where they have a large number of men to handle."

"I remind you that nowhere in the entire Boston Division is there a single charge of brutality or abuse."

"So far as the criticism of the judge on the use of under-cover agents or informants, I have covered that matter generally in another portion of my reply. His statements to the effect that the government owns and operates some part of the communist party are without foundation in any manner,

shape or form, so far as they may refer to the department of justice.

"His statement on Americanism was addressed directly at a man who is a war veteran, a man who wore the uniform—the badge of honorable distinction, and went away and offered his very life—to prove his Americanism."

"It is unfortunate that I am compelled to criticize the statements or action of a justice on the bench, but when such statements as these are made in the spirit which is too evident from their wording, and in addition, are not true, I insist the truth be stated."

## Details Not "Worth While"

"I invite you to read the record in the Colyer case and to consider the many unusual and striking features of the entire affair. How certain of these same 12 prominent attorneys became

identified with the case; such tactics as the opening coaching of a witness on the stand by a person not a witness or party but merely interested; the reasons for the many immaterial, unwarranted and untrue statements—all these I think would be of interest if known."

"I really do not believe it is worth the time to go into detail about the Colyer case as it involves generally those matters which I have covered previously. If you are interested in this particular case I will be glad to have a thorough, complete and painlessly true statement of the entire matter prepared for you."

Mr. Palmer then gives a brief resume of seven individual cases in the Boston territory of which he says he has had investigations made, and he states that he will show there has been an

unwarranted misconstruction of the real facts in the cases.

The cases referred to are those of Mrs. Stanislaus Vasilivska, secretary of the Chelsea branch of the Communist party; Charles Michaelson; Minnie Federman, a prominent member of the I.W.O., who was taken into custody on a United States immigration warrant; Annie Valliskas, an active member of the Lithuanian branch of the Communist party; Frank Mack, Ernest Liberman and Oluf L. Root.

## STREET RAILWAY FACES COAL SHORTAGE

Mayor Perry D. Thompson, of this

city, as well as mayors of other cities of the Bay State system of the Eastern Massachusetts Street Railway company has been forwarded the following letter relative to the coal shortage which the road now faces:

Boston, June 3, 1920.  
Dear Sir: On account of the extreme gravity of the situation, I take this means of calling your immediate attention to the fact that the public trustees of the Eastern Massachusetts Street Railway company are confronted by a coal crisis, the continuance of which will add more than \$1,000,000 per annum to the cost of operating the Bay State system.

As thousands of people in your community are vitally affected, and will inevitably have heavier burdens to bear as a result of this new and entirely unexpected development, we earnestly urge that you join with us in a vigorous protest to Senators Lodge and Walsh against the exportation of coal from this country.

Panicky bidding among foreign traders now in the coal region has pro-

duced an abnormal condition of shipping, full production which has resulted in this publicly operated road being obliged to pay \$15.25 per ton for coal, the pre-war price of which was \$10.00 per ton delivered, and the price only a few weeks ago less than \$1 per ton.

Furthermore, we have been reliably informed that this unprecedented price of \$15.25 per ton will be further increased within a week, when we will be compelled to buy coal again.

We have telegraphed our senators, outlining the grave injustice being done the public, and hope you will do likewise at the earliest possible moment.

Yours very truly,  
R. B. STEARNS,  
Vice President and Gen'l Mgr.

Residents of Dayton, O., have petitioned for permission to use the streets in residence districts for dancing purposes, with sections of smoothly paved streets roped off to protect the dancers from traffic, music to be provided by the city welfare department.

QUET AT BRISTOL, R. I.

One Company of National Guardsmen Withdrawn Today—Three Still on Duty

BRISTOL, R. I., June 4.—Industrial conditions having quieted here, one of the four companies of national guardsmen who have been on duty at the plant of the National India Rubber Co. for a week, was withdrawn today. The law is still technically in a state of insurrection, as proclaimed by Governor Beekman after riots last Friday in connection with the strike at the rubber company's plant, but further decrease in the military forces will be made from day to day, unless violence occurs again, it was announced.

The factories of the company, reopened yesterday after a month's shut down, were opened again today, to a body of workers estimated at about half the normal strength. It was impossible to operate several departments, but the workers who reported were kept at the plant, official said. In the belief that there would be additions, the factory management holds the opinion that many persons are remaining away from work through fear of violence, while the strikers hold not only that their ranks are unbroken, but that they have gained strength.

Congress to Finish Program

Continued

to pass the third deficiency bill carrying appropriations for \$58,467,000 or \$5,000,000 more than the house bill, the conference report on the merchant marine bill was made the unfinished business today. Several appropriation bills were yet to be approved. A similar program was before the house, in addition to which leaders in that branch expected to consider the senate resolution refusing the authority asked by President Wilson for a mandate over Armenia. Passage of the resolution was said to be assured.

To Repeal War Time Laws

WASHINGTON, June 4.—Several members of the senate judiciary committee are said to be inclined to question the advisability of repealing all war time laws, except the Lever food control and the trading with the enemy act, leaving the fate of the house resolution uncertain. Leaders believed, however, that it could be passed before adjournment Saturday.

The house adopted the repealing resolution almost unanimously yesterday, only three democrats dissenting. House democrats predicted that President Wilson would approve the measure.

Repeal of the Lever act was declared necessary to give the government an effective law to curb profiteering in necessities, including food and fuel, while continuation of the trading-with-the-enemy measure, it was

paid, was necessary to continue regulation of trade with Germany.

Adjournment Prohibited

CHICAGO, June 4.—Leaders of 17 unions of railroad employees with a membership of 2,000,000 men last night sent telegrams to President Wilson, Speaker Gillett of the house of representatives and Senator Lodge protesting against the proposed adjournment of congress until some definite action to curb profiteering and reduce the cost of living has been taken.

The telegrams declare that not a single remedial measure touching on these subjects has been passed by congress.

"We call attention to the fact," read the telegrams, "that despite the revelations as to the profiteering scandal, congress has done nothing to check the evil or to punish the evildoers; that the cost of living continues to advance without a single remedial measure having been passed and that there has not been even serious consideration of constructive legislation dealing with the serious problem of industrial unrest."

Adjournment of congress at this time "invites political chaos and business disaster," the telegram says in closing.

The telegrams were signed by the heads of 17 railroad employees' organizations.

At the same time, B. F. Jewell, acting president of the railway shopmen's department, declared that unless the railway labor board promptly grants an increase in wages to the employees

the entire railroad industry will be disrupted.

"This does not mean that there will be a general strike," he said. "I doubt if there ever will be a great railroad strike again. The men will simply leave the service and seek lucrative employment if their demands are not met. At the rate they are leaving now it will take only about five months to disrupt the entire industry."

CHURCH SERVICES AT LAKEVIEW

On Sunday next the first services for the summer season will be held in the Catholic chapel at Lakeview with masses at 8.30 and 10 o'clock. The regular choir will be assisted by Mrs. Catherine Sharkey-Garritty and Mr. Thomas Colburn, and the organist will be Miss Leona Spellman. Rev. Michael Gilbride, pastor of St. Mary's church in Collinsville, will celebrate the

masses. Rev. Fr. Gilbride is the one who originated the idea of the Lakeview chapel and it has been through his efforts that persons living near the lake during the summer time have had the opportunity of attending mass throughout the season. It is expected that a large number of the campers and many of the visitors will attend the services on Sunday. For those desiring to receive communion, confessions will be heard before each mass at the chapel.

WORLD GET PRESIDENT'S SALARY

WASHINGTON, June 4.—A bill providing for reduction of the salary of the president of the United States from \$75,000 to \$50,000 a year was introduced yesterday by Senator Smith, democrat, Georgia. Senator Smith also introduced a resolution proposing an amendment to the constitution which would limit the president to one term of six years.

MARRIAGES

Mr. Thomas J. Cummings of this city and Miss Jessie Haslam of West Peterboro, N. H., were married May 31 at All Saints' church by the pastor, Rev. Mr. Clark. The bride who was given away by her father, was attired in dark blue charmeuse with blue picture hat and carried a shower bouquet of bridal roses and sweet peas. She was attended by her sister, Mrs. Jeffrey, who wore a brown silver-toned suit and carried pink sweet peas. The best man was Mr. Ben Spafford of Maine. At the close of the ceremony a reception was held at the home of the bride, present at the festivities being guests from Boston, Lowell, Haverhill and Maine. After an extended honeymoon trip the happy couple who were the recipients

of numerous wedding gifts will make their home at 347 Third street.

Mr. Michael F. Sullivan and Miss Anna M. Flynn were married yesterday afternoon at 5.15 o'clock, the ceremony being performed at St. Peter's rectory by Rev. D. J. Heffernan. The bride was attended by her sister, Miss Mae F. Flynn, while the best man was Mr. Daniel Sullivan of Claremont, N. H. At the close of the ceremony the bridal party repaired to the home of the bride's parents, 35 Abbott street, where a wedding supper was served, followed by a brief reception. The couple left later in the evening on a honeymoon trip to Boston, Atlantic City and Washington and upon their return they will make their home in this city.

Don't expect too much from the ever-lasting movement while silk socks cover a multitude of shins.

## SPEAKER GILLET BLOCKS IRISH RESOLUTION

WASHINGTON, June 4.—Irish supporters in the house were confronted yesterday with a refusal by Speaker Gillett to grant the floor to any member for the purpose of calling up the resolution expressing sympathy for Ireland because of lack of time.

The resolution had been favorably reported by the foreign affairs committee and had been turned over to Representative Mason, republican, Illinois, who was to handle it on the floor.

Mr. Mason, in a letter to Chairman Porter of the foreign affairs committee, returning the resolution, said the

speaker had informed him that he "or nobody else would be recognized" to bring up the resolution.

One of the reasons assigned by the speaker for his action, Mr. Mason said, was that he already had agreed to grant the floor for more business than could be transacted in the few remaining hours of the session.

The house is speeding up business under suspension of the rules and, as a result, the speaker is in absolute control of the situation.

### Appeal to Both Parties

BOSTON, June 4.—All delegates to the republican and democratic national conventions have been asked to see that the party declarations of principles contain a clause recognizing the right of the people of Ireland to establish a free and independent nation, "in conformity with the principles of the Declaration of Independence and

the announcement of President Wilson on entering the world war, that the conflict was to settle once and for all the right of peoples to determine their own form of government."

The request is made in a letter sent to each delegate by the Massachusetts Irish bond drive committee.

### Would Drop Irish Question

BOSTON, June 4.—A meeting of members of the faculty and students of Harvard university and their friends was held last night in Brattle Hall, Cambridge, under the auspices of the Loyal Coalition for the purpose of preserving the friendly relations of the English-speaking nations, Dr. Charles W. Eliot and officers of the Loyal Coalition spoke.

A resolution was passed recommending "that members of the house of representatives confine their attention to American problems, and particularly that they avoid by official or unofficial act any interference in the so-called Irish question which is not the proper concern of any department of the government of the United States and least of all that of the house of representatives of the United States."

The resolution was sent to all Massachusetts congressmen and to officers of the government.

## EXCITING EPISODES IN MEXICAN REVOLUTION

MEXICO CITY, June 4.—The revolution which overthrew President Carranza and culminated in his death was attended by many interesting or exciting episodes which could not be reported to the outside while the coup was in progress. Some of the discoveries which have followed the installation of new authority in the capital city, too, have been entertaining.

Notable was that revealed by an interim official of the treasury department who announced they had found evidence of a fraud which had netted somebody an amount estimated at about 1,000,000 pesos. The papers here say that, when the infanticides (paper money with which the country was flooded during the last previous revolution) were burned, about one-quarter of the amount officially reported to have been destroyed had been previously extracted and sold at the current rate of 10 centavos on the peso. The Carranza government had been taking the old paper money in as a sort of surtax on import duties and other taxes. Later it was supposed to be burned.

While no disorders occurred in the capital during the evacuation by the Carranza government and the occupation by the liberal revolutionary forces, nor did public services cease functioning for an instant, the inhabitants of the capital were victims both of inconveniences and profiteers. Food prices increased and change, which has been the bugbear of everybody since silver began its sensational rise months ago, sold at a 15 per cent. premium.

The Indians who sell produce in the markets demanded metal currency and got it. Many foreigners, fearing a protracted struggle and a food shortage, laid in ample supplies. One American housewife bought 30 chickens, which she put to roost in the bathroom of her apartment. She was too excited to heed the advice of the Indian woman who sold the fowl that she should buy ducks.

The spectacle of a city of 1,000,000 inhabitants absolutely cut off from communication with the world for almost nine days was not the least interesting phase of the evacuation by Carranza.

## UNITE HUNDREDS OF ARMENIAN FAMILIES

CONSTANTINOPLE, June 4.—Hundreds of Armenian families are being reunited monthly through the efforts of the members of the American committee for relief in the near east, who are scattered throughout the leading cities of Asia Minor with headquarters in this city. In the deportations of the last four years Armenians have been shuttled about before various military movements with the result that nearly every family is searching for news of missing members.

Levon Shamlan, a young Armenian who is now a successful merchant at Balikesir, recently located his mother and young sister, through an advertisement printed in a local paper by Miss Caris E. Mills of Princeton, N. J., who is directing the American movement to unite Armenian families. Shamlan is preparing a home for them in Balikesir.

The history of the Shamlan family is typical of the experiences Armenians suffered at the hands of the Turks. They lived in Bitlis, in the far eastern part of Asia Minor. Levon Shamlan and his father were separated from the rest of the family by the Turks, and Levon was forced to go into the Turkish army and has never heard from his father. His grandmother and grandfather were killed. His mother was taken as a servant by Turks. Saranoush was taken as a maid servant by Kurds. The mother and daughter came upon each other unexpectedly in the American refuge at Aintab, both having walked hundreds of miles and suffered hunger and hardship in their search for relatives and safety.

Lists of orphans will also be printed in Armenian papers in America in the hope of finding homes for thousands of homeless children who may have friends of relatives in America. The American committee had nearly 30,000 orphans in the Constantinople district alone, and nearly twice that number in the Beirut area.

Both cable and telegraphic communications ceased about 2 p. m. on May 6. Until May 15 the cable lines were useless. An unreliable line was set up by the government to the American border in the afternoon of May 5, but it was devoted exclusively to military and outgoing business. Nothing was received from the outside world until the cable lines were restored.

Because of numerous relays and other wire troubles, those sending messages from the capital could not learn if their messages reached their destination. The same conditions obtained more or less throughout those parts of the republic distant from the border and the coasts.

Foreign press correspondents filed stories on the national lines, trusting to luck that part of them might see print. As safeguards they left summaries with the military authorities for possible transmission by government wireless. Aided other summaries with the cable company and still others with travelers leaving in attempts to reach the border.

### To Make Your Hair Look Naturally Curly

Just apply a little liquid siltmerine with a clean tooth brush before doing up the hair and you will have as beautiful curls and waves as you could wish for. They will be perfectly natural in appearance and will last a long time, even in damp or windy weather. The full effect is secured within three hours usually.

A few ounces of liquid siltmerine, which, of course, can be had at any drug store—will last for weeks, so it is quite economical to use. It also serves as an excellent dressing, giving the hair a delightful gloss. When the hair is combed out it will be as fluffy as though it had just been shampooed. —Adv.

## THE SEAL OF APPROVAL PLACED ON THIS MEDICINE BY TWO GENERATIONS

Merit decides the popularity of a remedy the same as for any other piece of goods. For nearly fifty years Pe-Ru-na has held the confidence of the American family. The real goodness of the medicine, its success in the treatment of catarrh and catarrhal conditions has made this possible—nothing else.

## PE-RU-NA FOR EVERYDAY ILLS

Whether the catarrhal inflammation takes the form of a cough and cold or a derangement of the stomach and bowels Pe-Ru-na has proved equally good. It regulates the functions of digestion, enriches the blood, aids elimination, tones up the nervous system and thus carries its soothing, healthful influence to the mucous membranes, which line all parts of the body.

Pe-Ru-na is a tonic laxative with great power in overcoming catarrhal conditions. Very effective as a body builder after a protracted sickness, an attack of the grip or Spanish influenza.

## RIGHTS OF THE PUBLIC

Arthur Brisbane asserts that to deny the right of an individual to quit work when he pleases, would be to make him a slave. That statement is pure buncombe. Under military rule, the sentinel must remain at his post until relieved, but that does not make him a slave. When a man is engaged as "a look-out" on board ship, is he free to abandon his post until relieved? When firemen are employed to guard against the destruction of property by fire, are they free to go off and leave the city to burn up? Certainly not. But does it make them slaves to remain for a stated time on the job? Not at all.

The man who wants to get off should give due notice so that his place can be filled. But if all the firemen conspire to quit work at the same time and leave the lives and property of the citizens unprotected, then their act is a menace to the lives of the public. If a law were made providing that firemen shall not be allowed to quit work in a body until their places shall have been filled, would that make them slaves? Before entering the service they usually know the conditions and what is voluntary cannot be slavery.

It is time some people got it into their heads that the public interest is paramount; that the rights and the safety of ten thousand, or of one hundred thousand people are of greater importance than the rights of any one of them; and that if the rights of one must be overruled in order to insure the safety of all, then that one must yield; and it would be folly to claim that such a regulation for the public good, is slavery.

If a city wants a particular site for a public building the owner of the land may object that it is his and he has a right to do as he pleases with it; but he must yield under the principle of law known as "eminent domain." He is not enslaved by this process as he will get a fair price for his land. Thus again is the paramount right of the public asserted.

Hence it should be understood that although generally speaking the individual has the right to quit work when he pleases, the exercise of this right is limited by so many conditions that it is foolish to say those restrictions destroy his right and make him a slave. Yet demagogues make that statement knowing it to be false.

Frederick W. Mansfield, who is one of the foremost labor leaders in the country, holds that workmen in public utilities should agree not to strike and should arrange for settlement of their difficulties in some other way—this solely in the interest of the public whose safety might be imperilled by an interruption of the service. The rights of each individual must be protected; but it occasionally happens that some restrictions must be imposed upon individual freedom in order to promote the safety and security of all. Without the exercise of this principle, there could be no organized government.

## PLATFORM SUGGESTIONS

The republican national committee has had a committee of more than 170 men and women at work for several months digging up material for incorporation in the party platform. This committee has reported and it is stated that an effort is being made to properly digest the great quantity of material turned in. Nevertheless, the leaders of the organization are reported to have their ears wide open to listen to any further suggestions.

The advice of The Sun may not be acceptable to the aforementioned leaders, but nevertheless, we venture to offer the following suggestions of plank material available to Chairman Hay of the national committee:

"The republican party endorses the principles of 'invisible government' by which a government intended to be of, by and for the people can be made a government of, by and for the chosen few."

"We endorse the principle that all political offices should be held by republicans and that we should unite to put out, and keep out, all democrats."

"We point with pride to the republican majority in congress that has labored faithfully to provide party capital even when it has been

necessary to sacrifice the best interests of the nation to do so."

"We condemn the democratic party for having been too successful in carrying the country through the world war. Such achievements by right are the property of the republicans."

It is now apparent that the issues forced upon the republicans will include the question of a bonus for the soldiers as the party in congress will side-track the bonus bills on various pretexts. That will have a conspicuous place in the platform and will be the subject of a solemn pledge; but the republicans are not noted for carrying out their platform pledges.

## SPREADING THE GLOOM

Sir Auckland Geddes, the British ambassador, seems to be quite pessimistic in his view of present conditions both in Europe and in this country. Here is part of what he says on the subject:

"In Europe we know that an age is dying. Here it would be easy to miss the signs of coming change, but I have little doubt that it will come. A realization of the aimlessness of life lived to labor and to die, having achieved nothing but avoidance of starvation, and the birth of children also doomed to the weary treadmill, has seized the minds of millions."

If he believes that the millions in this nation have no object in life but to labor and to die, achieving nothing but the feat of avoiding starvation and bringing children into the world to be doomed to the same fate, he is greatly mistaken. The people here are not in such a hopeless plight and the ambassador's statement betrays a state of mind that is far from healthy or enlightened. The expression of this sordid view indicates very clearly that the present British ambassador does not measure up to the intellectual standard of his predecessors, Earl Grey and Sir James Bryce.

The toilers who by labor secure a competence to enable them enjoy the ordinary comforts of life, are much happier, especially with their children around them, than the idle rich who seek all the enjoyments that luxury can give, only to be disappointed and die, in most cases childless—"unwept, unhonored and unsung." Sir Auckland displays poor taste in dispensing such gloomy opinions of the masses in this country.

## CHANGE THE LAW

Inasmuch as the supreme court of the United States decides that the president and all federal judges are immune from income tax on their salaries, the law so provides; but even so, the exemption will not be approved as fair, or democratic.

This decision is made on the constitutional provision that a judge's salary shall not be decreased during his continuance in office. It is for the same reason, perhaps, that the president's salary shall not be diminished from the amount fixed in the statutes when he is elected. This, however, does not exempt the president or the federal judges from paying an income tax on their private incomes same as other people. We do not presume to criticize the supreme court, which merely interprets the law, although some will contend that the amount of salary is not reduced by the payment of a tax after the salary is paid. We are rather inclined to agree with the minority, which holds that there is no ground for exempting federal judges from the income tax. But if the court's decision is final, then the law, which would thus establish a special privilege for the president and the federal judges, should be changed.

If these high officials want to show their respect for the law and to set a worthy example of loyalty to other citizens, they should insist on paying the regular assessment of income tax on their salaries, some as governors and other public officials, despite the decision of the supreme court.

## LEGISLATIVE EXTRAVAGANCE

For five months a republican-controlled legislature on Beacon hill has gone on providing for the expenditure of public money without the slightest apparent regard for the fact that the people are already staggering under a load of taxation which they are finding more and more difficult to carry. The legislators have gone on piling appropriation on appropriation as though the state

had access to an inexhaustible gold mine from which money could be obtained by the simple process of passing a bill through the two houses and getting the governor's signature attached thereto.

As a climax to its orgy of wasteful extravagance the general court is now passing through its final stages an act to impose a tax of one-quarter of one per cent on the gross incomes of all business corporations. This is in addition to taxes of one-half of one per cent already levied upon the same sources.

Most of the corporations can doubtless afford to pay this additional levy without serious inconvenience. But is there anyone so unsophisticated as to believe that it is out of the corporation treasuries that the money will ultimately come to pay this tax? As is always the case, the people who consume the products of the corporations will pay the bill. It is the ultimate consumer, as usual, that will carry the load imposed by the republican leaders who seem to have forgotten the meaning of the word economy.

## FLAG DAY

Governor Coolidge's flag day, (June 14) proclamation is a patriotic document well worth reading and study.

"The flag," says the governor, "stands for order and liberty, for freedom of the human hand and the human mind. It means that property, life and honor shall be inviolate, and it recognizes the duty of the people to protect each other in the security of these rights and that all experience and all reason demonstrate that the sole source of such protection is in government according to law."

It is true that there are injustices under the flag, but they can be righted by the peaceful processes of the ballot and of progressive reform.

With the bare-brained propaganda of Bolshevism, socialism and communism getting a hearing in so many quarters, Flag day this year should be more widely observed than ever before. It should be a time for something more than hanging out the flag in the morning and taking it in at night. It should be made the occasion for some real thinking about the glorious heritage the flag represents and protects.

## CAUSE OF LABOR

President Campers of the American Federation of Labor is fully justified in urging the friends of the organization to stand by the candidates in sympathy with the demands of labor as outlined by its leaders. It is expected that the labor men will stand firmly against the inducements that may be offered them to support candidates who are openly opposed to the interests of labor.

In the past, the democratic party has done most to advance the cause of labor and it is to that party the toiling masses must still look for the reforms necessary to secure fair treatment for all classes and right conditions in every emergency. If the labor unions drive the radicals from their ranks, they will find their strength politically and otherwise greatly increased. It is gratifying to find that already there is a noticeable change as the leaders have had time to condemn the radical policies of those who would bore from the inside.

Chicago has 12 convicted murderers on its hands and 30 men in jail awaiting trial on the same charge. It is fortunate that the city's population is large or it might begin to show the effects of wholesale homicide as it is practised out there.

Mill firemen at New Bedford have gone out on strike. Have the people of that city never heard of the word "arbitration" or, if having heard of its advantages, why do they not resort to it instead of engaging in ruinous strikes?

The hands that are guiding the steam-roller at Chicago are the hands that will nominate the convention's candidate.

## CENTRAVILLE M. E. CHURCH

At a meeting of the official board of the Centerville M. E. church held at the parsonage last evening it was brought out that the financial budget of the church for the months of April and May was twice as large this year as it was last year. It was voted that the pastor, Rev. Earl P. Melrose, should have a month's vacation. Other business transacted was of a routine nature.

## COAL RISE A TON

GENOA, June 4.—Italy is so short of coal that a company has been organizing out of the harbor the previous year that has fallen overboard during years of coaling operations in Genoa harbor. This reclaimed coal is selling for the equivalent of \$125 a ton.

## SEEN AND HEARD

A good party man is one who never looks a dark horse in the mouth.

People raise cane in order to get sugar and then must raise cane to get it.

The trouble is that people with an itch to reform the world always start on the other fellow.

If the senate doesn't vote according to its convictions, it may be better than people think.

In political circles the one-step has been discarded in favor of the slide-step.

## Worthy Thoughts

"Could you have fixed up the five-ver yourself?" asked Mrs. Chuggina.

"Yes," answered her husband, "but I like to take it to the shop once in a while. The repairman has a harsh temper and the way he talks about it gives me some new ideas."

## Psychological Coincidence

"Do you think Mrs. Spinix cheated at the outboard board?"

"I wouldn't go so far as to say she cheated," replied Miss Cayenne. "But I couldn't help noticing that it spelled some of its words the same way she does."—Washington Star.

## Happy Memories

A mysterious victim of aphasia in New Jersey can't remember anything about the war, which disposes conclusively of one possibility. He never was in the army, for even aphasia couldn't make him forget about that issue winter underwear.—The Home Sector.

## Pretty Big Boy

The two privates were having a heated argument as to the heights of the men in their respective outfits. Finally one clinched it.

"You know Flanagan of Company D?" he asked. "Well, there's a lad that has to get down on his knees to put his hands in his pockets."

## R-revenge!

Passing through a military hospital, a distinguished visitor saw a horribly wounded private from one of the Irish regiments.

"When are you going to send that man back to the States?" he inquired.

"He ain't going back to the States—he's going back to the front," an orderly informed him.

"Back to the front?" exclaimed the visitor, "but man, he's in awful shape!"

"Yes," replied the orderly, "and he thinks he knows who done it."—The American Legion Weekly.

## "Where, Oh, Where?"

With much courtesy, born of a road tip, the railway porter looked through the window of the cab.

"Your portmanteau is on top, sir," he said.

"Thanks!" replied the passenger.

"Tell the man to start!"

"Where's the man to drive you, sir?" asked the porter.

"What! isn't he on the box?"

"Yes, sir; and where's the man to drive you?"

"Where? Didn't you say he was on the box?"

"Yes, sir; but where is the man to drive you?" demanded the porter with signs of waning impatience.

"Hang it all!" roared the exasperated passenger. "You've just said he was on the box!"

"Yes, sir; but where's—"

Then a look of enlightenment stole across the passenger's face, and he grinned sheepishly.

"Carlton Terrace!" he said meekly.—Answers.

## EX-IMPRESS OF GERMANY III—

TWO FOUND NEAR HOME OF HOENZOLLERN ARRESTED

LONDON, June 4.—Dutch newspapers recently reported that the former empress of Germany, was under the medical care of Prof. Hymans Vandenberg of Utrecht, it being said she was run down in health as a result of moving from Amsterdam to Bonn. There has been no confirmation of this report. Says an Amsterdam dispatch to the Exchange Telegraph Co.

The day after the report was published two suspicious characters were arrested inside of the gateway leading to the new home of the Hohenzollerns.

Dutch authorities, the despatch states, are keeping strictly silent about this incident, but a close watch is being maintained. A large number of Dutch police has been stationed at all corners of the vast estate, while a few detectives have been placed clandestinely in the village of Bonn.

Count Hohenlohe is not authorized to leave his residence without having first informed the commander of the constabulary, who generally accompanies the former emperor on his motor trips.

## MAN ABOUT TOWN

Most children are of an inquiring frame of mind. They have an insatiable desire to learn the cause and meaning of things that come to their attention. The most practical way for them to find out what they want to know is to ask questions and, as their parents are usually in the eyes of their offspring gifted with wisdom which the parents themselves would probably modestly disclaim possessing, it is at the parents that questions that are puzzling and often almost incapable of being answered are fired. The other day a Lowell resident told the Man About Town of a recent happening at his breakfast table. His oldest son, a boy of seven or eight years, had evidently been reading the newspapers and his young mind had been diverted into a current of uncertainty regarding the subject that the papers are having a great deal to say about now-a-days. To settle some of his doubts he asked, "Say, pop, what's politics?" Pop of course knew all about the nature of politics. He, too, had been reading the papers and had spent much time in discussion with his associates regarding the qualifications of the different candidates for the presidential nomination. He had picked the winner at Chicago, and had a side bet on that his choice would be that of the convention. Nevertheless he was sorely puzzled to define the meaning of the word "politics." As he scratched his head and tried to formulate in words his scattered wisdom, he was relieved from further anxiety by little sister (aged six years) who pined up. "Say, pop, I know what politics is—it's trying to get another man's job." And little sister perhaps came nearer hitting the mark than some older people could have done on short notice.

One of the prettiest spots in Lowell on Memorial day, not excepting the various cemeteries with their wealth of flowers, was the little area at the junction of Bridge and First streets known as Varnum park. The tablet which residents of Centerville erected last fall in memory of the deceased veterans of the world war was banked with floral offerings, the tributes of various social organizations of Centerville as well as relatives of several of the men whose names are inscribed on the monument. A little American flag stood proudly in the midst of the flowers and the background of green and white formed by a luxuriant growth around the flagpole in the center of the little park made the scene a most inspiring one. More than one passer-by stopped to gaze at the simple but touching tributes to Centerville heroes. One of the largest wreaths laid at the base of the tablet came from the children of the Varnum school.

Whether or not the demand is greater than ever before, or whether cottages are naturally scarce like most every other thing, the fact remains that Lowell people have been disappointed by the score in their attempts to secure "summer homes" at nearby beaches. Advertisements, announcing a cottage to rent for the season, habitually receive anywhere from 50 to 75 inquiries within 48 hours, but the majority of them come too late, for the house is gobbled up without any ado whatsoever. Evidently there either has been a dearth of shore building, or more people are finding a vacation a necessity—we mean, luxury, for it sure is just that under present tariffs and railroad fares. Just write to a hostelry of average "class" and inquire concerning reservations. Ten to one the reply will sweetly say that there is a "nice, sunny room on the third floor, for \$100 per week." Then you will decide to stay in town and perspire.

GEN. OBREGON RETIRES FROM MEXICAN ARMY  
MEXICO CITY, June 3.—General Alvaro Obregon, commander of revolutionary forces during the revolt which ousted the Carranza administration from power, has retired from the army, according to the newspaper Excelsior.

## CHURCH WELCOMES NEW MEMBERS

New members were welcomed to Calvary Baptist church at a reception at the church last evening. The initial feature of the program was the presentation of a flag pin to all of the new members on their arrival by Mrs. Dilts, wife of the pastor and president of the Woman's society. This brief ceremony was followed by the reception with the pastor, Rev. Asa Reed Dilts and Mrs. Dilts, and the deacons and their wives and Wallace R. Gumb, superintendent of the Sunday school, in the receiving line.

Mrs. Dilts presided at the entertainment given in the main auditorium of the church. She made an address of welcome to the new members in behalf of both the church and the Woman's society. Miss Ella B. Thompson was the soloist of the evening and Mrs. Lavina Gage was the reader.

The pastor made a short address in which he welcomed the new members to both the worship and the work of the church. At the close of the program refreshments were served.

Mrs. Edward J. Lalime, chairman of the social committee, had general charge of the entertainment and reception, and Mrs. Ella Powers looked after the arrangement of the decorations.

The ushers were Charles Thurston, John Gaddes, Ernest Crute, Mrs. Louise Hanson, Mary Gordon and Mrs. Helen Blackburn.

The monthly covenant meeting of the church will be held this evening at 7:15 o'clock. The subject for consideration will be "Widowhood." After the meeting the pastor will conduct a class for the study of the lesson for next Sunday by the teachers in the Sunday school.

## ADVENTURES OF THE TWINS

by Olive Roberts Barton

WALLY WOODCHUCK IN DISGRACE

Nancy and Nick came close to hearing what Tingaling wished them to do, as he had said he had an errand he wanted done.

"It's about Wally Woodchuck," the fairy landlord of Dear-Knows-Where, said, looking very much upset. "That lazy, good-for-nothing has put his

and home, and the other (groundhog, you know) because he's such a greedy pig."

"Goodness!" said Nick. "I never knew he was so mean. We'll go get him right away, won't we, Nancy?" And the little boy was for starting right off.

"Here! Hold on!" cried Tingaling.

"IT'S ABOUT WALLY WOODCHUCK," THE FAIRY LANDLORD OF DEAR-KNOWS-WHERE, SAID, LOOKING VERY MUCH UPSET

children out again, mind you. He does it all the time and his wife doesn't dare to say a word."

"Are the children naughty?" asked Nancy.

"Naughty!" Tingaling laughed till all his bells rang. "Why, they're only four weeks old, and just off the bottle! That's the trouble; as long as Mrs. Woodchuck nurses them, Wally puts up with them, but when it's his turn to provide the chow—excuse me, I mean food—why, he's afraid he won't have enough for himself, so out they go. That's why he has two names, one because he chucks them out of house

catching him. "You don't know which door to go to. He's got four, the cute old fellow! The house only had one, when I rented him the place, but he's had the others put in—and balls. You just should see the halls. That's the trouble about catching him. When I go to the front door he hears me, and sneaks out the back, and if I hurry around there, he slips in again, and out one of the side doors. But with four of us—Tingaling counted the Magical Mushroom—"We ought to be able to round up the old scamp and make him take the children back."

## AUTOS IN COLLISION ON LAWRENCE ROAD

A Red truck operated by Abraham Arlinsky of Lincoln avenue, this city, collided with the Ford car driven by Forrest Grove of Merrimack street, Haverhill, on the Lawrence road near the Bragdon farm, Wednesday forenoon. Grove and his wife sustained numerous cuts and bruises as a result of the accident. Arlinsky was summoned into the Methuen police court and upon agreement between his counsel and the government the case was continued for trial until June 17.

Grove was coming to Lowell and Arlinsky was driving in the opposite direction. Swerving to the left of the

road, it is claimed, to avoid a welding machine which was on the car tracks thus blocking part of the road, Arlinsky collided with the Grove machine which was completely demolished. Upon the arrival of a doctor it was learned that a few small bones in Mrs. Grove's arm were broken.

## STEBBINS TELLS OF WOOD'S EXPENSES

WASHINGTON, June 4.—Horace E. Stebbins of New York, eastern treasurer for the Wood national campaign committee, explained to the senate campaign investigating committee today why officers of the senate had been unable to locate him to serve a subpoena for his appearance at the inquiry.

"Nothing could be more false than the implication that I have been evading an appearance here," he said. "I have been on a trip in the Canadian woods, which was planned long ago, which took me more than 60 miles from a telephone or telegraph line. The idea that I have been trying to hide is ridiculous."

"My family and my business associates have been absolutely persecuted by United States marshals and subpoena-servers. They could not tell where I was. I did not know always myself."

Senator Pomeroy remarked there were "two sides to it."

Asked to explain the eastern financing of the Wood campaign, Mr. Stebbins said he had "received money which was sent through William Loeb and his associates. I paid it out by authority of Col. Proctor and Mr. Loeb."

"Mr. Loeb sent \$255,000 from New York to Chicago," Chairman Kenyon interposed. "Does that appear in your accounts?"

"I don't want to get any duplication," the witness replied. "That \$255,000 was included in both my accounts and those at Chicago."

Both A. A. Sprague, the Chicago treasurer, and he at New York, Mr. Stebbins explained, were including that sum in their statements.

"I received between Feb. 29 and May 17, \$30,000 from Mr. Loeb," he continued. "At the same time, a memorandum of that amount was sent to Chicago to Mr. Sprague, though the money itself never got there."

"Then I received \$77,190 from Chicago," he said, "and about \$10,000 from the ways and means committee in New York city."

"That committee is composed of rather prominent men in New York?" asked Chairman Kenyon.

"Yes," Mr. Stebbins answered, adding that Herbert Satterlee was chairman, and that the committee "had about 100 members."

"We had a luncheon every week in the endeavor to raise funds," he continued. "We considered New York too good a field for contributions to leave to a committee financing a local campaign, only, so all of the committee's collections were sent to me."

There was a final figure in his books

of \$21,000 which came from 1000 subscribers through the National Leonard Wood league, he said.

## AID IN DISCOURAGEMENT OF COMMERCIAL FRAUD

ATLANTIC CITY, N. J., June 4.—An appeal to the judiciary of the country to aid in discouragement of commercial fraud through imposition of adequate sentences, was recommended today to the national convention of credit men in the report of its investigation and prosecution committee.

S. J. Eddy of Portland, Ore., presenting the report on fire insurance and prevention, said:

"This year, if we witness falling prices, alertness will be required against arsonists and incendiaries who will find the way of the torch profitable unless insurance interests and business and public authorities are on the offensive. Their dastardly quick rich methods must be made as dangerous and as costly as possible for them."

## CONVENTION OF REAL ESTATE MEN

KANSAS CITY, Mo., June 4.—The realtor who operates in a city that gives no thought to city planning, is working under a handicap as compared with those whose cities have a definite goal toward which they are working for greater beautification and greater utility, George J. Kessler of St. Louis, said today in a speech before the annual convention of the National Association of Real Estate Boards.

Preceding Mr. Kessler's address, the city planning committee presented its report, urging greater activity in city planning and condemning the property owner, who through short-sightedness, stands in the way of greater beauty and utility in city arrangement.

Advantages to real estate dealers, owners and prospective purchasers through the operation of appraisal committees maintained by local real estate boards as set forth in the report of the appraisal committees in several cities, including Cleveland, were reviewed and suggestions were offered for the conduct of such committees.

John R. Rood of Detroit, attorney and associate member of the Detroit real estate board, spoke on "Loop Holes in Land Titles."

## GREEKS NOW OCCUPY THRACE

BOSTON, June 4.—The League of Friends of Greece in America, 7 Water street, has received a cablegram from Naxos, dated May 30, telling of the Greek occupation of Thrace.

## RESTORATION OF GREGORIAN CHANT

NEW YORK, June 4.—Restoration of the Gregorian chant to the supreme place, assigned to it in the liturgy without prejudice to other types of music permitted by regulations of the Catholic church was urged in a resolution forwarded to Pope Benedict XV, following the close here today of the international congress of Gregorian chant.

Preparatory training in this class of sacred music for students in parochial schools and the training of choir masters in each diocese through schools of liturgy and ecclesiastical music established on the principle of the pontifical school of sacred music at Rome, also was asked.

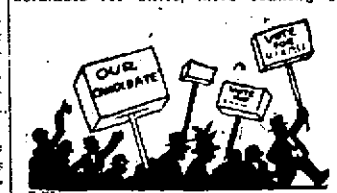

The resolution included a vote of thanks to the Very Rev. Dom Garard and the Very Rev. Dom Mocquereau, who came from England and the Isle of Wight, respectively, to assist in conducting the Gregorian chant here in which 3000 children took part.

## GEN. APATHY'S HAT IS IN THE RING

BY O. B. JOYFUL

A new candidate is in the field: "The New Third Party," being the 15th third party formed this year, is elated.

This means excitement, a wild scramble for office, more coaxing of

delegates, and more treats of ice cream sodas, pop, and ginger ale.

General Apathy has been brought out by his friends. General Apathy is the war candidate. The New Third Party felt the need of a military candidate. Hence General Apathy. General Apathy is not a favorite son. He's a national figure.

Already one delegate from Springfield, Mo., has been instructed for General Apathy, and it is predicted that the delegates-at-large from the state of Sonoma will vote for him.

## The Family Who Begged—for Dessert

"I'd just like to make some ice cream for dinner tonight," said Mrs. Graham as she and Mrs. Norton sat sewing on the porch one afternoon. "But my ice cream always turns out thin and watery."

"Did you ever try making ice cream with Pudding?" asked Mrs. Norton. "I think I have tried making it with everything under the sun!" exclaimed Mrs. Graham.

"Pudding makes ice cream smooth and velvety," said Mrs. Norton. "You'll be delighted with it."

"What is it?" said her friend. "It's a prepared dessert," she answered, "and more. You see, I never had much success with making cornstarch pudding, and one day somebody told me about Pudding. Now we almost live on it."

"Is it hard to make?" inquired Mrs. Graham. "Oh, no; all you do is to add sugar and milk, either fresh or condensed, and boil three minutes. It always turns out right. I pour mine into a mold, and then when it cools, have a firm, smooth dessert, rich and creamy. And it's so pure and wholesome, I let the children have as much of it as they want."

"What flavor is it?" said her friend. "Oh, you can get any flavor you like—your favorite—chocolate, vanilla, orange or lemon—and it's so economical. Why, one 15c package will serve 15 people, or you can buy the 10c size."

"But you said something about making ice cream with it," said Mrs. Graham. "Yes, indeed," answered Mrs. Norton emphatically. "There is the simplest and finest recipe in the Pudding package. And as for pie and cake fillings—well, you'll be delighted with their richness and creaminess."

"A few days later the friends met. 'My dear,' exclaimed Mrs. Graham, 'I bought some Pudding and made the most delicious ice cream you ever tasted, and now my family fairly begs for a Pudding dessert for every meal.' Get some Pudding at your grocer's today.—Adv.

This injects the question: Will the Duffs lead a bolt from the convention if Tom isn't named?

## BIG SONG FESTIVAL AT OPERA HOUSE

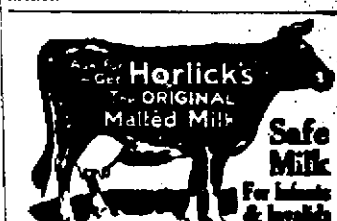

Plans are rapidly nearing completion for the big song festival to be staged next Sunday afternoon and evening at the Opera House by the Crescent Hill association for the benefit of the organization's new clubhouse fund. The soloists will include Miss Emily Gaudette, Miss Beata Gendreau, Mrs. Tobin, Miss Alice Dion, Miss Frances O'Donnell, Francis A. Connor, Edward Donahue, James Manning, William McGrail, John "Doc" Keefe, Joe Dowling and James Kennedy.

The Crescent Hill double male quartet which made such a hit at a recent minstrel show will also appear Sunday with the following members: Harry Carafell, Wilfred Ducharme, Arthur Desrosiers, John J. Mahoney, Fred Desrosiers, James Manning, John Bazzley and Omer Desrosiers.

A first run photograph and selections by a nine-piece orchestra under the direction of Leo Heceneourt will be other features of the entertainment. Tickets are on sale at various stores throughout the city and may be exchanged now at the box office of the Opera House for reserved seats.

## CONCERT AND DANCE

Members of the 101st Ladies auxiliary will stage a concert and dance in the Talbot memorial hall, North Billerica, this evening. Those who have followed the excellent work done by this organization as a connecting link between the Lowell boys of the 101st Regiment and the people who remained at home will undoubtedly attend this evening's affair in large numbers. An excellent program of music, a cool hall and car service between Billerica and Lowell before and after the dance will be features of the evening's arrangements.

## Pointester to Arrive Today

Continued  
Vice president, who have arrived with nominating speeches already prepared and now they are busy canvassing the various delegations trying to induce someone to deliver them.

Vice President Marshall is going to have a look at the republican contests and possibly at some of the conventions on his way west. He is due to arrive today.

### More Contests Up for Decision

While all these preparations are going on the national committee in its meeting room at the Coliseum continues to grind away deciding contests among state delegations. The Georgia case, which contains delegates for Wood or for Lowden, is on the calendar for disposal today, and there are suggestions that yesterday's decision in the Florida case—with somewhat similar aspects—might furnish the solution. There are some indications, however, that when the case is called it may be passed down the list to the bottom of the calendar and wait there until all the remaining contests are decided.

At the present rate of progress there is hope among the national committee men that they may finish their work Saturday.

### FINAL CONFERENCE ON ARTICLES OF REPUBLICAN PLATFORM TODAY

CHICAGO, June 4.—Final conferences on the articles of the republican platform to be submitted to the convention began today. The results of the work of the executive committee of which Ogden A. Mills is chairman, are to be turned over to the resolutions committee chosen at the convention. Chairman Lloyd of the national committee said, as the function of the executive committee is purely advisory.

The 13 sub-committees have been at work for six months and through the returns of more than 100,000 questionnaires and by other means have obtained the views of more than a million republicans in every field of public activity and interest," Mr. Hays said.

"Full public hearings before the resolutions committee will, however, be held on all pertinent questions and interested parties will be given an opportunity to present their views.

"C. S. Barrett, president, and other representatives of the Farmers' National Union, representatives of the American Federation of Labor and Harriett Taylor Union of the League of Women Voters, will be given adequate time.

man from Michigan, aroused lively discussion and some hot retorts from the southern committee members because in its language it originally referred to the southern states specifically. When amended to refer to all states alike, however, it found no opposition and the southern committee men voted for it.

The decision in the Florida case was a Wood victory in the sense that it keeps six votes for the general on the roll when his candidacy was threatened with the loss of all votes from the state. Out of a mass of legal technicalities the committee came to the conclusion that in a strict legal sense neither the delegates-at-large of the so-called Gerow faction, headed by National Committeeman Bean, which are counted in the Wood column, nor the delegates-at-large headed by H. J.

Anderson of Jacksonville, which are counted for Senator Johnson, ought to be seated. It was confronted, however, with practically abolishing the republican party in Florida if it declined to seat some of them. National Committeeman Street of Alabama led the fight for seating the whole Gerow faction and Committeeman Work of Colorado fathered a move to seat neither.

Mr. Warren of Michigan, however, presented the compromise by which both sets of delegates-at-large of the Gerow and Anderson factions were ordered seated with a half vote each. The contest against the four Gerow district delegates collapsed at the last moment and they were ordered seated. The result gave the national committeeman Bean, six votes out of eight in the state delegation and seemed to forecast his re-election to the national committee.

The day's work disposed of 30 votes and still left 75 in contest. In all, 62 convention seats out of 127 contested have been decided but the remaining contests promise to consume less time and may be finished up by Saturday. The lineup of delegates in the various columns stood this way at the close of yesterday's work:

Wood, 117; Johnson, 112; Lowden, 88; Harding, 33; Polinder, 14; Sprout, 76; Sutherland, 18; Pritchard, 22; remaining in contest, 75; uncommitted, 448. Total, 952.

U. S. P. AROUSED BY BLACK AND WHITE CONTESTS MAKES IMPORTANT RULING

CHICAGO, June 4.—Besides settling the delegation contests from Florida by splitting the decision, the republican national committee yesterday took what many members construed to be one of the most important actions of years respecting the party's vote in southern states.

Aroused by the number of delegate contests in which evidence was brought that district conventions had been held in places where negroes were excluded by custom or practice, the committee by unanimous resolution gave notice that conventions for the selection of delegates in 1924 must be held in places where race was no barrier to participation.

A resolution to that effect offered by Charles B. Warren, national commit-

tee man from Michigan, aroused lively discussion and some hot retorts from the southern committee members because in its language it originally referred to the southern states specifically. When amended to refer to all states alike, however, it found no opposition and the southern committee men voted for it.

The North Carolina contest, which was a straight out and out black and white issue, resulted in the seating of the white delegation led by John M. Morehead of Charlotte, N. C., national committeeman. In the contest for the Sixth district of Tennessee, one delegate counted in the Wood column was seated. In the second Oklahoma district two regularly reported delegates, uncommitted, were seated and the contest was dismissed. The contest in the Fifth Oklahoma district involved the organization of National Committeeman McGraw. His delegates prevailed and four were seated with a half vote each. A similar contest from the Fourth Oklahoma district was referred to a sub-committee.

The day's work disposed of 30 votes and still left 75 in contest. In all, 62 convention seats out of 127 contested have been decided but the remaining contests promise to consume less time and may be finished up by Saturday. ### City Clerks' Salaries

Continued  
Have that both these classes should be started at the same minimum wage. Some exceptions should be stipulated if such an ordinance were adopted.

"But on the whole, the idea is excellent. A clerk would start in at a fixed salary and she or he would know just when she or he would get a raise and how much it would be. There would be no pulling wires for the individual commissioners would have no alternative but to follow the regulations of the ordinance. Remuneration would not be merely a matter of chance or nerve to ask for more money; it would be a fixed quantity and the clerk would know from the very

minute that his or her job started what the chances of increases would be."

Commissioner Dennis A. Murphy is also strongly inclined toward the idea. He said this noon:

"Something ought to be done to regulate clerks' salaries and I believe that an ordinance will be adopted plating their remuneration on a graduating scale before the year is out. It's the only just way out of a situation which has existed for years. I don't see why one or two clerks should be able to get \$100 and \$500 increases while others can't get any.

"When the council gets around to discussing the salary question, I predict that a scheme of this sort will be broached for consideration."

Commissioner George E. Marchand, when interviewed on the matter, said: "I favor the ordinance idea. It's the only just way to regulate salaries and I think it would avoid a lot of unnecessary hard feeling among the clerks."

Commissioner John F. Salmon also favors the plan whereby clerks would start work on a general minimum salary and would automatically be advanced from year to year until the maximum, whatever that might be, were reached. He said that the proposition was certainly a just one.

Commissioner James E. Donnelly's views on the matter were not obtained as he was not available.

### \$50,000 FOR TWO MONTHS OLD BULL

ST. PAUL, Minn., June 4.—Fifty thousand dollars was paid for a two-months-old bull—Alcartra King Sylvia—at the sale under the auspices of the Minnesota Holstein-Friesian association here. The animal was purchased by A. C. Hardy and A. B. Shaw of Roserock farms of Ontario, from A. A. Morris & Son of Woodland, Cal.

What with Palmer's bull, and dark horses, and the profiteers collecting goals, this will soon be a staple government.

There was a large attendance at the semi-annual meeting of Club Lafayette, which was held last evening in the quarters of the organization in Wabash street. President E. Gaston Campbell occupied the chair and considerable business was transacted. The report of the treasurer and that of the secretary showed the club to be in good financial condition, while its membership is the largest in its history.

This question of holding the annual outing this year was discussed at length and it was finally decided to make arrangements for the event which will be held probably at the Martin Luther grounds in Tyngsboro in the latter part of August or early part of September. At the close of the business session a social hour was held during which entertainment numbers were given and luncheon was served.

## TWO ARRESTS MADE IN KIDNAPPING CASE

NORRISTOWN, Pa., June 4.—A second arrest in connection with the kidnapping of Wednesday of Blakeley Coughlin was made in Philadelphia today. The prisoner, James Malone, 27 years old, will be given a hearing later in the day. No specific charge was made against him.

Malone, according to the authorities, is a friend of Catherine Dundon, a former cook in the family of George H. Coughlin, father of the stolen baby, who was arrested last night on charges of suspicion of having been implicated in the kidnapping. She declares that she is innocent of any connection with the case.

Awards aggregating \$7500 have been offered. Counsel for Coughlin indicated that the abductors would be given immunity, so far as the family is concerned, if the baby is restored to its parents unharmed.

## U. S. TO EQUIP MERCHANT SHIP WITH "EARS"

NEW YORK, June 4.—In olden times when Chinese ship-builders designed and constructed their latest sailing craft for war or commercial purposes, prominent and oftentimes ferocious "eyes" were located on either side of the bow.

Today, modern America, now the leading nation in ship construction, is proposing to equip her merchant vessels with "ears," the location of which like the eyes on the Chinese junk are on the ship's bows, but under instead of over the water. While superstition induced the Chinaman to equip his ship so it could "see" its enemies and work its way into a safe port through shoal water, hidden rocks and through crowded waterways, science has designed the "ears" for the same purpose.

With the destroyer Brockbridge equipped as a demonstrating ship, 40 or more, representatives of leading steamship lines have just had an opportunity to see and test the efficacy of the listening device. It is now a government controlled invention used on fighting ships during the war as a protection against submarines and officially designated by the navy as "The M.V. type Hydrophone." Its object is to disclose in surrounding waters the presence of other craft, to forestall the approach to shoal waters, and apprise the navigator of the vicinity of lightships equipped with summing bell-sounding devices. It is expected also to disclose with remarkable degree of accuracy, the depth of water wherein the ship is equipped with floating.

The apparatus includes 45 hydrophone receivers located in a tank of water in the bow of the vessel so that an equal number is on either side. In the test the sound of the propellers of a steamer five miles distant was heard. The depth of water is ascertained by listening to the noise made by the propellers of the vessel carrying the hydrophone as it is echoed back from the bottom of the sea. In depth beyond 100 fathoms, however, the hydrophone refuses to record it was explained, but as a majority of collisions occur near a coast line and at congested harbor entrances, the inventors and officers of the navy predict that its adoption will remove many of the hazards of navigation now induced by fog.

Dr. H. C. Hayes, formerly of Swarthmore college, said the device had been installed on the transport Von Steuben and on one occasion probably saved the ship from running aground on the Long Island shore during a heavy fog. Dr. Hayes also claims that the invention will enable a mariner to locate icebergs, through the reflecting back to the operator from the submerged portion of a dangerous berg the sound of the operating ships' own propellers.

## TREATMENT OF WOMEN THE DARKEST PHASE OF EGYPTIAN LIFE

LONDON, June 4.—The treatment of women in Egypt is the darkest phase of Egyptian life, says G. N. Barnes, member of parliament, who has recently returned from a tour of that country. "The men in Egypt, said Mr. Barnes, so far as sex relations were concerned, thought themselves the lords of creation. They could divorce their wives at will without whim or reason, and it was not uncommon for a man to have three wives. "In many houses," continued Mr. Barnes, "I never saw a woman and

you can take it from me that the position of the women in Egypt is absolutely one of serfdom and dependence. They spend their lives in miserable hovels; in working in the adjoining fields, or in getting water. "They are the serfs of the men and as much beasts of burden as the donkey and the camel. A people which uses women folk in that way are destined to be a subject race and do not deserve to govern."

## MOVIES IN GERMAN CHURCH

BERLIN, June 4.—The first divine service with moving pictures in a German church has just taken place at the Zwinger church here. Pictures of the Passion were thrown on the screen, and music by Bach was rendered by the church choir.

## TIMES HAVE CHANGED

Woman at Convention in '80 With Chaperone Goes This Year as One of 'Boys'

NEW YORK, June 4.—Forty years ago Miss Helen Varick Roswell, lawyer and one of the pioneer women republicans of the country, attended the republican national convention with a chaperone. On June 8, Miss Roswell, who is vice chairman of the New York county republican organization and well known as a humorous speaker, Mrs. Florence M. S. Knapp of Syracuse, N. Y., and 20 alternates, none of whom will have chaperones, will attend the republican national gathering in Chicago as the representatives of the women republicans of New York state. They will go, they say, to participate in the proceedings "in the independent spirit which should characterize every voter."

"This is the 10th national republican convention I have attended," declared Miss Roswell, "but it will be the first time I have ever occupied a place among the 'boys' on the convention floor. Women from all over the United States this time are going to be 'in' and not merely 'at' the convention. More than 25 of us are delegates and fully 15 are alternates."

Among the more prominent women delegates from other parts of the country will be Dr. Helen S. Peabody of Sioux Falls, S. D., a delegate-at-large, well known as an educator and lawyer. Another delegate is Mrs. Katherine P. Edison of Los Angeles, who was instrumental in having passed the California welfare laws protecting women and children. She has been a member of the state industrial commission of California and was the first chairman of the republican women's state committee in California after women were enfranchised.

Mrs. John Glover South, delegate-at-large from Kentucky, is chairman of the women's division of the republican national committee. She is a cousin of Gov. Morrow of Kentucky and a daughter of the late Frank O. Bradley, the first republican governor Kentucky ever had. Kentucky in selecting Mrs. South as a delegate to the convention set the pace for other southern states to follow. Tennessee immediately elected a delegate-at-large and two women as alternates-at-large. Mrs. Stanley Fossee of Minneapolis

has the honor of having been unanimously elected delegate-at-large from Minnesota by the republicans of that state. She is head of the women's republican organization of Minnesota and has been actively engaged in combatting the Non-Partisan league.

Mrs. Arthur L. Livermore, chairman of the republican women's executive committee of New York, is an alternate-at-large from that state. She is the founder of the Women's University club of New York and is the daughter of Senator Henry Wells, who was the treasurer of the Massachusetts legislature for a quarter of a century, decorated and re-furnished.

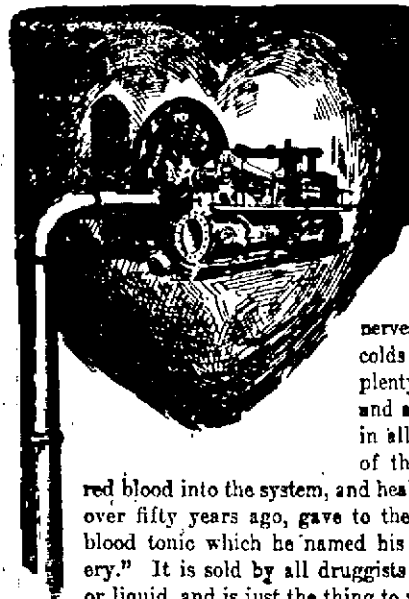

## BRAZIL MAKING EXTENSIVE PLANS TO ENTERTAIN THE KING OF THE BELGIANS

RIO DE JANEIRO, June 4.—Brazil already is making plans to entertain the king of the Belgians when he takes his projected visit to this country later in the year. The steamer Oberamb, one of Brazil's best merchant vessels, will be sent to Antwerp to bring him to Rio.

Guanabara palace, where the royal guests will be housed during their stay here, has been extensively re-commissioned for a quarter of a century, decorated and re-furnished.

## Your Hard Working Heart

By Lee H. Smith, M.D.

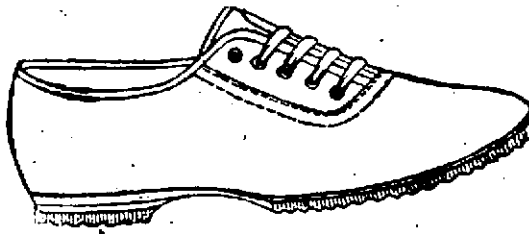

The heart is a wonderful double pump, through the action of which the blood stream is kept sweeping round and round through the body, at the rate of seven miles an hour.

A healthy stomach turns the food we eat into nourishment for the blood stream and the nerves. No one suffers from colds or catarrh who has plenty of red blood corpuscles and a good digestion. Catarrh in all its forms is a stagnation of the blood. Introduce pure

red blood into the system, and health is assured. Dr. Pierce, over fifty years ago, gave to the public an alternative and blood tonic which he named his "Golden Medical Discovery." It is sold by all druggists the world over in tablets or liquid, and is just the thing to put the body in the best of condition. It is a tonic, alternative and nerve, which contains no alcohol, and has the ingredients printed on the label. "Golden Medical Discovery" assists the digestive functions, assimilating the food and taking from it what is necessary for feeding the blood. Thus the blood takes on a new vigor and vitality. This corrective remedy nature put in the forest for keeping us healthy. One feels strong, vigorous and full of "pep," instead of weak, nervous and "played out." Send 10c for trial pkg. of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or, send for a free medical booklet on any disease or free medical advice.

## NARROW ESCAPE

## Anticist Hits Curbing While Avoiding Driverless Car

Patrolman Goldrick, of the local police department, had a narrow escape from serious injury last evening when in order to avoid striking an automobile which was speeding across the street without any one at the wheel, he turned his car against the curb. The officer's machine was damaged considerably but fortunately he escaped with nothing more serious than a shaking up.

The accident occurred in Gorham street at a point near the corner of Madison street, the automobile, which was speeding along without a chauffeur being owned by Michael J. Sharkey, of 155 Smith street. It seems that Mr. Sharkey brought his car to a stop in Madison street and applied the emergency brake, and while he was in a

house nearby some boy got into the car and released the brake. The machine then started down Madison street at full speed, crossed Gorham street, climbed over the curbstone and crashed into a fence. It was as the chauffeurless automobile was crossing Gorham street that Officer Goldrick made his appearance in his car and in order to avoid striking the other machine he swung to the left into the curb.

## NO SHORTAGE OF WATER IN LOWELL

Water in the high service reservoir of the water department is continuing to mount rapidly despite the fact that a substitute pump is being worked at the West Sixth street station in place of the one which recently broke down. Today the water was 13 feet 2 inches high. It gained 13 inches yesterday and 17 the day before. The capacity of the reservoir is 18 feet.

Supt. Robert Gardner says that plenty of water is being pumped for the city's use. The Cook wells are doing valiant service and are going at practically full blast, eating up four tons of coal per day.

## PAINTINGS DEPICT LIFE IN SWEDEN

An excellent exhibition of paintings in water color by Swedish artists, depicting home life in Sweden, is now being shown in the main reading room at the city library and well worth the study of those interested in that country or in painting merely for its own sake.

There are 50 individual paintings in the group, representing the efforts of a score or more artists. Prominent among them are Bruno Liljefors, "The Fox Hunter," "The Eagle and Hare," and "A Black Cock and Hen," all of them notable examples of this artist's ability to portray realistically animal and bird life. Carl Larsson is represented by "The Big Sister" and "The Little," each admirable studies in figure expression, and Albert Edelfelt in "Mary Magdalene" and "On the Sea" shows real versatility. Other paintings depict various phases of Swedish home life, customs and scenery and are well worth viewing.

## Graduation Exercises

Continued

As usual no member of the school trustees had an active part in the program. For a number of years the late Alexander G. Cunnock, as chairman of the board, either gave the address of welcome or presented the diplomas and degrees, but this year Arthur G. Polard, present chairman, although sitting upon the platform with other

trustees, left both of these affairs in the hands of President Charles H. James.

The principal address was delivered by David B. Vaughan, B.S., professor of social service at Boston University. He chose as his text, "The World Sweep of Democracy."

Of particular interest was the presentation of the medal of the National Association of Cotton Manufacturers to that member of the senior class who ranked the highest in all courses throughout his four years of study. It was won by Charles Henry Forsaith of Nashua, N. H., who received a degree in textile engineering.

Mr. Forsaith, in addition to being a student of unusual ability was president of the class, captain of this year's baseball team and editor-in-chief of "Text," the bi-monthly school paper.

The textile orchestra furnished the musical part of the program, playing the opening overture, a march, selections and the Anais.

The graduates were the following named:

Degree—Bachelor of textile chemistry: Carl Emil Brainerd, Dorothy Maria Brubaker, Moran Hyman Goldman, George Henry Johnson, Walter Wellington Powers, John William Russell, Gordon Maxwell Scott, Waldo Eric Suhlke and Louis Samuel Zisman.

# "Redcoat" Brings In Eskimo Killer From the Cold and Barren North

OUANGWAK, THE ESKIMO, AND CN. UETT, FOR WHOM HE  
KILLED TWO MEN. INSET, SERGT. W. O. DOUGLAS

(N.E.A. Staff Special)  
WINNIPEG, June 4.—The Royal Northwest Mounted Police proudly boast that there is no place in the Canadian northwest, no matter how remote it be from civilization, where law may be violated with impunity. And today—as backing for that claim—an Eskimo, who killed two of his fellow tribesmen, in the barren lands of the north, all in cells at Dauphin, Manitoba, awaiting trial.

Sergt. W. O. Douglas of the famous scarlet-coated force, who walked and ran with a dog team more than 2000 miles to arrest the Eskimo and take him to the nearest court, and Sergt. E. H. L. Thompson, who traveled 500 miles in the same manner to get the

Indian, have just arrived in Winnipeg.

In Dauphin court-house, where Ouangwak, the Eskimo, and James Wastacoot, the Indian, were bound over for trial, the stories of the murders and the long chases came out.

The Eskimo shot his two victims, because he wanted the wife of one of the men. Under the Eskimo code of morals, he could not have her so long as the husband was living.

His second victim was slain as a measure of precaution; he was the husband's brother and, Ouangwak surmised he would try to avenge the murder.

Ouangwak freely confesses that he shot Angabookyouak through the head while he slept and that he killed the brother, Alecumick, by shooting him

through the breast. He is particularly proud of the way in which he cowed the entire tribe.

After the murders, he took Angabookyouak's wife to his own igloo and, with rifle in hand, challenged any or all members of the tribe who desired to dispute his possession of the woman or the manner in which he had won her, to step forward and be shot. It made him the hero of the tribe.

The killing occurred last August at Lake Yathkyed, known to the natives as Shekolookyouak, about 300 miles straight north of Winnipeg. Sergeant Douglas, who is officer in charge of the mounted police at Fullerton, the farthest north police post on Hudson Bay, received the news in December. Travelers had brought back news of the "Terrible Lover's" killings.

Douglas set out for Lake Yathkyed on Dec. 19, arriving there and making the arrest Feb. 2.

Ouangwak offered no resistance. With his prisoner and the woman, Douglas started for Hudson Bay coast. The officer and Ouangwak walked and ran all the way, but Cunneil, the heroine of the tragic romance, who weighed 200 pounds, had to be hauled on the dog sled.

"I had to take her to relatives at Churchill," Douglas explained. "She would have died at the camp. It is the Eskimo custom to allow widows and others, who have no one to look after them, to starve."

Douglas and the Eskimo then went down the coast of the bay in 25 days, facing a blizzard most of the way and frequently freezing their faces, feet

and hands. It was often 50 degrees below zero.

At Port Nelson, while resting before starting on the last lap of their long journey, they were joined by Sergt. Thompson and the Indian Wastacoot, whom he had chased for four days.

According to other Indians, Wastacoot had killed his cousin by shooting him in the back, after a quarrel over traps.

Thompson heard the news within two days. The Indian, a lad of 17, had fled into the brush, but his trail through the snow was easy to follow and, like the Eskimo, he made no attempt to resist when the "mountain" walked into camp.

With their prisoners and several Indian witnesses to the Wastacoot murder, Douglas and Thompson traveled 500 miles by dog-sled through a raging storm, with the temperature never higher than 40 below zero, to Kettle river, the end of the trail on the Hudson Bay railway.

There they left their dogs and sleds and boarded hand-cars. They finally got a train, the "Moose Special" which makes the trip from The Pas to Mile 214 once a week, weather permitting.

When taken to Dauphin the Eskimo

was overwhelmed by white man's houses, autos and such. He told his captor that he never wanted to return to the barren lands.

Asked whether he would not miss the woman, for whose love he had killed two men, he indicated that he liked the "skinny" white women better; he had never before seen a woman who weighed less than 175 pounds.

Both the Eskimo and the Indian will be tried for murder next autumn.

## CHELMSFORD BOY SCOUTS

A largely attended meeting of boy residents of Chelmsford Centre was held last evening in the town hall for the purpose of forming a troop of Boy Scouts. The meeting was addressed by R. I. Ripley, scout executive for Lowell and surrounding towns, who briefly explained all the benefits to be derived from the Boy Scout organization. A great number of the boys present signified their intention of joining the troop and they were supplied with blanks to be signed by their parents. The Chelmsford troop will be in charge of Scout Master Lester F. Alden, who will have as assistants, Paul Swanson and Charles Ellis. The next meeting will be held Monday evening, June 14.

## BLAME TINKHAM FOR HIGH PRICE OF SUGAR

WASHINGTON, June 4.—Action of Atty. Gen. Palmer in sanctioning a "fair" price for Louisiana sugar was defended yesterday in a report of minority members of the house sugar investigating committee.

Representatives Whaley, South Carolina, and Summers, Texas, who signed the report, declared Mr. Palmer's action was in line with his duty and criticized Representative Tinkham of Massachusetts, who, they said, "by repeated statements called the attention of house members and the public in general to the scarcity of sugar."

"Ever since that time there has been a continuous rise in the price of sugar," the report reads, "and it is believed that the acts of Mr. Tinkham and the publicity given the sugar situation by him, have had a great effect on the desire of the consuming public to obtain an ample supply of sugar and to protect themselves against the shortage and have been a very potent factor in the rise in the prices of sugar."

## LOUISIANA DELEGATION TO DEMOCRATIC CONVENTION WILL GO UNINSTRUCTED

BATON ROUGE, La., June 4.—The Louisiana delegation to the democratic national convention will go uninstructed as to modification of the Volstead act to permit the sale of light wine and beer and on woman suffrage and will vote as the members desire for a presidential nominee. It was decided yesterday at a caucus held preliminary to the opening of the state convention.

## COLLAR WORN BY KING WHEN KILLED IN BATTLE PRESENTED TO SWEDEN

VIENNA, June 4.—The general's collar worn by Gustavus Adolphus, King of Sweden, when he was killed at the battle of Lutzen in 1632 has been presented to the Scandinavian government by the state in recognition of charity to Austria. The insignia was taken from his body by soldiers of the Austrian Guard and has been in the Military Museum here.

## President Accepts Polk's Resignation

## President Accepts Polk's Resignation

WASHINGTON, June 4.—Frank L. Polk today resigned as under-secretary of state and his resignation was accepted by President Wilson.

Mr. Polk's resignation will take effect June 15, when he will leave Washington to take a rest before returning to the practice of law in New York City. His successor has not yet been selected, but the name of Norman H. Davis, of Tullahoma, Tenn., now an assistant secretary of the treasury, has been prominently mentioned in connection with the office.

The under-secretary's letter of resignation was not made public, but the president's reply was given out, said:

"My Dear Polk: "The argument of necessity on account of health in the matter of your retirement is one which I am stopped from answering or even considering. It is a matter of conscience and a friendship no choice but to accept your resignation, though I do so with utmost reluctance, and wish again to express the admiration I have felt for the devoted and intelligent way in which you have performed your duty in the department. We shall all miss you very sadly, and the public service will be poorer for the loss of your life. With the warmest good wishes, "Cordially and faithfully yours, "WOODROW WILSON.

dangerous lie is the report received today from the Lowell General Hospital that St. John's hospital relative to the boy who was struck by an electric car; Alfred Lacourse as a result of an accident at the mill in North Chelmsford had his arm amputated, and Gordon Hurd, Amherst student, who fell from a tree at the School street crossing. Hurd and Lacourse are at St. John's hospital, while Hurd is at the Lowell hospital.

## COAL DEALERS AND THE RAILROAD

With local dealers protesting that they are unable to purchase or receive sufficient coal to meet all demands.

will be coal enough at hand this summer to take care of next winter's supply. For the present, no industry follows the season of unemployment.

Just this minute and for the past days, little or no coal, either hard or soft, has rolled into the city, but B & M. men say this is but a temporary lull, re-occurring at intervals some time.

Everyone interested in the delivery and sale of coal feels that the situation will show signs of improvement before long. This, they attribute to the release of all Boston & Maine's bargoes at the system's gateways June 4. It was not believed that

live and immediate reaction would be apparent, and such has been the case, but with a few more days in w

to allow the market to adjust itself. It is felt that coal will come through easier and in larger quantities than any time since last fall.

Up to within about 10 days ago Lowell yards held a large number of empty coal cars, but all of these

new mack at the mines and the officials do not anticipate any hold-ups of this nature. The accident here was general throughout the system, due in a large measure to congestion on New York Central line.

## ARE STILL ON THE DANGEROUS L

Resting comfortably but still on dangerous list is the report received today from the Lowell General St. John's hospital relative to W. McCadden, the boy who was struck by an electric car; Alfred Lacourse as a result of an accident at the mill in North Chelmsford had his arm amputated, and Gordon Hurd, Amherst student, who fell from a at the School street crossing. McCadden and Lacourse are at St. John's hospital, while Hurd is at the Lowell hospital.

## LAWRENCE MFG. CO. HAS LEAGUE UNDER WAY

The Lawrence Mfg. Co. baseball league has opened its second season with four teams in the fight for honors. All games will be played on the company's park in Alston street, and a double bill is on the card for tomorrow. The league officers this year are: President, Victor Sherrburn; vice president, Thomas Senior; secretary, L. B. Sewall; treasurer, Frank Green. The board of directors includes Guy C. Hunt, Herbert Bell and Fred Swindell. Probably no football or basketball game has been played in the city for so long. The Lawrence Mfg. Co. has been laid out in Alston street, with a baseball diamond and adequate grandstand. It will be remembered that the corporation recently closed a successful bowling season and now all the baseball league officials last year's successes.

### when the Liberty Square club defeated the Broadway club, winning the second game in the series.

The Broadway club presented a big league aggregation when the umpire called the game, but the Liberty Square boys did not entertain any fears as to the final results. They allowed the Broadway club, again captained by "Tommy" Smith, to pile up a lead of four runs and then, in the fifth inning, decided to go "lightning" and only tied the score in this inning, but put themselves three runs in the lead. "Tommy" Smith, feeling defeat staring him in the face and realizing that the Liberty Square boys had gone on a batting rampage, did what about all defeated captains and teams do—objected strenuously to a decision of the umpire—so he called for the Liberty Square boys to call him a better team than the Broadway boys would like very much to hear from Mr. Knickerbocker to a game for next Sunday, June 6, on the North common. No objection to the players in may see fit to use. Speak up!

### AMERICAN COLFERS

#### IN PRACTICE GAME

CROFTON, England, June 4.—The American professional golfers, Walter Hagen and Jim Barnes, who will compete in the English open golf championship, had their first regular practice on the Addington course here yesterday. The four-ball matches were played in which Barnes paired with Ross, the English professional, and Hagen and McGrooms of the Oxford-Cambridge Golfing society as a partner.

### TODAY'S YACHT RACE OFF

NEWPORT, R. I., June 4.—Owing to the inability of Resolute to effect complete repairs at her anchorage in this port, the race with Vanitie today was called off and the former was towed to the Horseshoe yard at Bristol. Conditions today for a triangular contest were unusually favorable, and there was considerable regret when the race was finally postponed.

## AMATEUR BASEBALL

The Pierce A.A. would like to play with the Lowell A.A. on the North common Saturday afternoon.

The West Ends have defeated the Belvideres and the Matthews and would like to play either the Knickerbockers or Pitt's South Ends. Reply through this paper.

The Wanderers are anxious to hook up with the Lawrence A.A. at an early date. Manager Lowrey of the latter club may meet the manager of the Wanderers in Hudson Road any evening to make arrangements.

The Merrimack Stars want games with 13 teams in the Belvidere, Tigers or Oakland Warriors preferred.

The Young Americans would like a game with any 10 or 12-year-old team in the city. Phone 2238 or reply through this paper.

### BOWLING TOURNEY

#### CLOSES TOMORROW

The big handicap bowling tournament which has been in progress at the Crescent alleys for seven weeks will close tomorrow night and prizes for the final week will be awarded at the close of the bowling. The tourney has been one of the most successful in the history of local bowling and some scores that are likely to stand for some time have been set.

### INDIA ATHLETES TO COMPETE

### LEGAL NOTICES

Commonwealth of Massachusetts—Middlesex.

At a Probate Court held at Cambridge, in and for said County of Middlesex, on the second day of June, 1920, the year of our Lord one thousand nine hundred and twenty.

On the petition of Frank Xavier Deslaurier of Lowell, in said County, praying that his name be changed to that of Frank Xavier Deslaurier, public notice having been given, according to the order of Court, that all persons might appear and show cause, if any, why the name should not be changed, and it appearing that the reason given is sufficient, and consistent with the public interest, and being satisfactory to the Court, and no objection being made:

It is decreed that his name be changed, as prayed for, to that of Frank Xavier Deslaurier, which name he shall hereafter bear, and which shall be his legal name, and that he give public notice of said change by publishing this decree once in each week for three successive weeks, in the Lowell Sun, a newspaper published in Lowell, and make return to this Court under oath that such notice has been given.

JOHN T. GOSWICK, Judge of Probate Court.

## WRESTLING BOUTS

### HERE TONIGHT

The Masked Marvel and Eugene Trembley, champion lightweight wrestler, will meet on the mat at the Crescent rink tonight. If Trembley wins, and he is confident of victory, he will demand that the masked one remove his "black hat" and reveal his identity. That is the unknown man's proposition and Trembley will insist that he carry it out.

### BIG TRACK MEET

#### AT ANN ARBOR

ANN ARBOR, Mich., June 4.—Track and field athletes, representing 24 universities and colleges, are in Ann Arbor to contest for the western conference intercollegiate championship today and Saturday. Preliminaries in the field events and in the quarter and half mile runs, are to be held this afternoon, beginning at 2 o'clock in the afternoon. The 200-yard dash will be the first event, in which the University of Michigan's stadium will be the scene. In all events, will be run Saturday.

### GOING TO THE OLYMPIC GAMES

Word was received at the local navy recruiting station this morning that the U.S.S. Frederick will sail from Newport, R. I., about July 15, 1920, for Antwerp, to be present at the Olympic games. The crew of this vessel will be composed largely of naval reservists. The officers and men from the first naval district will be aboard the U.S.S. Frederick at Newport on July 24 and the cruise will be completed upon the return of the Frederick to the United States about Sept. 25, 1920, at which time all naval reservists will be released from their active duty and given passage to their homes. The cruise will count as sea duty for those seeking confirmation and for those confirmed officers and men who are maintaining efficiency. Those who wish to participate in this cruise must send a written request to the commanding officer of the first naval district. The following is the quota, not to be exceeded, which is allowed to the first naval district:

One lieutenant commander, 1 lieutenant (LDO); 1 lieutenant (EDO); 2 lieutenants (JG) (LDO); 2 ensigns; 12 boatswains' mates or coxswains; 5 gunner's mates (G); 3 gunner's mates (T); 1 turret captain; 3 quartermasters; 80 seamen; 4 electricians; 1 electrician (R); 1 carpenter's mate or shipwright; 2 shipstoppers; 1 storekeeper; 1 painter; 2 chief machinists' mates; 6 machinists' mates; 5 engine men; 5 water tenders; 1 blacksmith; 1 cooper; 10 firemen; 4 yeomen; 1 pharmacist's mate. No chief petty officers are to be accepted for this cruise except as noted above.

Paul Gillespie of 417 Essex street, Lawrence, was enlisted through the local office this morning as an apprentice seaman for a musician.

### MEMBERSHIP MEETING

#### AND DINNER PLANNED

Plans are being formulated for a membership meeting and dinner to be held by the chamber of commerce on the evening of June 22, in Memorial hall for the purpose of bringing the entire membership together at one time and informally present reports of what has been accomplished through various committees; what is in process and whatever may be contemplated for the immediate future.

Dinner probably will be served at 6:30 o'clock, but the time will be definitely announced a little later in a personal letter to each member. Arrangements for a speaker on that evening point toward the securing of a man who has spoken in this city on another occasion and who was heard with a great deal of interest, but as his final acceptance has not yet been received, absolute announcement will be withheld for a day or two.
